

LOCAL FOOD HYGIENE TRAINING PROVIDERS

The law requires all food handlers to be instructed or trained in food hygiene to a level which is appropriate to their work. Food hygiene training qualifications are accredited by organisations including: the Chartered Institute of Environmental Health; the Royal Society for Public Health; and the Society of Food Hygiene & Technology

These food hygiene training providers details are provided for information only. Southampton City Councils makes no endorsement of these providers. Any enquiries about the courses available should be addressed to the training provider directly.
