

Silver Standard Annual Pest Control Contract Package

The Silver service provides standard cover for rodent (rats & mice) pests. The service includes:

- A site visit and personal consultation with a (British Pest Control Association Certificate) qualified pest control officer, who can provide comprehensive advice on all aspects of pest control, including drain surveys smoke tests, dye tests and protective proofing measures for a variety of pests. Where additional works are required then the pest control officer will provide a free assessment and quotation.
- Eight scheduled visits per annum
- Up to an additional three requested visits per annum to respond to unforeseen pest activity
- Internal and/or external inspections
- Up to ten rat bait stations* and ten mouse bait stations. (baits included in price)
- Written survey reports provided at the end of each visit
- Complete safety data sheets for any substances used on site
- Site specific risk assessments and a breakdown of any control measures we have implemented.

* All bait stations provided are of solid plastic construction, and are locked to prevent accidental access. Such bait stations are suitable for secure areas where access by members of the public is not a concern. For open areas and locations where there is a greater need for security, as identified by a site survey and risk assessment, securely fixed armoured bait stations are available at cost price and fitting. A list of costs can be found on the price sheet included in the pack.
