

TEMPORARY SUSPENSION/RELOCATION OF THE TAXI RANK

As part of the major improvement works currently taking place at Central Station south side it is necessary to suspend the current taxi rank and temporarily relocate it. This is to allow the improvements to the forecourt to be completed.

The suspension will be enforced from 6/2/12 for a period of 10 weeks and must be observed by all taxi drivers.

We apologise for any inconvenience caused but this is the only solution to ensure that buses and taxi' could still serve the station whilst the works are taking place.

These arrangements ensure that buses can make the turn at the east end of the car park.
