

## Southampton & Eastleigh Building Control Partnership

### Charges for Building Regulation Applications Applicable from 1<sup>st</sup> April 2021

#### Domestic Extensions and Alterations

The charges for building regulation work are required to cover the cost of providing the service.

There are two methods of establishing the charge for building works:

1. Standard charges
2. Individually determined charges

The standard charges for domestic extensions and alterations are listed in the tables below. If the charge for your building regulation work is not listed as a standard charge it will be individually determined.

#### Application Types

Charges for Building Regulation Applications depend on the category of work you are carrying out and the type of application deposited.

**Full Plans Applications** – where detailed drawings are being deposited the plan charge plus VAT will be payable. The inspection charge will be invoiced after the first site inspection.

**Building Notice Applications** – this is an alternative option to submitting a Full Plans application. If you are making this type of application the full Building Notice Charge plus VAT must be made at plan deposit stage.

**Regularisation Applications** – work carried out without permission attracts a charge equal to 140% of the corresponding Building Notice Net Charge. VAT is not applicable to this type of application. **Example: £334.17 net Building Notice charge + 40% = £467.83**

**Payment Details** –When submitting via [www.submitaplan.com](http://www.submitaplan.com) on line payment may be made after submission, on receipt of a payment link, sent via email. Invoices may be paid online, details of payment methods listed on the Invoice.

**Reduction in Plan Charges**

- Repetitive work may attract a reduction of 25%
- Multiple type of alterations – where for example a loft conversion is carried out at the same time as a single storey extension a 50% reduction of the lower application charge will be given.

**Exemption from Charges** – works provided for the sole purpose of providing access, accommodation or facilities for disabled persons relating to dwellings and public buildings do not require any application charge.

**TABLE B (Part 1)**  
**Domestic Extensions to a single building**

VAT is calculated at a rate of 20% (VAT is not payable on a Regularisation Charge)

SINGLE STOREY EXTENSIONS							
Category	Description	Full Plans Plan Charge (payment with application)		Full Plans Inspection Charge (invoiced after commencement)		Building Notice Charge (payment with application)	
		Net	Total inc VAT	Net	Total Inc VAT	Net	Total inc VAT
1	Single Storey Extension floor area not exceeding 10m <sup>2</sup>	105.83	127.00	228.33	274.00	334.17	401.00
2	Single Storey Extension floor area exceeding 10m <sup>2</sup> but not exceeding 40m <sup>2</sup>	156.67	188.00	354.17	425.00	510.83	613.00
3	Single Storey Extension floor area exceeding 40m <sup>2</sup> .  This work category will be individually determined please contact the building control office for a quote		Contact Building Control for a Quote		Contact Building Control for a Quote		Contact Building Control for a Quote
TWO STOREY EXTENSIONS

	Per 11 and over window and door installations	35.00	42.00	136.67	164.00	171.67	206.00

## **IMPORTANT NOTES**

These charges have been set by the authority on the basis that the building work does not consist of, or include, innovative or high risk construction techniques and/or the duration of the building work from commencement to completion does not exceed 12 months. A charge of £50.00 plus VAT may be levied for administering a project where work has ceased on site and when the project has been placed on the councils archiving system.

The charges have also been set on the basis that the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work. If they are not, the work may incur supplementary charges.

## **INDIVIDUALLY DETERMINED CHARGES**

If the work you are carrying out is not listed as a standard charge, the charge will be individually determined.

This method of determining the charge mainly relates to larger schemes and includes the following types of building work:

1. Single storey extensions with a floor area exceeding 40m<sup>2</sup>.
2. Two storey extensions with a floor area exceeding 40m<sup>2</sup>.
3. Attached or detached garages with a floor area exceeding 100m<sup>2</sup>.
4. Domestic alterations where the estimated cost of the building work exceeds £50,000.
5. Any other work not described in the Schedule of Fixed Charges.
6. A reversion charge for all project types.

If your building work is defined as requiring individual assessment of a charge you should contact the following:

Neil Ferris, Building Control Partnership Manager on 023 8083 2781, Tony Parkin, Principal Building Control Surveyor on 07810 558127 or Ashley Morgan, Principal Building Control Surveyor on 07810 558135 who will advise on the appropriate level of charge. Alternatively email: [neil.ferris@southampton.gov.uk](mailto:neil.ferris@southampton.gov.uk) or [building.control@southampton.gov.uk](mailto:building.control@southampton.gov.uk)
