QUESTION 19 – ADDITIONAL INFORMATION

SOUTHAMPTON CITY COUNCIL
APPLICATION FOR A PROVISIONAL STATEMENT BY
ASPERS UNIVERSAL LIMITED

Introduction

Aspers Group Limited is a British company which is a joint venture between the Aspinall family and Crown Limited, the leading Australian based international gaming operator. The Aspinall family have been involved in operating casinos in the UK for over forty years. Indeed, the late John Aspinall, father of Damian Aspinall, the current Chairman and Chief Executive of Aspers, opened the first licensed casino in the UK in 1962. Crown Limited operates, or has significant interests in, major casino leisure and entertainment destinations in Australia, Macau, Canada and the US.

Aspers currently has four operational casinos:

- (i) Aspers Casino, Westfield Stratford City, London;
- (ii) The Casino, Xscape MK, Milton Keynes;
- (iii) Aspers Casino, The Gate, Newcastle; and
- (iv) Aspers Casino, Northampton.

The casinos in London and Milton Keynes are the first and only Large Casinos to be operational in the UK, opening in 2011 and 2013 respectively.

Aspers has a proven track record of successful operation in the UK. Its strategy is to locate Aspers casinos within prime leisure and entertainment areas to facilitate the natural synergy between its venues and other popular, mainstream leisure and entertainment offerings.

Aspers has a national reputation as a leading responsible gaming operator. The company prides itself on its approach to social responsibility, the ethos of which is embedded throughout its operations. The key features of Aspers' approach to social responsibility are outlined below, followed by a copy of its Gambling and Social Responsibility Code of Practice.

Aspers Approach to Social Responsibility

Proof of Age Schemes

Aspers operates a 'Challenge 21' policy. Aspers controls all customer entrances to its premises with fully trained in-house SIA licensed door supervisors.

Anyone who appears under the age of 21 is required to produce photographic identification bearing their photograph, date of birth and a holographic mark and is refused entry without proof of age. No person under the age of 18 is ever permitted entry to Aspers premises.

CCTV

Aspers casinos operational standards require that each of its casinos has a comprehensive integrated digital CCTV system in operation 24 hours a day, 365 days a year. The CCTV installation is a high specification comprising both fixed and pan tilt zoom cameras recorded at 25 frames a second in 4 CIF with synchronised audio recording in cash and other vulnerable areas. The system is maintained under a maintenance contract and operated by professional surveillance staff and management in compliance with the Data Protection Act 1998 and the CCTV Code of Practice issued by the Data Commissioner.

CCTV covers all entrances and exits from the casino premises, cash areas, gambling areas, bar and restaurant areas and back of house areas.

Supervision of Entrances and Machine Areas

The entire security team is comprised of staff employed by Aspers; contractors are not used in this field. Surveillance staff are licensed by the Gambling Commission as required and the whole security team is trained to a high standard in entry control, incident management, first aid and their duties under the Licensing Act 2003, Gambling Act 2005, the Gambling Commission's "Licence Conditions and Codes of Practice" as well as all relevant Aspers policies and procedures. The team is trained to recognise people who have previously self excluded and individuals who have been excluded for their conduct or for reasons of law enforcement.

Aspers also has staff trained in the supervision of machine areas, rest areas and non-gambling areas. All staff are trained in Aspers' "Responsible Gambling" policy.

Physical Separation of Areas

Aspers will provide a separate room for customers to take a break or for quiet contemplation. This quiet room will be free from gambling to allow customers an area to remove themselves entirely from seeing or hearing gambling activity. There will also be the facility to telephone the national helpline, access an online counselling facility and contact face-to-face counselling services including GamCare. Leaflets with contact addresses and telephone numbers will be prominently displayed within this room.

Notices/Signage and Provision of Information

Aspers is committed to ensuring that young and vulnerable persons are protected from being harmed or exploited by gambling and to promoting safe and responsible gambling practices on its premises.

A notice stating that no person under the age of 18 years is permitted to enter the premises shall be displayed in a prominent place at every entrance to the premises.

Both passive and active initiatives are used to raise customers' awareness to the issue of problem gambling, to reduce the risks of out-of-control gambling on the premises and to develop a culture of awareness amongst employees.

Responsible gambling leaflets and posters are displayed at prominent and discreet locations throughout the premises, offering confidential problem gambling help and providing information on self-exclusion and treatment services.

Where appropriate responsible gambling leaflets will be available in a foreign language.

The phone number of a gambling helpline is displayed on all ATMs and all gaming machines. Advertising and Marketing Codes for responsible gambling advertising are adhered to.

"How to play" leaflets detailing the rules of the games, house edge and guide to equal chance games are available and on display throughout the gambling areas.

Casino Rules are displayed and are also available on the web-site.

Self-Exclusion Scheme

Aspers operates a self-exclusion programme whereby customers can ask that they be excluded from the casino for a pre-determined and substantial period.

Details of this are displayed on leaflets/posters throughout the casino and all gaming and reception staff are familiar with the scheme.

The self-exclusion period is a minimum of six months and we give the customer the option of extending this to a total of at least five years. Customers who enter into a self-exclusion agreement are given the opportunity to do so immediately without any cooling-off period.

Aspers removes the name and details of a self-excluded individual from any marketing database within 48 hours of receiving the completed self-exclusion notification.

At the end of the period chosen by the customer the self-exclusion remains in place, unless the customer takes positive action in order to gamble again.

Before any self-exclusion can be lifted the customer is required by Aspers to discuss their situation with the General Manager. If it is agreed to lift the exclusion, the customer is given one day to cool off before being allowed access to gambling facilities.
