

SUMMARY OF REVENUE BIDS

Portfolio Ref	Service Activity	Description of Item	Impact / Issues	Recurring or One Off (R or O)	2009/10 £000's	2010/11 £000's	2011/12 £000's	Head of Service
<u>Children's Services Portfolio</u>								
CS 1	Children in Care	Foster Care Remuneration	Payments to Foster Carers are made on the basis of three tiers of fees to reflect their level of qualification and training. More high level, Level 3 Carers are required to accommodate the most challenging children and young people in care. This will further reduce our reliance on Independent Fostering Agencies. Level 3 fees are approximately half the cost of an IFA placement, so this is the most cost effective approach.	R	50	185	185	Ruth Chiva
CS 2	Children in Need	Local Safeguarding Children's Board	The training element of the LSCB Business Manager's post is now to be provided separately and this pressure represents the Council's 60% contribution to multi-agency child protection training costs for all statutory and voluntary providers of Children's Services in the city.	R	18	18	18	Ruth Chiva
CS 3	Children in Care	Family Support / Performance Management	White Paper items - Enhanced mental health provision for children in care / Extending the role and duties of independent reviewing officers / Direct employment of care leavers	R	85	85	85	Ruth Chiva
Children's Services Portfolio Total					153	288	288	
<u>Environment & Transport Portfolio</u>								
E&T 1	Highways	Land Drainage Issues	To better manage our flood defences it is critical that we carry out a full survey of the land drainage network owned by the council. This work is Health & Safety related and required so that we can more adequately maintain the network by identifying gaps, risk and better plan the future management strategy for land drainage.	O	100			Mick Bishop
E&T Lib Dem 2	Sustainability	Reinstate funding for sustainability forum	Continued support to the sustainability agenda within the City	R	25	25	25	Mick Bishop
Environment & Transport Portfolio Total					125	25	25
