Subject: Talking Heads application for extended hours

Dear Licensing Team

I wish to object to the application by the Talking Heads Public House, 320 Portswood Road Southampton SO17 2TD, for an extension of hours for live music and the serving of alcohol.

The reasons for my objection are twofold:

1) Clients of the Talking Heads are very noisy at closing time and cause disturbance as they pass the property I live in, I don't wish this to extend to 1am and 3am.

2) The Talking Heads does not exercise the care it should do in regards to controlling noise when it puts on musical events, they are at time extremely loud. Again, I would not like to this disturbance to continue into the early hours.

I would also like to draw your attention to the change in the area in recent years to one that is now much more residential in character, albeit with a large rental sector, than when the Talking Heads enjoyed its best years....

Kind regards

Gary Hollands

Dear Licensing Team

I wish to object to the application by the Talking Heads Public House, 320 Portswood Road Southampton SO17 2TD, for an extension of hours for live music and the serving of alcohol.

The reasons for my objection are :

1) Clients of the Talking Heads are very noisy at closing time and cause disturbance as they pass the property I live in, I don't wish this to extend to 1am and 3am. I am a working man and i can often hear the bass from t it's been still very loud at 12-1pm at the weekend, several times I've conside

2) The Talking Heads does not give a toss about upsetting the neighbors when the musical events are way louder than they should be in a built up area, they extremely loud. Again, I would not like to this disturbance to continue into the early hours. Also the foot traffic out side would lead to more fighti

I would also like to draw your attention to the change in the area in recent years to one that is now much more residential in character, albeit with a large rental area....i live just up the road and i have suffered If the heads is going down this road then they will ruin the neighborhood. you

Subject: Talking Heads extended license application

Dear Licensing Team

I wish to object to the application by the Talking Heads Public House,
320 Portswood Road Southampton SO17 2TD, for an extension of hours
for live music and the serving of alcohol.

I would like to object on the following points:

1) The Talking Heads is very noisy at closing time and its patrons cause disturbance as they pass the property I live in, I don't wish this to extend to 1am and 3am.

2) The noise levels are often intolerable when The Talking Heads puts on musical events. Again, In my view it would be most unreasonable to extend this any further.

3) They take the clients from "The Brook" after it closes. Why does The Talking heads not have similar hours to the Brook.

4) There should be a cut off time for entry as they are a magnet for people when the pubs close. These people have already probably had enough alcohol already.

5) Artists and acts should be made to use the in house PA as the noise levels become intolerable especially when DJ's are allowed to use their own kit.

6) There are many more close neighbours making this immediate area much more residential. Opening times should therefore be set with sensitivity to this issue.

Kind regards
