<b>Compensation</b>	We will always charge where the rules allow but you must follow CRAG for capital inclusions. You don't have to follow CRAG for income, so we will always charge on income from disregarded capital.	We are looking into developing a policy re personal injury claims and future awards re care	Take any interest from the compensation as income but disregard the capital amount. Do not allow the customer to claim DRE as the compensation money would	Have consulted on this and now take compensation into account where lawful to do so.	Depends on how held – check CRAG. Not had one yet.	Underlying issue is what is not to do with the accident, the council picks up this cost the rest is made up of the compensation award. The compensation award is	Yes – not experienced in few years	Currently, we disregard compensation	Depends on how the compensation award & what level of award is for care and what element of the support package is for the care award, which is than calculated against the care package, in terms of what element of the care would be

<b>Good practice</b>			With the move to direct payments, it is important that Visiting Officers do not include expenditure which is being used from the direct payments i.e. respite care. On review, the VO should be asking about DRE to ensure it was not used from direct payments.	FAB visits are initially booked a.m. or p.m. by an Admin team and confirmed day before visit
