

# Help to get online for FREE

There are lots of places across the city where you can learn how to use a computer and surf the internet for **FREE**.

Check out the listings below for locations near you. Complete listings of internet access points in Southampton can be found online at <https://bit.ly/TFdOgr>

Hundreds of shops, pubs and cafes across the city provide free Wi-Fi for customers with laptops and smart phones – just ask their staff for a code to log on.

**REMEMBER** that if you use your mobile phone to surf the net you may have to pay expensive data charges so check what the costs are with your phone provider.
