STATEMENT OF CONFIDENTIALITY
N/A

BRIEF SUMMARY

The demand for places at Springwell Special School is greater than the number of places the school can offer in 2014/15. Following consultation by the school and the Local Authority, this paper is seeking approval to expand the school.

RECOMMENDATIONS:

- (i) To note the outcome of statutory consultation as set out in this report.
- (ii) To authorise the increase in pupil numbers at Springwell School (Community Special School) from the 1 September 2014 by the addition of 16 places.
- (iii) To delegate authority to the People Director, following consultation with the Cabinet Member for Education & Change, to do anything necessary to give effect to the recommendations in this report.

REASONS FOR REPORT RECOMMENDATIONS

1. The number of students that require a place at Springwell School is greater than the number of places that will be available in 2014/15. Springwell is the only school that can suitably support the needs of these students. The additional 16 places in 2014/15 would allow the Local Authority to meet its statutory duty of providing a school place to all young people that require one.

ALTERNATIVE OPTIONS CONSIDERED AND REJECTED

2. The Council could decide not to increase pupil numbers at the school but this would mean it wouldn't be able to offer a school place to all those who require one. The Local Authority would not meet the requirements of the Special Education Needs test or the duty to provide sufficient places suitable for the needs of children with identified Special Educational Needs (SEN) requirements.

DETAIL (Including consultation carried out)

3. Four weeks of consultation on the proposal to expand the school ran from 2 June 2014 until 30 June 2014, following the publication of a statutory notice in the Daily Echo on 2 June 2014 and at the school's main entrances. Key stakeholders (headteachers, SCC education staff, local councillors, local MPs, trade union representatives and the Roman Catholic and Church of England Dioceses) were notified of the proposals via email. A webpage with full details of the proposal, including a copy of the formal statutory notice, was published on the Southampton City Council website on 2 June 2014. There were no formal responses to the consultation.
4. **Special Educational Needs (SEN) Improvement Test**
When proposing any reorganisation of SEN provision, the Local Authority must demonstrate how the proposals are likely to lead to improvements in the standard, quality and/or range of educational provision for children with special educational needs.
5. To this end, the Local Authority provides the following information (which was included in the consultation documentation) to highlight details of the specific educational benefits that will flow from the proposals.
 - a. The additional places will provide a greater number of children with access to the specialist education available at the school.
 - b. The additional places will provide a greater number of children with access to the specialist staff, both education and other professionals, that work at the school.
 - c. Additional accommodation at mainstream schools will be used to accommodate the additional students.
 - d. This proposal would result in additional places being available in the City, thus meeting the demands of those children with Special Educational Needs.
6. Local Authorities are also required to provide the following:
 - a. All headteachers in the city were notified of the consultation via email.
 - b. The Local Authority is committed to delivering a proposal to increase appropriate SEN provision in order to accommodate those children that require SEN support. These children have been assessed and it is clear that their needs can best be served at Springwell.
 - c. The current transport and admission arrangements for the children will continue to apply. Additional transport may be required for students to travel from the existing site in Hinkler Road to the proposed site.
7. The proposal will drive up education standards and attainment for children with SEN by enabling a greater number of students to access the educational support that they need. It will also allow a greater number of those students that have a preference to attend Springwell to do so.

RESOURCE IMPLICATIONS

Capital/Revenue

8. The additional places commissioned from Springwell school will be paid for from the High Needs budget funded from the Dedicated Schools Grant. Additional transport costs are estimated to be £33,000 in 2014/15 and will be funded from the Education and Change portfolio budget.
9. The capital costs of accommodating the increase in pupil numbers at the school are estimated to be £70,000. This will be funded from the Education and Change portfolio budget.

Property/Other

10. The additional accommodation will be created by using vacant space at Bassett Green Primary School.

LEGAL IMPLICATIONS

Statutory power to undertake proposals in the report:

11. Local Authorities have a statutory duty under s.14 of the Education Act 1996 to secure sufficient high quality places for children and young people with SEN. Local Authorities must also ensure that there are sufficient schools in their area and promote diversity and parental preference.
12. Alterations, changes, creation or removal of SEN provision across the city is subject to the statutory processes contained in the School Standards & Framework Act 1998 as amended by the Education & Inspections Act 2006. Proposals for change are required to follow the processes set out in the School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2013. Statutory Guidance on bringing forward proposals entitled "School Organisation-Maintained School. Guidance for Proposers and decision makers" applies, which requires publication of statutory notices followed by a prescribed representation period which must take part predominantly within school term time to meet the requirements of full, open, fair and accessible consultation with those most likely to be affected (pupils, parents and staff often being on vacation or otherwise unavailable during school holiday periods). Any representations made during this period must be considered by Cabinet who are responsible for determining whether or not to approve the proposals as advertised. Minor modifications and / or statutory conditions can be applied to proposals in limited prescribed circumstances but are not proposed in this case.

Other Legal Implications:

13. In bringing forward School Organisation proposals the Council must have regard to the need to consult the community and users, the statutory duty to improve standards and access to educational opportunities, the statutory special educational needs improvement test, observe the rules of natural justice, the provisions of the Human Rights Act 1998, article 2 of the First Protocol (right to education) and the Equalities Act 2010. The Council is satisfied the proposals in this report fully conform to the legislative framework and are necessary to meet a pressing social need in the local authority area.

POLICY FRAMEWORK IMPLICATIONS

14. This proposal is in line with Southampton’s School Organisation Plan and the Special Educational Needs (SEN) Strategy.

KEY DECISION? Yes

WARDS/COMMUNITIES AFFECTED:	ALL (SEN pupils attend the school from across the City).
