BRIEF SUMMARY			
<p>For the third meeting of the Making Southampton a Dementia Friendly City Inquiry a number of invited experts will provide an outline of the services that are commissioned and the contribution that they currently make towards making Southampton a dementia friendly city. They will provide detail of any gaps that they are currently aware of from best practice, and provide recommendations of where, as a city, we should be doing more and/or doing things differently.</p> <p>As described in the introduction meeting, the work and priorities are aligned to the existing framework in place: Alzheimer’s Society building dementia-friendly communities: a priority for everyone. The following area from the framework will form the basis of the third meeting.</p> <ul style="list-style-type: none"> • Community based solutions – support people with dementia in whatever care setting they live, from maintaining independence in their own home to inclusive, high quality care homes. Community based solutions to housing can prevent people from unnecessarily accessing healthcare and support people to live longer in their own homes.
