Legal Implications

1. The legislation specifically restricts the grounds on which the sub-committee may refuse an application for a premises licence, or impose conditions. The legislation provides for a presumption of grant of a premises licence, subject to the determination of the application with a view to promoting the licensing objectives in the overall interests of the local community. In doing so the sub-committee must give appropriate weight to:
 - the steps that are appropriate to promote the licensing objectives;
 - the representations (including supporting information) presented by all the parties;
 - its own statement of licensing policy
 - the Statutory Guidance
2. An application may be refused in part and thereby only permit some of the licensable activities sought.
3. An applicant for the grant of a premises licence whose application has been refused, or who is aggrieved by conditions imposed, may appeal against the decision to the Magistrates' Court. Any other person, who made a valid representation, may appeal to the magistrates' Court against the decision to grant of the application or against any conditions imposed.
4. In considering this application the sub-committee will sit in a quasi-judicial capacity and is thus obliged to consider the application in accordance, in particular, with both the Licensing Act 2003 (Hearings) Regulations 2005 (as amended) and the rules of natural justice. The practical effect of this is that the sub-committee must make its decision based on evidence submitted in accordance with the legislation and give adequate reasons for reaching its decision.
5. The sub-committee must also have regard to:
 - *The Crime and Disorder Act 1998*
Section 17 of the Crime and Disorder Act 1998 places the sub-committee under a duty to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area.
 - *The Human Rights Act 1998*
The Act requires UK legislation to be interpreted in a manner consistent with the European Convention on Human Rights. It is unlawful for the sub-committee to act in a way that is incompatible (or fail to act in a way that is compatible) with the rights protected by the Act. Any action undertaken by the sub-committee that could have an effect upon another person's Human Rights must be taken having regard to the

principle of proportionality - the need to balance the rights of the individual with the rights of the community as a whole. Any action taken by the sub-committee which affect another's rights must be no more onerous than is necessary in a democratic society. The matters set out in this report must be considered in light of the above obligations.

6. Copies of the application for a premises licence and the representations to it are annexed to this report.

Summary of application

Applicant	Miss Danielle Bull
Designated Premises Supervisor	Miss Danielle Bull

The applicant proposes to operate an on demand drinks and snacks delivery service via online orders and telephone orders between the hours of 09:00 to Midnight 7 days a week. The public will not be allowed on the premises at any time.

The applicant had taken advice from Hampshire Constabulary licensing unit prior to submitting the application to the licensing authority and had agreed to include the following conditions on her application form.

Operating Schedule

Deliveries

Deliveries will only take place to a dwelling or place of work with a recognised postal address, including post code.

Delivery drivers will carry a maximum of £20 in change when on a delivery.

All customers will receive a phone call, to a number supplied by them, before the order is delivered to prevent deliveries to a wrong address/person.

Alcohol will only be delivered or handed to the person who placed the order and who are 18 years of age or over. Identification will need to be shown on every occasion to confirm the age of the recipient. Accepted forms of identification will be passport, photo driving licence or Proof of Age Standards Scheme (PASS) approved ID. If there is no ID then no sale will take place.

A record will be made on the order and delivery docket of:

- the name of the customer
- Age
- Confirmation of the ID to be produced
- ID Identification number
- Address for delivery
- Contact phone number
- Method of payment
- Date and time of delivery

This record shall be maintained and shall be produced to Police upon request back dating to a period of no less than six months. These records will remain on the premises at all times and available for inspection by Hampshire Constabulary immediately on request.

The details of any identification that is produced by persons receiving alcohol will be recorded. This record will be produced to Police Officers or Licensing Officers upon request back dating to a period of no less than 6 months.

An incident/refusals book will be maintained in which would be recorded any incidents where underage or drunk customers are refused alcohol sales and deliveries and any other incidents of note that may occur.

No delivery will be completed where the purchaser appears to be under the influence of drink or drugs.

Training-

Staff, including delivery drivers, will be trained regarding appropriate precautions to prevent the sale of alcohol to persons under the age of 18, the signs and symptoms of drunk persons and the refusal of sale due to intoxication. Records will be kept of such training which must be signed and dated by the member of staff who has received that training.

All staff will receive refresher training every six months as a minimum and records are to be kept of this refresher training which should be signed and dated by the member of staff who received that training.

In addition to their training a written test related to the training given will be conducted before the staff member is permitted to sell or authorise alcohol. The test will consist of a minimum of ten questions of which the pass rate is 80%. Anyone who fails to reach the prescribed pass rate will be retrained and re-tested. Anyone not attaining the pass rate will not be permitted to sell or authorise the sale of alcohol until the pass rate is attained. There will be a minimum of two sets of questions to be used in the training which will be rotated upon each subsequent six month training session.

All training records will be made immediately available for inspection by Hampshire Constabulary and any responsible Authority upon request. Training records will be kept for a minimum period of two years. Training records will be kept on the licensed premises to which they relate to.

Challenge 25

There will be a Challenge 25 policy operating at the premises. Challenge 25 means that the holder of the premises licence shall ensure that every individual, who visually appears to be under 25 years of age and is seeking to purchase or be supplied with alcohol at the premises or from the premises, shall produce identification proving that individual to be 18 years of age or older.

Acceptable identification for the purposes of age verification will include a driving licence, passport or photographic identification bearing the "PASS" logo and the person's date of birth.

If the person seeking alcohol is unable to produce acceptable means of identification, no sale or supply of alcohol will be made to or for that person.

'Challenge 25' posters shall be displayed in prominent positions at the premises.

Incident book

An incident book will be provided and maintained at the premises. It will remain on the premises at all times and will be available to police for inspection upon request.

Any incidents that include physical altercation or disorder, injury or id seizure will be recorded in the incident book. The entry is to include an account of the incident and the identity of all person(s) involved (or descriptions of those involved if identity is not known). Should there be any physical interaction by members of staff and the public the entry will include what physical action occurred between each party. The entry shall be timed, dated and signed by the author.

If the member of staff creating the entry has difficulties reading or writing then the entry may be written by another staff member. This should however be read back to the person creating the entry and counter signed by the person who wrote the entry.

At the close of business on each day the incident book will be checked by the manager on duty where any entries will be reviewed and signed. If incidents have occurred the duty manager will debrief staff at the close of business. Should there be no incidents then this will also be recorded at the close of business in the incident book.

Refusals book

A written log shall be kept of all refusals including refusals to sell alcohol. The Premises Licence Holder shall ensure that the refusals log is checked, signed and dated on a weekly basis by the duty manager/manageress.

The refusals log will be kept and maintained at the premises and will be available for inspection immediately upon request by Hampshire Constabulary and any responsible authority.

The record of refusals will be retained for 12 months.

P Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

The attached conditions to be added.

Moonlight Drinks is on demand drinks and snacks service, taking orders by phone and online delivering direct to the customer.

Moonlight Drinks is a genuine service and has no intention of fueling late night nuisance parties; consequently have chosen not to sell alcohol past midnight.

The Moonlight drinks service could play a strong part in providing a deterrent from drink driving.

I understand to run a licensed premises it is necessary to carry out certain functions and operate the business with a purpose of promoting the objectives. I respect the seriousness of underage drinking and I promise to fully support these objectives and ensure any other terms of licence are adhered to.

In Support of all Four Licensing Objectives:

I will ensure effective and regular training of all staff including delivery drivers so that they are aware of the premises licence conditions and the requirements to meet the four licensing objectives; with particular attention to but not limited to the following:

- Operating a strict age verification policy in line with Challenge 25 policy.
- Take a zero tolerance of violent and anti-social behaviour.
- Updating and maintaining incident & refusal log books.
- Ensure delivery persons safety.
- Promote responsible drinking

To further promote the licensing objectives online, the business website www.moonlightdrinks.com will display the following:

- A 'confirm you are of legal drinking age' declaration button on initial entry of website.
- Challenge 25 banners where possible.
- 'Please drink responsibly' wording on all alcohol product pages.
- Clickable banner linking to drinkaware.co.uk website
- Full list of operating terms and conditions, and conditions of licence will be reflected on the T's&C's page.
- Included on T&C's page customers to be reminded that it is a criminal offence for a person under 18 to purchase or attempt to purchase alcohol and that it is also an offence to purchase alcohol on behalf of a person aged under 18.

b) The prevention of crime and disorder

- Delivery drivers will carry a maximum of £20 cash, later to become prepaid and cashless.
 - Delivery drivers will not carry excess alcohol.
 - There will be contact between drivers and dispatch unit before and after deliveries.
 - Occasionally customers may be required to collect their order from the delivery vehicle.
 - No sale or supply of alcohol shall be made from the premises.
 - Once the business is fully established the possibility of vehicle tracking devices and or CCTV voice recording within the vehicle (subject to to Data Protection Act) will be explored.
 - No selling of alcohol to anyone seemly drunk or intoxicated.
-
- All staff will take regular due diligence training, with refresher training every six months.
 - Records of staff training will be kept for inspection by any Authority upon request.

c) Public safety

- Every refusal and incident will be logged; logs will available to the police upon request and will be kept for at least six months.
- The public shall have no access to the premises.
- The building has a security entrance system.
- The building exterior is well lit at night.

d) The prevention of public nuisance

- We will operate a no doorbell policy. Unless a regular customer; in order to avoid knocking the wrong door we will notify the person named on the order of delivery by text or phonecall only.
- We will operate a zero tolerance, any incidents of abusive language and or behaviour will be logged and the police notified.
- We will only supply delivery of alcohol to a fixed address i.e. legitimate business or residential property.

e) The protection of children from harm

- We will operate a strict challenge 25 policy and all customers are required show ID upon delivery of orders.
- Only one of the following forms of ID will be accepted; Passport, Driving Licence or PASS card.
- ID will always be required for alcohol and recorded upon delivery or we will not handover orders.
- Clear Challenge 25 information within staff areas and on website.
- Delivery will be refused if the delivery person believes the alcohol is being purchased on behalf of another person aged under 18 years.

Please tick yes

- I have made or enclosed payment of the fee

- I have enclosed the plan of the premises
- I have sent copies of this application and the plan to responsible authorities and others where applicable
- I have enclosed the consent form completed by the individual I wish to be premises supervisor, if applicable
- I understand that I must now advertise my application
- I understand that if I do not comply with the above requirements my application will be rejected

Hello Karen,

I Danielle Bull confirm The Public shall have no access to the premises.

Apologies if I left this off the conditions, I assumed ticking the box on the application would automatically add it.

Kind regards

Danielle Bull

Conditions to be added per my communications with PC Sharon Conway:

Deliveries

Deliveries will only take place to a dwelling or place of work with a recognised postal address, including post code.

Delivery drivers will carry a maximum of £20 in change when on a delivery.

All customers will receive a phone call, to a number supplied by them, before the order is delivered to prevent deliveries to a wrong address/person.

Alcohol will only be delivered or handed to the person who placed the order and who are 18 years of age or over. Identification will need to be shown on every occasion to confirm the age of the recipient. Accepted forms of identification will be passport, photo driving licence or Proof of Age Standards Scheme (PASS) approved ID. If there is no ID then no sale will take place.

A record will be made on the order and delivery docket of:

- the name of the customer
- Age
- Confirmation of the ID to be produced
- ID Identification number
- Address for delivery
- Contact phone number
- Method of payment
- Date and time of delivery

This record shall be maintained and shall be produced to Police upon request back dating to a period of no less than six months. These records will remain on the premises at all times and available for inspection by Hampshire Constabulary immediately on request.

The details of any identification that is produced by persons receiving alcohol will be recorded. This record will be produced to Police Officers or Licensing Officers upon request back dating to a period of no less than 6 months.

An incident/refusals book will be maintained in which would be recorded any incidents where underage or drunk customers are refused alcohol sales and deliveries and any other incidents of note that may occur.

No delivery will be completed where the purchaser appears to be under the influence of drink or drugs.

Training-

Staff, including delivery drivers, will be trained regarding appropriate precautions to prevent the sale of alcohol to persons under the age of 18, the signs and symptoms of drunk persons and the refusal of sale due to intoxication. Records will be kept of such training which must be signed and dated by the member of staff who has received that training.

All staff will receive refresher training every six months as a minimum and records are to be kept of this refresher training which should be signed and dated by the member of staff who received that training.

In addition to their training a written test related to the training given will be conducted before the staff member is permitted to sell or authorise alcohol. The test will consist of a minimum of ten questions of which the pass rate is 80%. Anyone who fails to reach the prescribed pass rate will be retrained and re-tested. Anyone not attaining the pass rate will not be permitted to sell or authorise the sale of alcohol until the pass rate is attained. There will be a minimum of two sets of questions to be used in the training which will be rotated upon each subsequent six month training session.

All training records will be made immediately available for inspection by Hampshire Constabulary and any responsible Authority upon request. Training records will be kept for a minimum period of two years. Training records will be kept on the licensed premises to which they relate to.

Challenge 25

There will be a Challenge 25 policy operating at the premises. Challenge 25 means that the holder of the premises licence shall ensure that every individual, who visually appears to be under 25 years of age and is seeking to purchase or be supplied with alcohol at the premises or from the premises, shall produce identification proving that individual to be 18 years of age or older.

Acceptable identification for the purposes of age verification will include a driving licence, passport or photographic identification bearing the "PASS" logo and the persons date of birth.

If the person seeking alcohol is unable to produce acceptable means of identification, no sale or supply of alcohol will be made to or for that person.

'Challenge 25' posters shall be displayed in prominent positions at the premises.

Incident book

An incident book will be provided and maintained at the premises. It will remain on the premises at all times and will be available to police for inspection upon request.

Any incidents that include physical altercation or disorder, injury or id seizure will be recorded in the incident book. The entry is to include an account of the incident and the identity of all person(s) involved (or descriptions of those involved if identity is not known). Should there be any physical interaction by members of staff and the public the entry will include what physical action occurred between each party. The entry shall be timed, dated and signed by the author.

If the member of staff creating the entry has difficulties reading or writing then the entry may be written by another staff member. This should however be read back to the person creating the entry and counter signed by the person who wrote the entry.

At the close of business on each day the incident book will be checked by the manager on duty where any entries will be reviewed and signed. If incidents have occurred the duty manager will de-brief staff at the close of business. Should there be no incidents then this will also be recorded at the close of business in the incident book.

Refusals book

A written log shall be kept of all refusals including refusals to sell alcohol. The Premises Licence Holder shall ensure that the refusals log is checked, signed and dated on a weekly basis by the duty manager/manageress.

The refusals log will be kept and maintained at the premises and will be available for inspection immediately upon request by Hampshire Constabulary and any responsible authority.

The record of refusals will be retained for 12 months.

To Licensing Department
Southampton City Council

Objection to Licence for Moonlight Drinks, Office 5 ,11 Cumberland Place Southampton.

It is totally unacceptable for the Council to allow yet another alcohol outlet on the fringes of the Cumulative Impact Area which extends into the roads near to where I live.

It is proven fact that the Polygon suffers endemic criminal damage and noise nuisance connected to drinking of alcohol at bars, clubs and houses in the area of London Road and Bedford Place and Polygon, Fitzhugh.

The nuisance and stress for long term citizens has been suffered for over 25 years, during which time more outlets have been passed and hours added to licences.

Having been an objector during that time I am extremely resentful that Licensing do not want me to put in pages of evidence lest the Panel "switch off " in case there is too much detail to take in.

Although in fact the amount of detail and number of crime and nuisance incidents prove my case conclusively.

As this is a new outlet obviously no evidence has built up, however it has occurred to me that even if deliveries stop at midnight the party hosts can easily stock up with tons of bottles and tins in the hall to last until the next day.

Polygon and Fitzhugh parties have been known to go on from afternoon to mid morning the next day.

Environmental Health cannot stop the parties and even if Noise Abatement is issued, all night music at same houses will still carry on for weeks after that.

Regarding Protection of children from Harm - there is no protection - any house delivered to can have young children inside.

PUBLIC NUISANCE-- this could occur if party guests spill out on to the road, police are too busy with bar and club problems to patrol the side streets and I have personally had to go out and deal with party nuisance myself.

Where will the alcohol be stored ?

In this end of terrace office building ?

Who else uses this place ?

Will they be disturbed by crashing and jingling of bottles and cans ?

As this is the first time I have been involved in a delivery service licence I am not sure of the procedure, therefore I am writing in early order that you can advise me to make alterations before September 12th.

Have added 4 photos of the supposed premises, the frontage and door and bell Panel at the side of the house.

Re Objection to Licence for Delivery Service from Moonlight Drinks, Office 5, 11 Cumberland Place.

Thank you for your acceptance of my objection.

Please add this evidence of nuisance connected in most part to the availability and use of alcohol in the Polygon and Fitzhugh areas. I have kept a paper diary since 1999 but the email one only recently, hence it starts in 2011.

It must be a tiresome burden to read but at least you only have to read it, we Polygnians have to live it for the rest of our lives.

It is ironic that the Council have brought in a Health and Well Being Strategy to slow down the slide into bad health caused by

ill use and over use of both food and alcohol.

Allowing more outlets undermines these good intentions.

Please inform me that you have accepted this evidence.

Thanking you

DAILY ECHO July 19
Two men were robbed of cash at knifepoint in a Southampton street.The men, both 21, were threatened with a blade by a gang of four youths, before being assaulted and robbed of £100, during the incident on Sunday.
Police believe the four suspects followed their victims from Waterloo Terrace, near the Rhino nightclub, to Berkeley Road, where they struck at around 4am.
One of the victims was punched in the head, but neither were seriously injured.
Detectives are now appealing for witnesses in their hunt for the gang, who were all white and aged 19 to 20.
Anyone with information is asked to contact Detective Constable Simon Bembridge, at Southampton Central police station, on 101, Crimestoppers anonymously 0800 555 111.

To : The Licensing Department Southampton City Council

Objection to Licence for Moonlight Drinks, Delivery to Your Door Service from Office 5 , 11 Cumberland Place Southampton.

It is somewhat shocking that the Council is even having to consider yet another alcohol outlet so near to my home, within a five to ten minute walk in a easterly direction there must be nearly 50 already.

The huge student blocks in Cumberland Place have applied for licences and these flatlets/rooms will provide a ready stream of customers for this delivery service.

It will encourage alcohol dependency in a section of the community , young people, away from home for the first time, many from abroad, not used to alcohol at all or over drinking and the dangers it can bring.

The council has a duty to protect them from harm.

The CIP directive has caused a refusal for an off licence in Bedford Place although no one was allowed to object due to the vicinity rule imposed for almost ten years. During that period people in Polygon were forced to suffer in silence the awful crime and "punishment " of having more outlets and longer trading hours imposed . For that reason many families fled the area.

It is fact that the Polygon area suffers night time criminal damage/ and noise nuisance connected to over consuming of alcohol at bars, night clubs and houses in the area of London Road , Carlton Place, Vernon Walk and Bedford Place / Polygon, Fitzhugh.

I concede that as this is a new outlet , no evidence can or has been built up, and that this is similar to an off licence, but then would you allow another of those in view of the evidence against licences or extensions given in to Licensing in recent other objections.

About 50 pages plus photographs. ?

Environmental Health cannot stop the noisy parties at which over drinking is feature, police tell us not to approach house party premises but no one else is around to deal with it. I have been witness to violence and long term injury caused to complainants by aggressive party guests.

Licensing Objectives - regarding Protection of Children from Harm - you cannot guarantee that- that there is no protection - any place delivered to can have young children within the house or flat.

PUBLIC NUISANCE-- this would happen if or when party guests spill out on to the road, police are too busy with bar and club problems to patrol the side streets and I have personally had to go out and deal with party nuisance myself.

Prevention of Crime and Disorder- it is rarely prevented in Polygon area despite the best

efforts of the over worked police force.

Check out the press articles re the subject presented to your department on a regular basis.

Have you heard of the Council's Health and Well Being Strategy ? It has been introduced to cut down on alcohol self abuse and obesity.

What good will that do if the outlets increase and drink is even more easy to obtain in an area with so much dependency already ?

This can be observed by the number of empty alcohol bottles and cans seen outside local houses in the grey collection tubs

Check with the refuse department to see the ratio of such bottles compared to other areas of Southampton and the suburbs.

I as a responsible resident object to this application

The grounds are

Why? is it deemed necessary to have such a service when it is well known there are many many alcohol outlets in the vicinity where those who wish can easily buy their requirements....

Objection to the granting of application is as follows

To deliver alcohol to premises where there are children present (eg Shared block/non purpose built flats) could lead to harm to children present

To deliver alcohol to premises where the recipient does not go out to buy could result in public disorder

Dear Licensing

Ref: 2016/02468/01

Moonlight Drinks Delivery Service 11 Cumberland Place

I wish to object to this application for a drinks delivery service. There are far too many retail outlets in this area already without giving a license for more. Refer to CIP. It is just encouraging further alcohol consumption particularly among students.

As a long term resident of Polygon/Fitzhugh I have seen more than enough drunken behaviour, piles of vomit over the pavements, urinating in the street and many examples of vandalism. A resident has been assaulted and I myself have had damage to property because we dared to complain. Adding more retail outlets can add to what is already a big problem.

Vans going around the streets delivering alcohol to addresses up to midnight will wake any neighbours who have to get up for work with the unloading from the van, door knocking and slamming shut after delivery.

Enough is enough so therefore ask that the application be rejected.

Mrs J Gara
