Recommendation Summary	Conditionally approve

Reason for granting Permission

The development is acceptable taking into account the policies and proposals of the Development Plan as set out below. Other material considerations have been considered and are not judged to have sufficient weight to justify a refusal of the application, and where applicable conditions have been applied in order to satisfy these matters. The scheme is therefore judged to be in accordance with Section 38(6) of the Planning and Compulsory Purchase Act 2004 and thus planning permission should therefore be granted.

Policies - SDP1, SDP7 and SDP9 of the City of Southampton Local Plan Review (March 2006) and CS13 of the Local Development Framework Core Strategy Development Plan Document (January 2010).

Recommendation in Full

Conditionally approve

1. The site and its context

1.1 The site is located on the corner of Butts Road and Heathfield Road. The site is currently occupied by a two-storey building which was previously in use as a public house. Land surrounding the building includes existing hard standing and open areas. There is no change in site levels on the site. The site currently has

- two vehicular access points, one from Butts Road and one from Heathfield Road.
- 1.2 The site is location within a predominately residential area, with the adjoining Butts Road frontage featuring a row of commercial use. Butts Road is a Class C classified road.

2. Proposal

- 2.1 This application is part of a set of 8 applications which seek to facilitate the change of the property from a pub (Class A4) to a retail unit (Class A1). The change of use from pub to a retail unit does not require permission. This application refers only to the details outlined below and should be assessed on this basis.
- 2.2 The application seeks planning permission for the installation of 11x 1.1m tall bollards located at the north-west frontage of the existing building.
- 2.3 A set of 4 bollards run across the entrance to the site, on the Butts Road frontage. Another set of 4 run adjacent to the ATM and disabled parking bay. A final set of 3 bollards run at a right angle to Heathfield Road, adjacent to the site access onto that road.

3.0 Relevant Planning Policy

- 3.1 The Development Plan for Southampton currently comprises the “saved” policies of the City of Southampton Local Plan Review (March 2006) and the City of Southampton Core Strategy (January 2010). The most relevant policies to these proposals are set out at **Appendix 1**.
- 3.2 Having regard to paragraph 214 of the National Planning Policy Framework dated 27 March 2012 the policies and saved policies set out in **Appendix 1** which have been adopted since 2004 retain their full material weight for decision making purposes.

4.0 Relevant Planning History

- 4.1 Permission was originally granted for the erection of a licensed premises on this site in 1954. The opening hours were not restricted as part of this permission. More recently, in 2011, an application was refused for the redevelopment of the site to provide a retail unit and 8 flats.
- 4.2 This application is part of a set of 8 applications aimed at facilitating alterations to allow the permitted change from a public house to a retail unit. A list of all the relevant applications is included within **Appendix 2**.

5.0 Consultation Responses and Notification Representations

- 5.1 Following the receipt of the planning application a publicity exercise in line with department procedures was also undertaken which included notifying adjoining and nearby landowners and erecting a site notice on 22.03.12. At the time of writing the report **20** representations have been received from surrounding residents. No specific concerns were raised.

Consultation responses:

- 5.2 N/A

6.0 Planning Consideration Key Issues

6.1 The key issues for consideration in the determination of this planning application are:

6.2 Principle of Development

Permitted development would allow the erection of bollards up to 1m in height without the need for planning permission. The proposed 1.1m bollards are not judged to have a significantly harmful impact on the character of the property or the local area.

7.0 Summary

7.1 The alterations are considered to be supportable in the context of the scale and location of the proposed development.

8.0 Conclusion

8.1 Subject to the imposition of the suggested conditions attached to this report, the proposal would be acceptable. The application is therefore recommended for approval.
