Role of the Council

The Council comprises all 48 Councillors. The Council normally meets six times a year including the annual meeting, at which the Mayor and the Council Leader are elected and committees and sub-committees are appointed, and the budget meeting, at which the Council Tax is set for the following year.

The Council approves the policy framework, which is a series of plans and strategies recommended by the Executive, which set out the key policies and programmes for the main services provided by the Council. It receives a summary report of decisions made by the Executive, and reports on specific issues raised by the Overview and Scrutiny Management Committee. The Council also considers questions and motions submitted by Council Members on matters for which the Council has a responsibility or which affect the City.

6 MOTIONS

(a) Councillor Vaughan to move:

It has been estimated that as much as 40% of public service spending is on interventions that could have been avoided by prioritising a preventive approach to early years development.

The Wave Trust is an independent organisation whose 70/30 campaign seeks to bring about a 70 per cent reduction in child maltreatment by the year 2030. It proposes a preventive and integrated approach in Southampton. This organisation has been endorsed by Councillors from across the chamber and local MPs. As well as this, their work has already been well received in another local city.

This Council agrees to be trauma informed; to use the learning and research on Adverse Childhood Experiences (ACEs) to inform change in practice and thus better able to reduce the negative effects of ACEs on lives of all with whom we come in

contact.

Council commits to exploring the Wave Trust's 70/30 approach to see what value this might add to the Council's existing activities to prioritise children's early years and give every child the best possible start in life.

Council will commission Early Years leaders and relevant partners from across Southampton to carry out a feasibility study of this approach and to see whether it would be right for our city in delivering a more preventative and integrated approach for everyone.

(b) Councillor S Galton to move:

This Council notes the overwhelming public desire for at least some unrestricted access to the former Civil Service Sports Ground.

Council recognises the recent deputation from the Friends of the Field group asking for the same.

Council takes on board the majority of public comments to the pre-consultation and formal planning application process, asking for unrestrictive access.

Council acknowledges the supportive comments made during the planning meeting itself by a number of cross party Councillors and that the Chair made it clear they were only there to decide on the application before them, not create policy.

Council recognises the previous legal advice that has been provided to members. The main concern being any additional activities like dog walking or infrastructure such as bins and benches; do not interfere with the primary use of pitches for team games and recreational play.

As such Council resolves to,

Request the administration ensure the Council's development plans for the site are altered to include a legally accessible pocket park, or other area of public accessible land, within the wider contained school development site, but separate from the main school site.
