

## Equality Impact Assessment

<b>Name or Brief Description of Proposal</b>	DWP Youth Contract - Skills Training UK are the preferred supplier for the South East. This programme of additional support will be focused on young people who are not in education, employment or training (NEET), that have low levels of attainment and a range of factors that put them at greater risk of long-term disengagement.
<b>Brief Service Profile</b>	City Limits Employment (CLE) has existed since 1990 and is part of SCC. CLE supports disabled and disadvantaged unemployed residents into employment and training using a 'supported employment' model. CLE has a proven track record of working with NEETS or those at risk of being NEET.
<b>Summary of Impact and Issues</b>	The government investment on this DWP program states that the Local authorities have a statutory duty to support young people to participate and will have a key role in helping to deliver this programme, working with providers to target those young people who most need support and ensure that this provision fits closely with the wider local offer.
<b>Potential Positive Impacts</b>	To seek and support young NEETS in the City into employment and training
