None	Received	

Legal Implications

1. The Licensing Act 2003 specifically restricts the grounds on which the Council, as Licensing Authority (LA), may refuse an application for a major variation of a Premises Licence, or impose conditions. Where relevant representations are made, the LA may refuse on the grounds that the licensing objectives are not met or the operating schedule is inadequate. Equally, conditions may be imposed where relevant and necessary. The LA may also refuse an application in part and thereby only permit some of the licensable activities sought.
2. The decision making committee, in considering an application, must have regard to the adopted Statement of Licensing Policy and any relevant representations made by those directly affected.
3. An applicant for a variation, whose application has been refused, or who is aggrieved by conditions imposed, may appeal against the decision to the Magistrates' Court.
4. In considering this application the committee will sit in a quasi-judicial capacity and is thus obliged to consider applications in accordance with both the Licensing Act 2003 (Hearings) Regulations 2005, and amending secondary legislation and the rules of natural justice. The practical effect of this is that the committee must make its decision based on evidence submitted in accordance with the legislation and give

adequate reasons for reaching it's decision.

The committee must also have regard to:-

5. *Crime and Disorder Act 1998*
Section 17 of the Crime and Disorder Act 1998 places the Council under a duty to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area.

6. *Human Rights Act 1998*
The Act requires UK legislation to be interpreted in a manner consistent with the European Convention on Human Rights. It is unlawful for the Council to act in a way that is incompatible (or fail to act in a way that is compatible) with the rights protected by the Act. Any action undertaken by the Council that could have an effect upon another persons Human Rights must be taken having regard to the principle of Proportionality - the need to balance the rights of the individual with the rights of the community as a whole. Any action taken by the Council which affect another's rights must be no more onerous than is necessary in a democratic society. The matter set out in this report must be considered in light of the above obligations.

Southampton City Council

Application to vary a premises licence under the Licensing Act 2003

PLEASE READ THE FOLLOWING INSTRUCTIONS FIRST

Before completing this form please read the guidance notes at the end of the form.
If you are completing this form by hand please write legibly in block capitals. In all cases ensure that your answers are inside the boxes and written in black ink. Use additional sheets if necessary.

You may wish to keep a copy of the completed form for your records.

I/We Mckinlay Holdings Ltd

(Insert name(s) of applicant)

being the premises licence holder, apply to vary a premises licence under section 34 of the Licensing Act 2003 for the premises described in Part 1 below

Premises licence number 2013/01324/01SPRT

Part 1 – Premises Details

Postal address of premises or, if none, ordnance survey map reference or description Junk Club 55 London Road			
Post town	Southampton	Post code	SO15 2AD

Telephone number at premises (if any)	02380 335511
Non-domestic rateable value of premises	£64500

Part 2 – Applicant details

Daytime contact telephone number	02380 335511
E-mail address (optional)	simon@junkclub.com
Current postal address if different from premises address	
Post Town	
Postcode	

Part 3 - Variation

Please tick yes

Do you want the proposed variation to have effect as soon as possible?

If not do you want the variation to take effect from

Day		Month		Year	
↓	↓	↓	↓	↓	↓

Please describe briefly the nature of the proposed variation (Please see guidance note 1)

To extend the opening hours of the venue, regulated entertainment and late night refreshment to 0430 Sunday to Friday, and 0530 on Saturdays

- To extend the supply of alcohol at the venue to 0400 Sunday to Friday and 0500 on Saturdays

To extend last entry into the venue to 0330 in line with other similar venues

- To introduce an exception to our current licensing condition regarding the use of polycarbonate glassware. This will specifically be to include the use of Corona and Desperados which are served traditionally in a bottle with a wedge of lime. There is no polycarbonate option available in the current marketplace. This will greatly help the business meet customer / market demand for the higher class clientele we wish to attract. This also applies to glass champagne glasses which will be permitted in the VIP area under supervision by doorstaff and served by a waitress. The products / brands will be approved in writing by the Hampshire Police Licensing Team.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, please state the number expected to attend

Part 4 Operating Schedule

Please complete those parts of the Operating Schedule below which would be subject to change if this application to vary is successful.

Provision of regulated entertainment

Please tick yes

- | | |
|--|-------------------------------------|
| a) plays (if ticking yes, fill in box A) | <input type="checkbox"/> |
| b) films (if ticking yes, fill in box B) | <input type="checkbox"/> |

Sun	10:00	04:30	
			Non standard timings. Where you intend the premises to be open to the public at different times from those listed in the column on the left, please list (please read guidance note 5)

Please identify those conditions currently imposed on the licence which you believe could be removed as a consequence of the proposed variation you are seeking
 We are not looking to remove any of our current conditions except the provision of glass bottles as provide for on page 2 of this application

Please tick yes

- I have enclosed the premises licence
- I have enclosed the relevant part of the premises licence

If you have not ticked one of these boxes please fill in reasons for not including the licence, or part of it, below

Reasons why I have failed to enclose the premises licence or relevant part of premises licence

P Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

- Adopt the best practice for training recommended by the Hampshire Police Licensing Authority
- Support the new Police Scheme which accredits venues for their welfare and safety policies.
- This will also include a training session given by a member of the Licensing team on a 6 monthly basis.
- Introduce an identification receipt system for seized ID's
- Ensure a written dispersal policy is in place and approved by Hampshire Police
- All in-house staff shall undergo an online licensing accreditation procedure approved by Hampshire police within 4 weeks of their start date
- Toilet checks will be added to the licensing conditions and will include checks every 30 minutes and recorded in the incident book and kept for a minimum of 3 months
- We also believe that by extending our licence in this way will bring us in line with other clubs in other cities of a similar type who also promote Internationally renowned DJs and Artists. The Artists we currently book and will be able to book will attract discerning music loving clientele into the area rather than simply cheap drink orientated customers. These Acts and Artists in turn promote Southampton as a cultural destination which raises the profile of the city. We have been successfully operating temporary event notices until 6am for many years without objection from the responsible authorities.

b) The prevention of crime and disorder

- The venue has a dedicated SIA Trained security team along with CCTV with clearly visible signs.
- The venue operates with a strict door entry policy which ensures the venue has an excellent level of clientele. This in turn ensures a very low level of crime and disorder.
- Doorstaff often help Hampshire Constabulary with incidents in the local area (positive intervention).
- Participation in the Southampton Licensing Link scheme, including the Red Card and use of ID scanner.
- Use of tall Heras fence barriers and tarpaulin to segregate and protect customers in the smoking area from vagrants and potentially unruly passers by.

c) Public safety

- The venue will have a dedicated medical room for the purposes of administering first aid. A first aid treatment box will be available and kept maintained. Persons identified as vulnerable will be taken to the room where enquiries can be conducted to ensure their safety.
- On Fridays, Saturdays and special events the venue will provide a First Aider qualified to minimum Emergency First Aid at Work level and the DPS will ensure the First Aider's qualification is valid.
- A member of staff will be employed to patrol and monitor customers for signs and/or symptoms of excess alcohol consumption. Anyone suspected of consuming excess amounts of alcohol will be taken to the first aid room. The club nanny will monitor persons purchasing alcohol to check they are not mixing multiple shots or measures together to ensure responsible alcohol consumption. A record will be maintained providing details of persons attended to, date, time, along with with the members of staff involved.
- All staff including bar staff and security have been trained in fire safety by a certified company
- The public toilets within the premises shall be checked every 30 minutes when the premises are open for a licensable activity. A record shall be kept by the premises for a period of 3

months for inspection by Hampshire Constabulary.

- Staff will be trained regarding appropriate precautions to prevent the sale of alcohol to persons under the age of 18, crime scene management, vulnerability, the signs and symptoms of drunk persons and the refusal of sale due to intoxication. Records will be kept of such training which must be signed and dated by the member of staff who has received that training.
- All staff will receive refresher training which should be signed and dated by the member of staff who received that training
- In addition to their training a written test related to the training will be conducted before the staff member is permitted to sell or authorise alcohol sales. The test will consist of a minimum of ten questions of which the pass rate should be 80%. Anyone who fails to reach the prescribed pass rate will be retrained and retested. Anyone not attaining the pass rate will not be permitted to sell or authorise the sale of alcohol until the pass rate is attained. There will be a minimum of 2 sets of questions to be used in the training which will be rotated upon each subsequent six month training session.
- All training records will be made immediately available for inspection by Hampshire Constabulary and any other responsible authority and kept on the licensed premises for a period of 2 years

d) The prevention of public nuisance

- The venue already has a dispersal policy in the conditions to the satisfaction of the Hampshire Constabulary, and goes above and beyond what is expected by providing the Police with positive intervention assistance in the London Road area
 - Door supervisors will remove all bottles and glasses from any customers attempting to leave the venue carrying such items
 - Doorstaff wearing high visibility armbands will patrol the venue at the end of each night for a period of 30 minutes or until such persons are dispersed from the area to ensure the safe and quiet dispersal of customers. Any customers congregating or loitering outside the venue after leaving the premises will be asked to depart quickly and quietly
- Notices will continue to be displayed in prominent positions at the exit of the premises requesting customers to leave quickly and quietly.
- During the last 30 minutes of trading the service points at the bar will be reduced and staff reallocated to collect glasses
- When the bar closes the lighting levels will be increased to encourage the gradual dispersal of customers in the bar area
- Music will be lowered in volume in the last 15 minutes of trading, so that for those customers that remain it will send out a clear message that the venue is preparing to close and to encourage customers to be ready to leave
- The venue is part of the Licensing link and Red Card scheme which ensures it shares information about troublesome individuals with the rest of the licensees

e) The protection of children from harm

- The venue uses an ID scanner already provided in the existing licence conditions with the Challenge 25 policy and the doorstaff in addition also handcheck all ID's.
- SIA trained and experienced doorstaff are used throughout the venue including the front door

Please tick yes

- I have made or enclosed payment of the fee
- I have sent copies of this application and the plan to responsible authorities and

others where applicable

- I understand that I must now advertise my application
- I have enclosed the premises licence or relevant part of it or explanation
- I understand that if I do not comply with the above requirements my application will be rejected

Please select one or more boxes

HAMPSHIRE CONSTABULARY

**NEW GRANT OR VARIATION OF PREMISES LICENCE
OR CLUB PREMISES CERTIFICATE
FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY**

State the ground(s) for representation *(please read guidance notes 1 & 2)*

This representation relates to Junk Club, which is situated in London Road. The premises is located in one of the areas of Southampton, subject to a policy of cumulative impact as detailed in the present Statement of Licensing Policy 2011-2014, issued by Southampton City Council as the licensing authority.

The area of concern in this particular case is the Bedford Place Stress Area, which based on evidence previously received by Southampton City Council, is one of 3 areas that already suffers cumulative impact. As a result it is appropriate, proportionate and necessary for special policies to address that issue.

As per paragraph 16.7 of the Statement of Licensing Policy, Hampshire Police make representations on the basis that the applicant is applying for a significant variation to the premises existing licence. The applicant has applied to extend the premises opening hours by 1.5 hours every Saturday and 30 minutes every other day of the week. This in total provides the premises with a total of 4.5 hours of extended trading time per week or 234 hours over the course of a year. The applicant requests to extend the supply by retail of alcohol by the same increment although supply would cease as it does at the moment, half an hour before the closing time. Licensable activities such as recorded music and live music, the applicant seeks to extend these and keep them in line with the proposed opening hours.

The venue has submitted 9 temporary event notices (TEN) so far this year to extend its operating hours and licensable activities to 06:00 hours on 13 nights it was trading. However, it has been noted that of those 13 nights, only 6 occasions did the premises remain open until 06:00 hours and 1 night to 05:00 on a Saturday. On another occasion, the venue still closed at 04:00 and the other TEN's have occurred on other nights of the week. Although there has not been many incidents linked to Junk near to the 06:00 closing on a Sunday morning, six occasions is quite different to the 52 occasions that the extension to the licence would provide.

The police would suggest that the temporary events have only occurred on select nights. A bank holiday weekend or when a particular DJ is in attendance. People will not generally hear about the extended opening times unless it is a particular DJ they follow in comparison to the venue having an extension to its licence every night of the week. A TEN limits the amount of people that can attend to 499, which includes all its staff. Whereas the capacity for the venue is 750, an increase of 50%. There are other factors that make the application more significant. The venue wishes to extend its last entry from 02:30 to 03:30. This will likely attract further crowds that are leaving other venues and likely to be well under the influence of alcohol. This will place a heavy burden on the door security team at the venue in assessing who is fit or not fit for entry. The police anticipate, that by extending the venues hours and increasing the hours alcohol is available for consumption, on the balance of

HAMPSHIRE CONSTABULARY

**NEW GRANT OR VARIATION OF PREMISES LICENCE
OR CLUB PREMISES CERTIFICATE
FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY**

probabilities this will only add to crime and disorder already experienced in the area.

The graph in annex a shows reported incidents in the demographic beat area of 1SW03 over three different years. As the Cumulative Impact Policy (CIP) was applied to the city in May 2009, the report shows crime reporting trends a year before the introduction of the CIP and then comparisons can be made between 2010 - 2011 and 2012 to 2013. The search criteria takes into account crimes of wounding, robbery - personal, public order, offensive weapon, indecent assault, drug offences, criminal damage, assault on police and assault. Regardless of year, the graph clearly shows the detrimental effect the night time economy and alcohol has on crime reporting. In each of the years evidenced, it shows a steady increase in crime reporting from 22:00 until 03:00 hours, with a dramatic drop between 05:00 - 06:00, when the majority of licensed premises are closed. Between 2010 and 2011, the area did become far more popular for a night out and this can be evidenced by the increase in crimes between 23:00 - 04:00 hours. The main concern to be drawn from the graph is there is far more crime being reported in the early hours of the morning in 2012 - 2013 than there was in 2008 - 2009. Between 03:00 - 05:00, we are seeing an increase of nearly 50% of the crimes highlighted above when compared to crime reported in 2008. As to whether the CIP has worked in this area is hard to say. As mentioned, the area did become much more popular for a night out, so taking this into account, its probably fair to say it has prevented it from getting any worse. If you compare the crimes reported in 2008 between 18:00 and 06:00, there were 732 reported in 2008-2009 compared to 837 reported between 2012 and 2013.

Annex b provides a list of occurrences that have been linked directly to Junk since the turn of the year. They are linked, as the occurrences would have occurred in the venue or involved its clientele. Most of the incidents have happened between the hours of 02:00 and 04:00, which is the last two hours the premises is normally open. People in general are coming out later at night than they used to and they will stay out later if the premises are open to cater for them into the early hours. By providing premises with even later opening times will only exasperate the problem and we will see further increases in crime in the early hours of the morning.

The applicant has advised that as part of the additional steps they intend to take to promote the four licensing objectives they will include supporting the police in its new scheme, which accredits venues for their welfare and safety policies. This scheme is still in the process of being produced and will have set criteria that venues will have to meet in order to be eligible. Until it is agreed as to what the criteria is, we cannot say whether or not the scheme would be offered to Junk.

The applicant has stated that "the venue operates a strict door entry policy which ensures the venue has an excellent level of clientele and in turn ensures a very low level of crime and disorder". The police have passed praise to the door team for having caught a number of its clientele with drugs over the past year. Annex b shows that 10 of the occurrences listed were drug related. Occurrence 20 was excellent work by door staff, as they stopped a male upon entry to the venue. He was later identified as a London based drug dealer who had on him around 30 mixed wraps of cocaine, MDMA and ketamine. Two class a drugs and a class c drug which were intended to be sold in the venue. Occurrence 25 provides details about a group of males located in the toilets of the venue by door staff.

HAMPSHIRE CONSTABULARY

NEW GRANT OR VARIATION OF PREMISES LICENCE OR CLUB PREMISES CERTIFICATE FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY

It is again good work by the door team, as the suspect had enough MDMA in separate wraps to be charged with possession with intent to supply. The other 8 occurrences relate to general possession of drugs including MDMA, amphetamine/speed, ketamine and heroin. Of note, one of the arrested used to be a resident DJ at the venue. As much as the venue can be congratulated for its work in identifying these offenders, it does raise concerns regarding the venues clientele that it attracts. The drugs found on the offenders above, the majority have been linked with the club and rave scene for years. Annex c details a visit to the venue by PC Conway and PS Plascott on 01/03/13. The bar manager informed the officers their was an incident which involved the main act who were performing at the venue. The head doorman had gone into the toilet and caught one of the group snorting cocaine of his arm.

There are a number of other occurrences listed in annex b which raise concern about the venues clientele or certainly would go against the applicants suggestion that they are excellent. In occurrence 11, a male is assaulted by another and the offender bites through his lip. The offender has since been charged with causing grievous bodily harm (GBH). Occurrence 8, relates to 3 door staff being assaulted as does occurrence 9. Occurrence 15 details an assault on the manager of the venue. The manager was punched in the face as he tried to stop a customer from stealing a bottle of Vodka and Rum. Occurrence 1 relates to criminal damage to the designated premises supervisors (DPS) vehicle. A male in the smoking area throws a shoe which hits the bonnet.

Under the prevention of crime and disorder in the operating schedule, the applicant has listed a number of ways they intend on promoting the licensing objectives. This is nothing different to what they do already so there is no reason to suspect anything different if the venue was to operate to a later time.

The applicant also wishes to bring in an exception to its current condition relating to serving drinks in polycarbonate glasses. We do not have concerns with regards to the exception of champagne glasses being permitted within the VIP area, however, we do not consider that there is any evidence to suggest that Corona or Desperados will attract a higher class of clientele as stated by the applicant. Empty glass bottles can easily be used as a weapon during an altercation, with glass more likely to cause serious injury and permanent disfigurement.

It is on the above grounds that the police wish to object to the proposed variations. Any extension in hours is likely to add to problems already experienced in an area, highly saturated with licensed premises.

State any conditions that the Police seek to negate the need for a hearing

IT IS AN OFFENCE, UNDER SECTION 158 OF THE LICENSING ACT 2003 TO MAKE A FALSE STATEMENT IN OR IN CONNECTION WITH THIS REPRESENTATION

Part 3 – Signatures *(please read guidance note 3)*

Recommendation of Police Officer

The premises is situated in an area saturated by licensed premises. It can be evidenced that there is a strong link between the night time economy, alcohol and increased crime. The trend over the years shows that people are coming out later and the venues wish to follow suit. As a result of people coming out later, we have seen a dramatic increase in crime in the early hours and any extension to premises licence, will only exasperate the problem. I request the application is refused.

Recommendation of Police Sergeant

I fully support this objection as this premises is the latest venue in the area already and to increase its hours will encourage other premises to apply for later hours also, all of which will have a dramatic effect on the C.P.

Decision of Police Licensing Inspector

I fully endorse the objection, this is a CIP area and this venue already has a closing time that is late compared to others. An increase in hours will have a dramatic effect to the detriment of the area which will work against the CIP.

Remarks:	Licensing review		

01/03/13 - I have attended Junk this evening with Pc Conway in response to this incident and 44130076952 which happened in the early hours of this morning. We spoke with door staff and with the Bar Manager, both stated that the males involved in this incident were actually the main act performing at the venue. Their details will be available. The head Doorman, Chris stated that as he walked into the gents toilets within the venue he noticed that one of this group was snorting a line of cocaine from off of his forearm. Chris challenged this male who became abusive and tried to continue taking the drug. Chris started to eject this male and when doing so the rest of the male's friends, approx 10, all began to get abusive, one or two began throwing glasses and a chair. The doorstaff were outnumbered at one stage and called WWUN. Police attended and the group were dispersed.

I have challenged the door staff as to why they have not provided statements and more details as the males in this group should be at the very least provided with a red card ban if we are unable to prove any substantive offences.

However they state that they do have CCTV and there are staff who witnessed this incident, Chris the doorman will provide a statement.

I have tasked the original officer who attended to re-attend take statements and cctv footage to progress this.

PS 18
