Points to note on the data contained in Appendix 1:

- **Source** - DfE School and College Performance Tables (last update 10 Nov 2015)
- Data is based upon the academic year 2013-2014 and provisional data from 2014-2015
- **Students continuing in education:** The data is for the 2011-2012; there is a time lag on DfE data. This group includes students who continue in education in post-16 schools and colleges, FE colleges and apprenticeships. Education programmes could be academic (e.g. A Levels) or vocational/training programmes (e.g. BTECs). The national average for state-funded secondary schools is 88%.
- **Attendance** England, secondary, state funded. National average for overall absence 5.2%, and for persistent absence 5.3%
- **OFSTED Reports** Where schools are academy converters, inspection reports are not available for the previous school.
