## BRIEFING PAPER

## SUBJECT: School Balances

DATE: 22 June 2016
RECIPIENT: SCHOOLS' FORUM

## THIS IS NOT A DECISION PAPER

## SUMMARY:

1. This paper details the revenue and capital balances held by schools at the end of financial year 2015/16.

The risks of schools facing potential financial problems are significantly increasing as a result of a number of factors (e.g. increasing staffing costs). Therefore, a risk-based approach to providing support to schools that face financial difficulties is required, particularly in relation to deficit balances. Southampton City Council Finance and School Improvement Officers are continuing to work closely with schools.

## BACKGROUND and BRIEFING DETAILS:

2. School Revenue balances as at the end of 2015/16

The ever-tightening grip on public sector spending has necessitated a focus on ensuring value for money and the achievement of efficiency savings. Whilst schools budgets have been relatively protected, the Government continues with its policy of 'flat cash' funding in the Dedicated Schools Grant (DSG) i.e. no increases in per pupil funding year on year (other than the Pupil Premium). Whilst in the past most schools have been able to deal with these financial pressures, there is growing concern amongst heads and their governing bodies and the potential impact on the overall schools budget.

Revenue balances reduced in 2015/16 by £2.194m when compared to the balances held at the end of 2014/15, after removing the effect of schools transferring to academy status.

Revenue balances increased in 18 schools compared to 28 schools in 2014/15 (a change of 10\%) and fell in 34 schools compared to 25 schools in 2014/15 (a change of 18\%).
The balances held by individual schools for 2014/15 and 2015/16 are shown in Appendix 1.
3. Schools' own approved budgets were set at a level that would reduce balances by $£ 3.5 \mathrm{~m}$ by the end of the financial year 2015/16. This compares to an actual reduction of $£ 2.194 \mathrm{~m}$ analysed in the table below:

| School Type | $\mathbf{2 0 1 4 / 1 5}$ <br> Outturn <br> $£^{\prime} 000$ | $\mathbf{2 0 1 5 / 1 6}$ <br> Outturn <br> $\mathbf{£}^{\prime} 000$ | Change in <br> year <br> $\mathbf{£}^{\prime} 000$ |

| Total | 1 | 37 | 8 | 6 | 52 |

## 5. Schools in Deficit at the end of 2015/16

At the end of Financial Year 2015/16 there were ten schools in deficit totalling $£ 1,129,900$ (this compares with two schools in deficit at the end of the previous Financial Year). Five of the ten schools in deficit were approved.

## 6. Schools with an Excess Balance as at the end of 2015/16

The number of schools with an excess balance (excluding schools who converted to academy in 2015/16) reduced from 30 at the end of 2014/15 to 22 at the end of last year. Of these 22 schools, 21 had an excess balance in the two previous years; the excess has risen year on year in that period in 12 of these schools. The total value of the excess reduced from $£ 4,068,688$ in $2014 / 15$ to $£ 3,757,087$ in $2015 / 16$ (after adjusting for academy transfers and primary mergers).

## 7. Devolved Formula Capital (DFC) Grant

Schools may carry forward their devolved capital grant for up to three years, enabling them to save their annual allocations towards the cost of larger projects. The balance of capital grant held at the end of $2014 / 15$ was $£ 594,000$, as shown below. The total available to schools for capital funding in 2016/17 is $£ 1.080 \mathrm{~m}$.

| Primary | 163 | 5 | 10 |
| Secondary | 384 | 292 | 455 |
| Special | 42 | 41 | 532 |
| Total | $\mathbf{5 9 4}$ | $\mathbf{4 8 6}$ | 83 |

## 8. Other Balances

In addition to schools revenue and capital balances there is a further sum of $£ 1.2 \mathrm{~m}$ held in balances for other accounts such as community and grant accounts. In total there was $£ 8.6 \mathrm{~m}$ in schools balances at the end of 2015/16.

## 9. Loans from school balances

So that school balances are used as far as possible to support the education of children currently in Southampton schools, schools may borrow amounts of up to $£ 200,000$ from the pool of school balances to fund certain types of project. All loans in recent years have been to fund IT equipment or facilities. There are 3 loans outstanding with a total debt at the end of $2015 / 16$ of $£ 135,239$. One of these loans is due to repay in full by 2016/17, with the remainder to be repaid by 2019/20. To date, in the current Financial Year there have been no new formal written applications for loans.
10. Balances of schools who converted to academy status during 2015/16

The table below details the surpluses paid to schools during 2015/16 following their conversion to academy status:

| School | Balance |
| :--- | :---: |
| Tanners Brook Primary School | $£ 210,406$ |
| Total | $£ 210,406$ |
