Housing Benefit: Uprating 2017-18

Introduction

- 1. In his written statement to Parliament on 28 November 2016, the Minister of State for Welfare Reform announced his proposals for the social security benefit rates that will apply from April 2017.
- 2. This circular advises you of the rates so you can take the appropriate action. **Note**: At the time of writing, the Orders or regulations bringing the changes into effect are still subject to the appropriate Parliamentary process.
- 3. Any queries about the information contained in this circular should be emailed to <u>housing.benefitsenquiries@dwp.gsi.gov.uk</u>

Timing

- 4. In line with previous practice, the main Housing Benefit (HB) uprating will be introduced in advance of the setting of the main social security benefit rates. To coincide with the week in which many rents change, the 2017 uprating will take effect on:
 - Saturday 1 April 2017 for cases to which HB 2006 Regulation 79(3)(a)(i) (for working age customers) and HB (SPC) 2006 Regulation 59(3)(a)(i) (for people who have attained the qualifying age for Pension Credit) applies, when rent is paid monthly or at any interval which is not a week or multiples of a week
 - Monday 3 April 2017 for cases to which HB 2006 Regulation 79(3)(a)(ii) (for working age customers) and HB (SPC) 2006 Regulation 59(3)(a)(ii) (for people who have attained the qualifying age for Pension Credit) applies, when rent is paid on a weekly basis (or multiple of a week).

Uprating of income-related social security benefits

- 5. The main points are:
 - the basic State Retirement Pension is being uprated by 2.5% in line with the government's 'triple lock' commitment
 - the Standard Minimum Guarantee in Pension Credit is being increased by 2.4%. The Savings Credit maximum is increased by 1.00%.
 - premiums paid to pensioner recipients of working age benefits will continue to be uprated to match Pension Credit rates

- premiums paid to disabled people receiving working age benefits and to Employment and Support Allowance claimants in the Support Group, will increase in 2017/18 levels as the Consumer Prices Index (CPI) was 1.0% in September
- working age benefits (main rates), including main elements of Universal Credit and HB personal allowances, will remain at the 2016/17 rates as they are frozen for 4 years.

Uprating of non-income related social security benefits

6. The higher and middle rate invalidity allowances and age additions payable with Incapacity Benefit (IB) will be increased from April 2017.

Uprating of social security benefits: general

- 7. The following Regulations allow you to take account of these rates on 1 April or 3 April as appropriate:
 - HB 2006 Regulations 42(8) and 79(3)
 - HB (SPC) 2006 Regulations 41(9), 41(10) and 59(3).

Associated guidance is set out in HB/CTB Guidance Manual at BP2 P2.790.

- 8. There is no provision in regulations to uprate a claimant's social security benefit other than by using the correct amount. Most claimants will know their rates of benefit well before April each year.
- 9. We are aware that many local authorities' (LAs') IT systems apply a percentage increase to uprate income from other social security benefits in the assessment of HB. In previous years we have advised that this method should in most cases, produce accurate results, providing the LA has satisfied itself as to the accuracy of its method, it should be able to meet its duty to make proper determinations.
- 10. However, given the fact that in recent years some of the components paid in addition to the main rates of some benefits and the main rates themselves have been uprated by different indices, LAs should consider carefully whether applying standard percentages will result in correct determinations.
- 11.LAs should also take into account that specific Automated Transfers to LA Systems (ATLAS) uprating notifications are issued for all benefits on the Customer Information System except for:
 - Attendance Allowance
 - Disability Living Allowance
 - Personal Independence Payment
 - Armed Forces Independence Payment

- Carer's Allowance
- State Retirement Pension
- Incapacity Benefit
- Severe Disability Allowance
- Bereavement Benefits
- Widow's Benefit
- 12. Should an LA decide to apply a percentage increase to uprate income, as a minimum, any information subsequently received via ATLAS should be compared with existing LA system data to ensure it matches.

Tax credits

- 13. Any changes to Working Tax Credit and Child Tax Credit (see Appendix E: Annex 1) will be effective from 6 April 2017 in line with the start of the new tax year.
- 14. ATLAS will notify tax credit information to LAs. All the current and new tax credit rates can be found on <u>GOV.UK</u>

War Pensions

15. The new rates for War Pensions are not yet available and details of the new rates will be issued via a separate circular once the Veterans UK release the figures.

Specific points of interest

Non-dependant deductions in HB

16. The deduction and income bands for 2017-18 are at Appendices A and B.

Rates remaining unchanged

17. The majority of rates within HB will remain unchanged.

Disregards in HB which remain unchanged

- 18. The childcare disregards in HB in line with Working Tax Credit weekly equivalents, remain at:
 - £175.00 for one child
 - £300.00 for two or more children

19. The additional earnings disregard in HB that can be applied to those entitled to Working Tax Credit remains at £17.10. See <u>HB Guidance manual BW2</u> paragraphs BW2.132-2.140.

Deductions for ineligible fuel charges

20. The CPI for fuel and lighting in September 2016 was minus 2.0% and the government has decided to set the rates for statutory fuel deductions from HB for 2017/18 at the same levels as 2016/17. The rates for statutory fuel deductions are shown in Appendix A.

One room rate deduction

21. The formula for the one room rate deduction is set out in HB Regulations 2006 at Schedule 1, part 2, paragraph 6(2)(a) to (d) and (3). Sub-paragraph (3) states the ineligible amount for service charges when the accommodation consists of only one room shall be one half of the aggregate of the amounts specified in sub-paragraph (2)(a), (b) and (c), see Appendices A and B.

State Pension Credit maximum Savings Credit

22. The amount of the maximum Savings Credit will be £13.20 for a single person and £14.90 for a couple. These figures cannot be used to calculate a likely Savings Credit entitlement from April 2017. Savings Credit is calculated on an individual basis, using the income and capital of that person. In addition, HB (SPC) regulation 27 states that the Pension Service calculation of income, capital and Savings Credit must be used.

National Insurance contribution rates

23. A full set of rates for 2017-18 can be found on GOV.UK

Universal Credit

24. Universal Credit is assessed and paid on a monthly basis. Most Universal Credit rates in 2017/18 will remain the same as the 2016/17 rates. The rates can be found in Appendix C, Annex 5.

Establishing eligible rent

25. The calculation of eligible rent for a claimant renting in the social and private sectors is not affected by this circular or by the uprating of benefits overall. It continues to subject to the rules in Part 3 of the HB Regulations 2006 and Part 3 of the HB (SPC) Regulations 2006.
