										As a father of three pupils at Shirley Warren Primary School, I feel it will						
										need careful thought and imaginative solutions to accommodate the extra						
										pupils. The current buildings are, in my opinion, inadequate in terms of						
										space, especially the halls which are too small for the current pupil population. I base this opinion on working for an architectural practice that						
										specialises in school design and refurbishment. I will be very interested in						
										seeing how you will physically accommodate the extra pupils should the						
										proposals go forward and will be more than happy to assist in formulating						
										ideas. I can be contacted by email on						
										c.lockwood@thegenesisdesignstudio.com (work) or

24					1					I don't support Moorlands proposal because I don't know enough. A few						
										points that concern me after drop in session. Great benefit of Moorlands is						
										the surroundings and fact that this may be compromised is a worry. If						
										school expanded would it not make sense to build up - would lose no						
										outdoor space. Can see advantages, but if outdoor space was lost I would						
										need convincing. Hall is a concern - staggered lunch breaks considered.						
										Hall is a tight squeeze and doubling capacity would put pressure on staff

															90 pupils per year is enough. Children thrive on secure environments and						
															120 pupils per year would make the school too large and less personal.						
															Tanners Brook is in Regents Park, so I wouldn't support an increase in						
															catchment area of the estate side of Teboura Way. Increasing no. children	1					
															from this side will not help in raising standards and more Regents Park						
															parents will feel the need to send their children to other schools with fewer						
															council intake children, such as Shirley Infant/Junior, which will have a						
											1				detrimental affect on Tanners Brook schools. Traffic near school is already	/					
															bad. Increasing traffic is unfair on local residents and more traffic poses						
															hazard to pedestrians. Pre-school is full - how is there money for new						
															schools but not pre-schools? School not about numbers, but children,						
50			N												families and communities and I believe increase of TB schools would not	D			The Development		
58		Yes	No												be a good thing.	Parent/Carer			Tanners Brook Junior		
															If more children are added the classes will be too big unless you add an						
															extra classroom. Unfair to ask teaching staff to do more. Harefield has a						
															good reputation and my son is very happy and doing well. Adding more						
59							NO								pupils means others will suffer.	Parent/Carer			Harefield Primary

Concerned that plans will be wasted in future years when birth rates drops. If plans are inevitable I would like to see waste ground which borders the school and Oakley road north allotments given to the school to compensate for lost space. I support expansion at Fairisle: school has a YR and Y1 waiting list and are over PAN in Y1. Projected no's at Fairisle Infant set to increase from next year. We are due to increase admissions in nursery from 80 to 100 from April 2011, which will create demand for YR places. Community room services families with 0-3 year old children. This service has a waiting list. We wish to service local community to the best of our ability. If there is demand for spaces at Fairisle we would like to be in a position to meet those demands. If the children are there, let's accommodate them. Converting Banister to a primary school will be beneficial to the area. It will provide continuing education from 3-11 year olds. Stability for families ie.	t S Staff Parent/Carer Governor	Flyi	/er 	Fairisle Infant Harefield Primary Banisyer Infant

We are due to increase admissions in nursery from 80 to 100 from April 2011, which will create demand for YR places. Community room services families with 0-3 year old children. This service has a waiting list. We wish to service local community to the best of our ability. If there is demand for spaces at Fairisle we would like to be in a position to meet those demands. If the children are there, let's accommodate them. Converting Banister to a primary school will be beneficial to the area. It will provide continuing education from 3-11 year olds. Stability for families ie. No transferring of children to other schools. Moorlands - building on playing field would mean loss of playing field and creation of lower and upper school. This would be detrimental to community school because it is small and has only just completed transitor to a primary. Ofsted report suggests school should be left alone to work hard to become an outstanding primary school. Could a compromise be reached by the school only expanding in 2011 and 2012 - when the birth rate dops the school will not be threatened with closure. If whole school were to increase I would like it carried out thoughtfully. Could a new sports hall be would all pupils get PE lessons? Sports hall could double up for whole school events. May help keep sense of community which is want we don't want to lose.	t S Parent/Carer Parent/Carer Governor Member of Communit Parent/Carer	y Loc Governor Flyr	rer i eb i cal school 3	Fairisle Infant Harefield Primary Banisyer Infant St Mark's Primary, Banister Fairisle Junior

This service has a waiting list. We wish to service local community to the best of our ability. If there is demand for spaces at Fairisle we would like to be in a position to meet those demands. If the children are there, let's accommodate them. Converting Banister to a primary school will be beneficial to the area. It will provide continuing education from 3-11 year olds. Stability for families ie. No transferring of children to other schools. Moorlands - building on playing field would mean loss of playing field and creation of lower and upper school. This would be left alone to work hard to become an outstanding primary school. Gongestion issues - traffic and parking issues would be worsened. Could a compromise be reached by the school only expanding in 2011 and 2012 - when the birth rate drops the school only expanding in Z011 and 2012 - when the birth rate drops the school only expanding in Z011 and 2012 - when the birth rate drops the school only expanding in Z011 and 2012 - when the birth rate drops the school only expanding in Z011 and 2012 - when the birth rate drops the school only expanding primary school.
