

Want to support a young person's mental health?

The free Combined Minds app helps families and friends support the mental health of a young person in their life by providing useful tips.

It uses a 'Strengths-Based' approach which focuses on the positive attributes of the person and builds on resourcefulness.

Partner with a young person to help them climb tall.

COMBINED MINDS

The stem4 Combined Minds app is available as a free download from App Store and Google Play.

Please note the app is an aid in treatment but does not replace it.
