

Is the behaviour Harmful Sexual Behaviour?

Typical development

Problematic

Harmful

Is it a wider safeguarding issue?

Has the incident been recorded in the setting system for recording concerns?

CONSIDER

Has a criminal offence been committed?

If unsure has a report been made or advice sought?

Child / YP action is developmentally appropriate as is response appropriate to initial actions

Record decision making including the view of both parties

Record decision making including the view of both parties

Investigation ongoing – follow any conditions around contact in planning for both parties

Apply actions in line with safeguarding policy

ACTIONS

Risk assessment to include both parties perspective. Is it proportionate?

Does it support both parties emotionally and does it protect access to education?

Does there need to be a referral to CRS or outside agencies?

Consent will need to be discussed around actions for both parties, and MUST be agreed with police if investigation is ongoing

Consider and record if, how and when parents are to be contacted

Resources provided/ meeting or intervention planned for both parties using setting or external agencies Consider and record if, how and when parents are to be contacted

Resources provided/ meeting or intervention planned for both parties using setting or external agencies Consider and record if, how and when parents are to be contacted

Resources provided/ meeting or intervention planned for both parties using setting or external agencies Investigation outcome NFA
Review RA and support in place for both parties
Hold Restorative meeting to understand both parties and forward plan
Consider actions to reduce or mitigate risk and

educate

Investigation ongoing or charges brought all plans must be agreed with Police and any other agencies involved

OUTCOMES

Effectiveness of planned actions evaluated, RA reviewed and updated taking account of both parties views. Does it adequately protect both parties emotionally and educational provision?

Consider any further referral to additional resources/ agencies – use of multi-agency professional networks and any additional monitoring or oversight required
