## Listening and Attention Skills March 2017

**Children need to learn when to talk, when to listen and how to take turns – parents and carers are the best people to model these interaction skills even to very young children, because they love to watch you and copy what you do!**

### **ACTIVITY** **Taking Turns!**

Play any simple game where you need to take turns ....

E.g. take turns to add a brick to a tower you're building, take turns to do a puzzle between you, take turns to roll a marble.
