## Listening and Attention Skills

# January 2017

**Being able to communicate is not just about talking – listening is an essential skill for talking and learning.**

## ACTIVITY

Children need to listen to different sounds and make different movements e.g. you tap a tambourine once it means **stop**, you tap it twice it means **go**, if you play it fast it means move **fast**, slow means move **slowly**.

Children could move like different animals, toys or machines!
