More than Words

Celebrating Communication

Our ability to communicate is something to celebrate – it's what makes humans unique.

Challenge

Can you use the **4 Rs** to support your child's communication development every day?

- **Rhyme** – learn a few nursery rhymes and share them regularly with your baby/child.
- **Repetition** – children learn lots of language by hearing adults using it repetitively
- **Rhythm** – try singing, clapping, shaking musical instruments, dancing – children love rhythm.
- **Retelling** – children love to have the same stories told over and over again.
