Legal Implications

1. The Licensing Act 2003 specifically restricts the grounds on which the Council, as Licensing Authority (LA), may refuse an application for a new Premises Licence, or impose conditions. Where relevant representations are made, the LA may refuse on the grounds that the licensing objectives are not met or the operating schedule is inadequate. Equally, conditions may be imposed where relevant and necessary. The LA may also refuse an application in part and thereby only permit some of the licensable activities sought.
2. The decision making committee, in considering an application, must have regard to the adopted Statement of Licensing Policy and any relevant representations made by those directly affected.
3. An applicant for a new Premises Licence whose application has been refused, or who is aggrieved by conditions imposed, may appeal against the decision to the Magistrates' Court.
4. In considering this application the committee will sit in a quasi-judicial capacity and is thus obliged to consider applications in accordance with both the Licensing Act 2003 (Hearings) Regulations 2005, and amending secondary legislation and the rules of natural justice. The practical effect of this is that the committee must make its decision based on evidence submitted in accordance with the legislation and give adequate reasons for reaching its decision.

The committee must also have regard to:-

5. *Crime and Disorder Act 1998*
Section 17 of the Crime and Disorder Act 1998 places the Council under a duty to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area.
6. *Human Rights Act 1998*
The Act requires UK legislation to be interpreted in a manner consistent with the European Convention on Human Rights. It is unlawful for the Council to act in a way that is incompatible (or fail to act in a way that is compatible) with the rights protected by the Act. Any action undertaken by the Council that could have an effect upon another person's Human Rights must be taken having regard to the principle of Proportionality - the need to balance the rights of the individual with the rights of the community as a whole. Any action taken by the Council which affects another's rights must be no more onerous than is necessary in a democratic society. The matter set out in this report must be considered in light of the above obligations.

**Application for a premises licence to be granted
under the Licensing Act 2003**

PLEASE READ THE FOLLOWING INSTRUCTIONS FIRST

Before completing this form please read the guidance notes at the end of the form.
If you are completing this form by hand please write legibly in block capitals. In all cases ensure that your answers are inside the boxes and written in black ink. Use additional sheets if necessary.
You may wish to keep a copy of the completed form for your records.

State the name and details of the individual whom you wish to specify on the licence as premises supervisor

Name Ian Harries
Address

Personal Licence number (if known)
Issuing licensing authority (if known)

N

Please highlight any adult entertainment or services, activities, other entertainment or matters ancillary to the use of the premises that may give rise to concern in respect of children (please read guidance note 8)

No activity will occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children. Although topless dancing by performers and staff will take place, this activity will not give rise to concern in respect of children because at all times persons under the age of 18 will not be permitted entry to the premises

O

Hours premises are open to the public Standard days and timings (please read guidance note 6)			State any seasonal variations (please read guidance note 4)
Day	Start	Finish	
Mon	00.00	24.00	
Tue	00.00	24.00	
Wed	00.00	24.00	
Thur	00.00	24.00	
Fri	00.00	24.00	
Sat	00.00	24.00	
Sun	00.00	24.00	

P Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

1. The premises are at risk assessed from time to time in accordance with existing legislation.

b) The prevention of crime and disorder

1. CCTV shall be installed at the premises. The number and locations of the cameras/monitors and recording equipment to be agreed with the police.
2. Recordings shall be stored in a safe environment for a period of time agreed with the Crime Prevention Officer and made available to an authorised officer of the licensing authority or police.
3. The system shall be maintained and images stored in accordance with the Data Protection Act and any other relevant legislation relating to the use of systems.
4. The requirement for door supervisors will be determined by a management risk assessment. Any door supervisor employed by the company will be licensed under the Private Security Industry Act 2001.
5. A register of door staff will be maintained indicating the number of door staff present on the premises, their identity and the times they are on duty.
6. A drugs policy will be agreed with the police and implemented.
7. Drinks promotions will not be permitted allowing unlimited supply of alcohol for a set price.
8. A representative of the premises licence holder will actively participate in the Pub Watch scheme
9. No person who appears to be drunk and/or disorderly will be allowed access to or be allowed to remain on the premises.
10. There will be full adherence to the local Check 21 Scheme criteria.

c) Public safety

1. Plan drawing numbers 100 and 200 submitted in support of the application incorporates the proposals in respect of the following public safety measures – means of escape, fire detection, fire fighting equipment and emergency lighting.
2. The applicant will ensure compliance with all building regulations prior to trading.
3. The applicant will comply with the reasonable requirements of the Fire Officer applicable at the time of completion of the works.

d) The prevention of public nuisance

1. To comply with the reasonable requirements of the Environmental Health Officer – to include matters relating to acoustic measures, noxious smells and refuse.
2. Notices asking patrons to leave quietly shall be displayed at the premises.

e) The protection of children from harm

- | |
|--|
| <ol style="list-style-type: none"> 1. Appropriate steps by management of the premises will be taken to ensure no under age sales will occur. 2. Persons under the age of 18 will not be permitted entry to the premises. |
|--|

Please tick yes

Recommendation by Environmental Health (Food Safety Services):

Representation made to licensing services.

EHO Report by Polly Baker (Food safety Services)

The application was received by Environmental Health – Food Safety Service on the 26th March 2009. Consideration has been given, including a visual inspection of detailed plans submitted as part of the application. Site visit has been carried out to the premises but external observations only as premises are boarded up and not in use.

The site visit and plan reveals the following: All elevations shown.

Observations

- New York New York was formerly operated as a bar and nightclub located on corner of Queensway and Britons Street, which is on a main road which is predominantly a residential area, with hundreds of flats/apartments.
- The premises are an end-terrace situated between commercial premises.
- Directly opposite the premises are residential flats/ apartments, these are know as Ocean Boulevard.
- The first floor of the premises is used for customers with two bars, a kitchen, office, female WC and stairs to the front of the building leading to the lower floor.
- The main customer entrance is a double set of doors which lead into a lobby area which has a further set of self closing double doors which lead into the main customer area.
- The ground floor consists of a dance floor and DJ area to the centre of the floor. There are two bars, toilets and cloakroom facilities.
- There are fire exits on Briton Street, Queensway and one to the rear of the building siding onto Orchard Place.
- To the front of the premises there are windows facing out on to Briton Street on the first floor.
- The rear of the premises which sides onto Orchard Place has a shared yard, usage not shown

Additional notes

- No acoustic report is available in support of the application specifying works covering sound attenuation at the premises, taking into account the proposal to hold live music and recorded music twenty four hours a day.
- The applicant has not identified any further risks in relation to part P (prevention of public nuisance) of the application, when quite clearly there are additional risks with the proposed live music and trading hours.
- There is no record of any sound limiting devices at the premises for restricting recorded music levels.

Complaints received, relating to noise since opening in 2004

- 4th May 2004, one complaint from Talbot Court of loud amplified music emanating from New York New York.
- 21st May 2004, one complaint from Talbot Court of loud amplified music emanating from New York New York.
- 28th May 2004, one complaint from Talbot Court of loud amplified music emanating from New York new York.
- Premises closed around July 2004

Objections raised on receipt of application to re-open

- A total of 25 residents living in the local vicinity of New York New York sent in objections with regard to public nuisance, in the form of either letters or signed petitions. The date for these objections was received between the 4th June 2005 – and 20th July 2005, copies of which are held on file.
- The application to issue a license was refused.

EHO concerns

- The potential for sound to breakout from the premises through the front double doors.
- Lack of an acoustic report and therefore, an assessment by the applicants of the controls needed to prevent noise outbreak from the premises as a whole.
- The history of alleged noise nuisance complaints from the premises is considered problematic. Allowing regulated entertainment in the form of “live music” gives us serious concern in terms of preventing public nuisance.
- The close proximity of residential housing and the proposal to hold live music leads us to believe there is potential for nuisance.
- The potential for dispersal noise from customers entering and exiting the building.

Conclusion

For the aforementioned reasons, I have serious concerns about the potential for noise nuisance from New York New York should the license be granted.

Recommendations

- To make a formal representation in relation to the prevention of public nuisance licensing objective.
- We object to the proposal under part E of the application, to have any live music at the premises, as live music is more difficult to control.
- To provide an acoustic report for regulated entertainment (Pre-recorded music).
- To review the opening hours of the premises.
- To provide a plan of preventive measures for dispersal noise from the customers entering and exiting the premises.

Quite a bit is duplicated on both files, but where there is a need to separate documents in relation to both premises I have done so.

HAMPSHIRE CONSTABULARY

NEW GRANT OR VARIATION OF PREMISES LICENCE OR CLUB PREMISES CERTIFICATE FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY

State the ground(s) for representation *(please read guidance notes 1 & 2)*

The Chief Constable has delegated authority to all Operational Command Unit Commanders within Hampshire Constabulary in respect of his responsibilities under The Licensing Act 2003. The OCU Commander, Chief Superintendent Greening has further delegated this responsibility to The Licensing Sergeant for Southampton.

Hampshire Police are objecting to the grant of new premises licences at both McClusky's and adjoining premises New York New York.

The grounds for objecting are based on evidence of crime and disorder that existed at both premises up until they closed in June 2004. This evidence will be produced as a timeline of disorder from 1st January 2003 until 29th June 2004 and is supported with documentation. There is also a timeline of under age issues associated with both premises from 1st January 2003 until 29th June 2004 and this too is supported with documentation.

The Police view is that the impact of granting premises licences at either one or both of these premises will undermine the following licensing objectives:

- 1) The Prevention of Crime & Disorder
- 2) The Protection of Children from Harm

The Police are also of the view that the granting of these licences will undermine the Prevention of Public Nuisance Licensing Objective however we are aware that a number of concerned residents will wish to make their own representations on that point.

The application is a significant and substantial one. If granted these two adjoining premises would have a combined capacity of nearly 1,400 persons. This would make these two establishments the second largest night time economy attraction in Southampton, the largest being Oceana which is located well away from any residential premises at Leisure World.

It is not only the size of these establishments that is of concern but the fact that the applicants are seeking to apply for premises licences that will authorise the sale of alcohol and the provision of entertainment 24 hours a day. If granted these premises would have the latest opening times for venues providing late night entertainment in Southampton. Generally in Southampton licensed premises of this size and nature have agreed to a terminal hour for the sale of alcohol to be set at 0300 hours and a closing time of between 30 minutes and one hour later. If these premises were granted licences beyond 0300 hours both venues would attract hundreds of revellers from other late night premises that closed at 0300 or earlier within the city. Many of these revellers will be well in drink if

HAMPSHIRE CONSTABULARY

NEW GRANT OR VARIATION OF PREMISES LICENCE OR CLUB PREMISES CERTIFICATE FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY

not drunk and should the management refuse entry to these individuals this will inevitably lead to conflict at front doors with door staff and amongst themselves on the street.

Although The Police do not have any comparative data concerning other licensed premises in 2003/4 Inspector Phil Bates will provide evidence of his policing experiences regarding the crime and disorder associated with both McClusky's and New York New York at that time until they closed in June 2004.

The Police Licensing Sergeant then and now, Stewart Chandler will confirm that no other licensed premises within the Night Time Economy at that time attracted such levels of disorder, allegations of under age drinking and Police intervention with management.

Both applications are being made by the same company, Nexum Leisure Limited, the same company that previously operated these two premises back in 2004. Prior to these two night clubs closing in that year the extent of crime and disorder was such as to suggest poor and ineffective management as demonstrated by the enclosed Police documentation. If the premises were run this way now both would be in breach of one or more of the Licensing Objectives.

Looking at the proposed operating schedule for both premises there is very little change to the operating procedures that existed previously. The steps proposed are standard namely:

- CCTV installed in agreement with The Police
- Drugs Policy
- Door staff
- Check 21 Scheme

The only additional step in the operating schedule that did not exist before is an assurance by the applicant that they will not permit a drinks promotion that allows the unlimited supply of alcohol for a set price. The Police welcome this as in their view such all inclusive deals are wholly irresponsible and promote customers drinking to excess.

McClusky's and New Yorks were the only operators in Southampton at the time that decided to operate '£10 All Inclusive Deals' This effectively meant pay your £10.00 on the door and you can drink as much as you want during the night. The reality of such deals are that it encourages customers to drink more than they are comfortable with and Police and Hampshire Ambulance having to deal with the consequences .

At the time Police made representations to the club management regarding such irresponsible drinks promotions and eventually they were withdrawn (see copies of correspondence).

Back in 2003 / 2004 there was evidence of underage persons easily gaining access to both premises but more so McClusky's. As a result meetings were arranged between Police, management and company solicitors in order to discuss this issue and demand improvement (see copies of correspondence).

HAMPSHIRE CONSTABULARY

NEW GRANT OR VARIATION OF PREMISES LICENCE OR CLUB PREMISES CERTIFICATE FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY

In order to address underage persons gaining access to either or both of these premises the proposed operating schedule refers to adopting a Check (Challenge) 21 Scheme. This is standard practice across the night time economy, what makes the difference is how well operators implement such schemes.

Within this application there is a variation on the previous licence that existed in 2004. The operators intend that Topless Dancing by performers and staff will take place. Even more reason to ensure Under 18's are not able to access the premises.

Another significant aspect to this application that warrants consideration is the impact the granting of these licences will have in undermining The Prevention of Public Nuisance Licensing Objective, this is an area that local residents will have a view on. The vicinity surrounding McClusky's and New York New York has changed significantly since the time these two clubs were operational. With the exception of an Indian Restaurant in Queensway the immediate vicinity is now predominantly residential.

Although both premises were still closed, in June 2005 Nexum Leisure Ltd applied to renew the annual Public Entertainment Licences for both McClusky's and New York New York. There were objections from residents to this application and the matter was considered by The Licensing Sub Committee on 29th September 2005. The committee's decision was to refuse the application as 'in the absence of a clearly defined operation plan for the premises the sub committee was unable to assess the impact of the operation of the premises on the area and community and was not able to make an assessment of the Prevention of Crime and Disorder in the area given the concerns raised by objectors'

Nexum Leisure Limited appealed this decision to Southampton Magistrates Court however on 5th January 2006 Nexum Leisure Ltd withdrew the appeal. Without Public Entertainment Licences in place both premises would have reverted to just having Justices Licences permitting both to sell alcohol until 2300 hours and 2230 hours on a Sunday. Neither premises opted to convert their existing Justices Licences to premises licences in accordance with the then new Licensing Act 2003 (which took effect in November 2005) and as a consequence both premises became unlicensed.

At the time the residential objections were made McClusky's had a Public Entertainment Licence until 0200 hours and New York New York until 0300 hours. However both premises were only permitted to sell alcohol until 0200 hours.

Police are not just concerned about the actual management of these two premises and the likelihood of being deployed to this location to deal with crime and disorder but the overall impact on policing that these two venues will have on Southampton City Centre.

Chief Superintendent Greening will elaborate on this but essentially in order to provide adequate policing for the Night Time Economy in Southampton a significant number of police officers are drafted in at weekends to meet that demand, these officers are taken from Portswood, Bitterne and

HAMPSHIRE CONSTABULARY

NEW GRANT OR VARIATION OF PREMISES LICENCE OR CLUB PREMISES CERTIFICATE FORM FOR REPRESENTATIONS FROM HAMPSHIRE CONSTABULARY

Shirley Police Stations often leaving these areas covered by minimum staffing levels. As it stands as many as 4 Sergeants, 25 Constables and an Inspector are currently required to police the Night Time Economy. Many of these officers will be involved in the arrests of persons for alcohol related disorder and it is not uncommon for custody space at Southampton Central to fill up by midnight and subsequent prisoners having to be transported to other custody centres across the county.

The location of these two premises in Queensway are out on a limb from the main proliferation of licensed premises in the City Centre and in order to provide the necessary policing cover for these two venues it would be at the expense of already strained resources.

The granting of premises licences at McClusky's and New Yorks will exacerbate this problem.

In Summary

(A) There are genuine police concerns about how these two establishments will operate, this is based on the below evidence:

- (1) Timelines of disorder in relation to both McClusky's and New York's from 1st January 2003 – 29th June 2004. This evidence is supported by copies of print outs from Police Control Room
- (2) Timelines of underage issues at both McClusky's and New York from 1st January 2003 – 29th June 2004. This evidence is supported by statements, internal Police e-mails and print outs from Police Control Room

(Evidence (1) & (2) to be presented by officers from The Police Licensing Unit)

(3) Report from Inspector Phil Bates regarding his experiences of policing McClusky's and New Yorks in 2003/4

(B) The impact the granting of these two licences will have on existing police resources, this is based on the below evidence:

- (1) Report from Chief Superintendent Matthew Greening
- (2) Extract from the Southampton Strategic Assessment October 2007 – September 2008 produced by Senior Police Analyst Holly Crane

State any conditions that the Police seek to negate the need for a hearing

HAMPSHIRE CONSTABULARY

INFNT HAD HIS PHONE STOLEN FROM HIM TONIGHT. IT WAS ON THE BAR AND A MALE TOOK IT.

HE HAS CALLED THE PHONE TEL NO - 0796 [REDACTED]

THE MALE ANSWERED IT AND STATED THAT HE WANTED INFNT TO MEET HIM AT SC TRAIN STN WITH #100.00 TO GET THE PHONE BACK.

HE THREATENED INFNT WITH A GUN OVER HIS SHOULDER IF HE DIDN'T PLAY BY HIS RULES AND SOMEONE WOULD GET HIM AND TO WATCH HIS BACK.

INFNT TOLD MALE WHERE TO GO AND THEN THE MALE SAID THAT HE WOULD GET HIS SISTER - SISTERS ADDRESS WAS ON PHONE.

INFNT IS MAINLY CALLING BECAUSE OF THE THEATS TO HIS SISTER.

THE THEFT IS ON CCTV AT CLUB

CAN SOMEONE CONTACT INFNT TONIGHT - HE IS SAT BY THE PHONE WAITING AND VERY CONCERNED ABOUT THE THREATS TO HIS SISTER. HE IS NOT GOING TO MEET THIS MALE BECAUSE OF THE MENTION OF A GUN

I HAVE JUST WITNESSED MALE BREAK INTO B S S SEA FARERS AND HE HAS STOLEN A SPADE. HE IS NOW OUTSIDE NEW YORK NEW YORK AND IS WAVING IT AROUND. HE IS WITH A GROUP OF 10 OTHERS.

MALE DESC AS WHITE - SHORT HAIR - JUMPER KICKERS CREAM - AGED 20 YRS

(CALLER [REDACTED])

23012004/00:36:08 240 TTCAD4130

FROM CCTV - THERE WAS AN EARLIER SCUFFLE IN THE ENTRANCE TO NEW YORK'S WITH MALES FITTING THE DESC OF THE OFFENDER

BOTH ICI MALES:

1 WEARING A DK JACKET AND WHITE T SHIRT, BEIGE TROUSERS

1 WEARING A CREAM JUMPER AND DK TROUSERS

.THE WALKED OFF UP BRITTON ST - TOWARDS THE HIGH ST

23012004/00:38:03 11366 TTCAD4135

AMB WERE UNABLE TO FIND POLICE, HAVE ADVISED THEM THE MALE IS OUTSIDE HERTZ.

23012004/00:58:55 10907 TTCAD4129

SN05 - WE THOUGHT WE WERE CALLED TO A BREAK AT NEW YORKS AND THE INFT [REDACTED] - ON ARRIVAL WE FOUND A MALE WHO HAD BEEN ASSULTED THAT IS WHAT THIS LOG RELATES TO - HOWEVER THE AGRIEVED IS MAKING NO COMPLAINT AND REFUSING ALL DETAIL - IT IS BELIEVED HE KNOWS WHO ASSULTED HIM - HE HAS NOW GONE OFF IN SEARCH OF A CAB - IT IS THE OPINION OF THE AMBULANCE THAT HE IS EXTREMELY HIGH IN DRUGS - NO COMPLAINT FROM THE AGRIEVED AND ASNT FOR THE OFFENDERS - DETAILS HAVE BEEN TAKEN FOR ACR -

WE ARE NOW GOING TO CHECK SEA FARERS - NO SPADE HAS BEEN SEEN.

23012004/01:07:47 10907 TTCAD4129

SPEAKING TO [REDACTED] ***** R E S U L T *****

- THE AGRIEVED FROM THE ASSULT WAS THE ONE THROWING THE SPADE AROUND ! - THERE HAS BEEN NO BREAK IN HERE.

THE ACR RELATING TO THIS LOG SHOULD BE MADE FOR AN ASSULT NOT A BURGLARY AS ONLY AN ASSULT HAS HAPPENED HERE [BUT THERE IS NO COMPLAINT FROM THE AGRIEVED].

Chandler, Stewart

Subject: NEW YORKS

Stu,

I attended an incident in BRITON STREET at 0025 today (23/1/04). A male had been assaulted by 2 offenders who had kicked him in the head. The incident was preceded by an altercation outside NEW YORKS where a male had been waiving a garden spade at someone.

Very credible witnesses state that the male with the spade was threatening people with the spade and waiving it around his head. They also state door staff at NEW YORKS were 'goading' him on and seemed to be encouraging him. They were amazed at the attitude of the staff. This all happened right outside their door.

CCTV contacted TWUN and advised that the aggrieved had been ejected along with at least one other male from the club. I therefore spoke to the door staff and asked them about the assault that had just taken place in BRITON STREET which would have been clearly in view of their door. They looked at me completely blankly. I asked what the situation was concerning the males who had been ejected 10 minutes ago and received the reply "There's been loads of people coming out of here mate."

They were completely obstructive and unhelpful. I then told them that CCTV had filmed people being ejected and they suddenly remembered that 2 males had been ejected for violence inside the club.

This is yet another example of the unprofessional and obstructive nature of the staff at NEW YORKS. Please would you add this to the long list of incidents?

Thanks

*Terry Clawson

Entered time: 29/09/2003 12:58

Remarks: Working sheet text (3.1) 29/09/2003

20528 280903 Apparently the aggrieved attended New York Nightclub in company with a friend [REDACTED]. Upon leaving at around 0200am the aggrieved engaged in a conversation with a female o/s the venue. The female then left and the aggrieved was approached by 4-5 light skinned 1C3 males. No words were spoken. One of the males who was wearing a blueheaded top then smashed a glass bottle over the head of the aggrieved, striking him behind the left ear causing bleeding and swelling. As the aggrieved fell he was then kicked to the back of the neck by a second male. The first male then scrapped the bottle across the aggrieved's neck region causing it to bleed. The suspect then casually walked off towards the Tesco garage. Police were flagged down in the Queenaway and the aggrieved pointed out the male who was detained by ST51 in Orchard hare [REDACTED]. Aggrieved attended SGH - exact injuries unknown at this stage, possible broken nose.

Subject: McCluskys New Yorks

Doorstaff at McCluskys are not happy with thte management as management were stopping the door staff checking ID on people and just letting them in when they appeared to be underage. One 16 yr old arrested from there last night. Also story of one being ejected from McCluskys and being walked by management from McCluskys into NYs. I am on again tonight and will do a fuller report by end of weekend. This needs sorting.

During the weekend of 13th / 14th December 2003, it was brought to my attention that _____

Rachel had been celebrating her 15th birthday in McCluskies.

When spoken to re this issue she claimed that she had been using this place for many months and she was one of many people in there underage.

I asked her what checks they had made re her age when she used the premises. They initially asked her age, which she obviously lied about, then when she was recognised then no further questions were asked.

To be fair to the door staff, I have to say that when Rachel is dressed up, make up etc she can easily pass for a female in her early 20's.

Hello licensing Unit,
Just to let you know, CIS log entered in relation to the above premises. This follows the arrest of 2 x 16 yr olds for criminal Damage to a taxi, having just left McCluskys, after a skin full.
Both boys say they have been allowed in there a number of times before and no ID has been requested. Always get served.
Thanks,
Hayley.

On Saturday 22nd November 2003 I was at home in the evening getting ready to go out to McEliskeys I go there every so often with a group of friends on this Saturday I was going out with two of my friends Hannah [REDACTED] and Rachel, but I don't know her surname. My arrival at about 7pm on ^{AC} we went to getting ^{AC} ready to go out. Someone seen after Stephanie [REDACTED] arrived. I only knew Stephanie was coming about five minutes before she arrived because Hannah had invited her. No-one had been drinking at this stage but when we were all together we started drinking some alcohol. Stephanie had brought her own drink in a small coke bottle. It was vodka and coke but looked to be mostly vodka. We were all going to her that she couldn't handle her drink. The more of she has to drink the

loader she gets, we stayed at my home chatting, drinking
 and getting ready. I ordered the taxi to take us to
 McDuckey and it arrived at about 9.30pm. We all pay
 towards the cab fare. We got to McDuckey at about 9.45pm
 and it dropped us right outside the door. We went straight
 in but the doorman looked at Stephane and then said to me
 that he would only let her in if I kept an eye on her
 and he told me to make sure she only drank water. The
 man became when we were at the door she was really loud
 and stirring her words. We went straight up to the ladies
 toilets and on the way up there Stephane was bumping into
 Hannah almost knocking her over, Hannah said something to
 her and then in the toilets Stephane started at Hannah asking
 what she had said, she was shouting and other in the
 toilets were asking her to calm down. Then a large woman
 stood in the doorway and said "Come on Steph". Steph
 laughed and said "alright". The doorman took her down stairs
 and to the door area. But I didn't see her then or I
 don't know if she was shaken out. Hannah was covered up
 so we went to the bar and bought a drink. Then we
 were drinking and Steph came and asked all of us
 where Chastene was, (her sister). The same doorman was
 still with her. We all said we hadn't seen her sister
 and the doorman took her off. Soon after the DJ put a call
 out over the microphone for her sister and I never saw
 Stephane again that night. The last time I saw Steph
 must have been some time just after 10pm not later than
 10.15pm. When we left at about 10.45pm to go to New
 Yorks I spoke to the doorman who had been with her
 he was on the door and I asked him where Steph was but
 he didn't know. I asked which way she had gone, but again he
 didn't know. I haven't seen or heard from her since. I have
 had this statement read to me and made any alterations.

[redacted] (MOTHER)

Approximately 4 pm on Wednesday 31st December 2003, I met my friend Kelly [redacted]. It was our intention to go into Southampton and then go back to Kelly's house where I would stay overnight. Approximately 7 pm, Kelly spoke to a friend on her mobile telephone. During the course of the conversation, her friend asked what we were doing during the evening, Kelly told her we were staying at home whereupon her friend, who is 18, suggested we went to M^cCLUSKIES. Kelly was eager to go but I just went to keep Kelly company. Kelly and I left home about 8.30 pm and arrived about 9.30 pm. When we arrived there was no queue. I saw 3

'bouncers' standing by the door. One of them said "hello" and we walked straight in, unchallenged. No one else entered with us.

Inside the club it was quiet and quite well-lit. Kelly and I went to the toilet and chattered to a group of about 5 girls. We didn't know the girls but 3 were under 18.

We went downstairs and went to the bar. Kelly ordered a W.K.O. or something similar. I didn't want anything to drink. The people serving behind the bar didn't ask how old Kelly was and served her the W.K.O. We spoke to a couple of girls from the toilets and danced. Kelly bought another W.K.O. Some of the girls we met had drinks. I think one was a 'Vodka Ice'. I don't know how old the girl was who had the Vodka.

At no time were we approached by anyone whilst in the club.

Kelly received a phone call from her mum stating my mum had contacted her. I ~~then~~ left the club with Kelly and I went to a nearby phone box. Kelly went back inside the club.

When I went to M'chuskie's I was wearing a black sleeveless dress which I wore with one side slightly off the shoulder. The dress was approx. 4 cms from the knee and was loose fitting. My legs were bare and I wore black snow boots which came just below the

knee. I carried a black, white and red bag. I also wore a black knee-length coat. My hair is dark and is just below shoulder length. I did not dress it up. My make up was subtle. I wore 'light' perfume. I think I did look slightly older than my years. Having said that on the bus journey to the club I was charged 'child' prices without being asked my age. Usually when I am not dressed up I am charged adult prices.

I would describe myself as 5'7", slim build, long dark wavy hair.

Kelly and I have not been to M^c CHUSKIES before but I know boys who do. The youngest is about 16.

This statement (consisting of 2 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

Signature: L. [redacted] Date: 5/10/03

During the evening of Saturday 4th October 2003 I went out with a group of my friends into Southampton drinking. I went to McCluskys and then onto New Yorks in Queensway, Southampton. I had drunk about 8 pints of lager. I came out of the club about 0130 on the Sunday morning as my friends, Gerald [redacted] and Kirk [redacted] were outside. We waited for our other friends to come out. Just after 0200 the club closed and our friends Gary [redacted] Khan and Michael [redacted] came and joined us. We were all stood by the bus shelter opposite McCluskys. We were talking amongst each other. 2 men then approached us. The first man I will refer to as male 1 was about 6'1", big build, short black hair, wearing jeans and a dark shirt. Male 2 was a bit smaller, I cannot remember anything else about him. Male 1 came up to me and said 'Whats your problem?' About this time I became aware my friend [redacted] Khan, had been hit and was laid out on the ground by me. I did not have time to react and male 1 just hit on the left side of my face with a clenched fist, I stumbled back, male 1 continued towards me and was swinging more punches towards me but I managed to avoid them. Male 1 then ran off as 2 police officers approached. I have never seen male 1 or 2 before. No one had permission to assault me and I am not aware of anything I had done to warrant such action by anyone. I certainly was not a threat to any one. I do not think I would recognise the men again. I did not see who assaulted [redacted], I just remember the fact that he was laid on the ground. After a while at the request of one of the police officers I got into the police van and was taken to Southampton Central police Station for this statement to be obtained. Whilst at the police station I examined my face in a mirror and could see swelling just under my left eye and that the swelling had a small cut on it about 1 cm long, the swelling was

I am the above named person and live at the address overleaf.

On the 4th of October 2003, I attended the New York New York night Club in Queensway Southhamton. I was 17 years of age at the time and with a group of friends of about 15 to 20, on entering the nightclub I wasn't asked for identification of age by any member of staff.

I only went to the bar once, where I ask for a WKD, which is an alcoholic drink. I was able to buy this drink and was not ask for identification of age.

After a while in the club a member of my group of friends spoke to Richard, a member of the group, and I and said that they were leaving and were we coming. Richard said "no we were going to stay a little longer"; also staying in the club was two other members of the group, Andrew and Sam.

Andrew and Sam were on the stage dancing, a bouncer went over to Andrew and I heard him ask him to get down off the stage, as only four people were allowed on the stage at any one time. Sam said he would get down instead, but the bouncers said "no we want him down", I took this to mean Andrew. Andrew then said "I don't see why I should, there is only three of us up here now, which is less than there should be"

The bouncers then replied "we don't want have to look at you" Andrew then said "Why what's wrong with me" the bouncers reply was "we don't want blacks in here".

The next thing I knew there were more bouncers around us and two of the bouncers pulled Andrew by his hand and dragged him off the stage. They then pushed him over

to the fire exit, and made a human barrier, with Richard and I on one side and Sam and Andrew on the other.

All of a sudden four to five bouncers jumped on top of Richard, forcing him to the floor face down. I saw that as Richard lying on his stomach with his head to the side, one of the bouncers had his thumb on the side of Richards's throat and his knee in his back. I could see he was going red, he looked as if he was finding it hard to breathe. I said to the bouncer who had hold of him "he can't breathe", to my amazement the bouncers reply was "Good" I kept on shouting for him stop say that Richard couldn't breathe, then one of the other bouncers hit me in my throat winding me.

After a few minutes the bouncers all went back into the club, leaving us outside.

HAMPSHIRE CONSTABULARY

Station : **Southampton Central**

OCU : **5 Southampton**

Department : **SNT**

Date : **07 April 2009**

Subject : **Premise Licence Applications for New York New York and McClusky's**

Licensing

I am Inspector 5012 Phil Bates. My present role is the Safer Neighbourhood Inspector (SNT) for Southampton Central West Sector. This is one of 7 Sectors that cover Southampton. Within this sector are the major retail area and the Night time economy area. I have responsibility for policing these issues.

I have a long association with Southampton Central. I was a Police Constable here from 1982 to 1995. I returned as a Sergeant in 1999, leaving on promotion in 2004. In 2006 I returned to Southampton as a Duty Inspector responsible for day to day incidents across the city, this included policing the night time economy. In September 2008 I returned to Southampton Central as the SNT Inspector.

During my different roles at Southampton Central I recall New York New York Nightclub and later McClusky's. Initially New York New York was considered to be one of the better late night venues within the city. Sadly this did not last long. For a number of years it was a source of calls to the police and required officers to be in attendance. I recall attending fights involving up to 10 people just outside of the venue. There were other times when I attended as a result of fights inside the venue but had finished by the time I arrived but I could see the injuries to persons and the broken glass.

There were a number of reports of door staff using excessive force and of them taking people out of the rear fire escape to avoid cameras.

In my perception as an experienced patrol Sergeant McClusky's became the worst place for trouble in the city. At weekends we constantly needed to keep police officers in the area to try and prevent fights. At closing time officers from other parts of the city centre would be directed to McClusky's to see the club out and often there would be fights. A lot of the people involved were under 18 years of age and in drink. A number of police officers were assaulted in Queensway as a result of fights with patrons from both of these premises.

I recall door staff from McClusky's complained to me at one time as they were wanting to turn certain customers away but the management were instructing them to let them in. The door staff felt this contributed to the troubles.

Since these premises have been shut the nature of the area has changed from a business area to a residential area. What used to be an office block and car park opposite the site is now a development of residential flats and apartments. There are more residential properties close by in Briton Street.

Presently the night time economy is spread over a distance of about 2 kilometres along the main spine of the city, High Street, Above Bar Street and London Road, in places it spreads East and West of this spine but only up to 200 metres. There are satellite sites at Leisure World, and Bevois Valley/St Marys area. Logistically all of this is very difficult to police and resources are stretched along this 2 km spine and at the satellite locations. The main population of licensed premises are in the London Road/Bedford Place area at the north of the city centre. Then it is Above Bar Street in the middle. Therefore the concentrations of officers are to the middle and north of the city. The operation to police weekend evenings is resourced by officers from all the other police stations in Southampton, specialist units from across Southampton and Force wide resources.

A police analyst reported in 2008 that 25% of all of the Violence against person offences for the whole of Southampton occur on a Friday and Saturday night **WITHIN MY SECTOR**, i.e. a quarter of the offences occur in just 2 nights in just one of the seven Sectors across the city.

New York New York and McClusky's are in the south of the Sector. Officers are already stretched to cope with demand at weekends. With the history of these premises, the proximity of residential areas and from the detail on the schedule I consider there will be an increased demand for police resources and I need to consider how this will be achieved. However it is achieved it will be at the cost of policing in another area.

Insp 5012 Phil Bates

HAMPSHIRE CONSTABULARY

Station : **Southampton Central**

OCU : **Southampton**

Department :

Date : **22 April 2009**

Subject : **Licensed Premises Applications for sites known as 'New York New York' and McCluksy's Queensway Southampton**

To whom it may concern,

I am Chief Superintendent Matthew Greening and I am the Operational Police Commander for Southampton Police. I have worked as a Police Officer in the City on and off since 1985. I have performed many different roles. As a Constable my work included policing the alcohol related disorder especially at weekends and regularly including Queensway area. As a Sergeant I led a team out of Southampton Central Police Station. I was a Custody Sergeant dealing with people arrested in the City and I spent a period as the licensing sergeant for the City working with the City Council on the policing of licensed premises. I am now responsible for the delivery of all front line operational policing services for the people of Southampton.

In every role I have performed in the city I have always been acutely aware of the impact of alcohol and the proliferation of licensed premises, especially those with late night closing times. Every weekend (but also at other times) Police Officers in the City deal with violence, disorder and other criminality, such as damage, created by excessive drinking. Alcohol consumption is a significant factor in offending behaviour but also in the risk victims are exposed to. There is a strong link between victims of sexual offences and rape in the City centre and the consumption of alcohol. Wider members of the public face the noise, litter, intimidation and violence caused by those who use the city centre to drink to excess.

The change in drinking hours has led to these negative outcomes occurring later into the night and the early morning. There has been no reduction in violence and disorder but it is now spread out across a longer period. The impact on policing is that I now have to commit 0.5 million pounds of policing service every year just to the city centre on 2 nights of the week. That figure covers only the on street uniform policing and doesn't include the cost of the custody provision, investigations the following day, management time and many other support costs such as criminal justice functions. The total cost could be 3 or 4 times that amount. That is public money being used to police the several thousands of people in the city every weekend too many of whom drink to excess and so pose a risk to themselves and others.

To provide the amount of officers needed through until 4 or 5 o'clock in the morning I have to take those officers away from the earlier duties which means that I can not provide as many staff during the busy day time as I would wish to. Also officers come into the city centre from Shirley, Portswood and Bitterne stations to support the late night operation. Those officers are not replaced at those stations, therefore, those communities do not get the level of policing I could provide if it wasn't for the huge demand created by city centre alcohol related disorder and crime.

Southampton is already seen as the late night drinking centre of the South Coast. I have no doubt that despite the current economic climate any additional drinking venues in the City will increase the potential volume of people coming into the city and will further spread out the areas of the City where crime and disorder occurs as a direct result of excessive drinking. Therefore, as the Police Commander responsible to the people of Southampton for the service we provide I have to state my firm objection to the grant of premises licences at these two venues.

Matthew Greening
Chief Superintendent

**Extract from Southampton Strategic Assessment
Oct 2007 – Sept 2008
Produced by Holly Crane – Senior Police Analyst**

4.24 ALCOHOL MISUSE

The vast majority of people enjoy alcohol without causing harm to themselves or to others. But for others, alcohol misuse is a significant problem, and one which carries a huge economic and social cost. In 2004, the government indicated that damage to health, crime and disorder, and loss of work productivity costs around £20 billion per year in England and Wales.

Common harms identified as caused by alcohol include:

- health harms to the individual;
- close links to crime, disorder, anti-social behaviour;
- links to crime types such as domestic and sexual violence and drink driving;
- social harms, including problems within families, young people and communities¹

Southampton has a thriving night-time economy which, despite being generally safe, links with increased levels of violence and other crime and disorder.

The rate of violent crime in Southampton is one of the highest in England. Smoking and binge drinking rates are estimated to be high compared to national levels², and this has several implications for the Crime and Disorder Reduction Partnership.

The harm to the city from alcohol misuse can be difficult to quantify, however, the JSNA (Southampton's first joint strategic needs assessment 2008-2011) identified in their key findings from consultation that alcohol related harm is a significant problem in Southampton. Research by the North West Public Health Observatory³ shows that the city performs significantly worse in the following areas:

- Alcohol-specific mortality – males
- Alcohol-specific hospital admissions – under 18
- Alcohol-specific hospital admissions – males
- Alcohol related recorded crimes
- Alcohol related violent crimes
- Alcohol related sexual offences
- Claimants of incapacity benefit – working age
- Binge drinking
- Southampton PCT recorded 946 people admitted for liver disease in 2007. 90% of these were due to alcohol related liver disease; of these 49 people died.

This is supported by the Local Alcohol Profiles for England research (LAPE) which found that Southampton was significantly worse for:

- Alcohol specific related mortality in males, 302nd out of 354 authorities
- Alcohol related specific hospital admissions under 18, 300th out of 354 authorities
- Alcohol related violent crime, 352nd out of 354 authorities
- Alcohol related sexual offences, 350th out of 354

¹ <http://police.homeoffice.gov.uk/operational-policing/crime-disorder/alcohol-misuse>

² Southampton City Health Profile 2008, Department of Health

³ 'Engaging Communities in Fighting Crime' Review by Louise Casey June 2008

Assessment of offenders managed by probation in Southampton indicates that 53% of offenders showed a link between violent behaviour and alcohol misuse (550). 37% (385 offenders) required an alcohol education approach to address their drinking problems, with 26% (378) referred for an alcohol intervention via an Alcohol Treatment Requirement, indicating a high level of need.

Since January 2008, there have been 51 drug and alcohol related hospital admissions for young people aged 12-16 from Southampton. The most common age is 14. The largest proportions were for alcohol misuse (90%) with 11 (21%) presenting for drug misuse, often in combination with alcohol⁴.

Prison data indicates that around 90% of all prisoners have a diagnosable mental health problem (personality disorder), substance misuse or both⁵.

4.25 KEY ISSUES

Alcohol misuse by young people

Areas subject to Anti-social behaviour and criminal damage have been linked to the misuse of alcohol by underage youths (cf. Pg 9), and the propensity to use alcohol underage affects a proportion of the city's youth population.

- Underage drinking and the congregation of youth groups on Friday/Saturday evenings outside local shops and open park areas. Rowdy and inconsiderate reports are frequently of youth groups, and in some areas evidence of alcohol/drug misuse has been found when the areas are patrolled. This links with areas reporting graffiti, arson and vehicle damage⁶.

A survey in July 2008 by the Southampton youth service 'No Limits' of 465 young people in the city found that⁷:

- 30% (140) of young people surveyed said they used drugs and alcohol regularly, or that they couldn't do without drugs and alcohol. These have been classed as having problematic drug and alcohol use. The peak age for this is 14-16 years.

Of these 'problematic users':

- 61% (86) reported problems with alcohol;
- 14% (19) reported problems with drugs
- 25% (35) reported young people had problems with both drugs and alcohol

The national Ofsted 'Tell Us 3' survey in Spring 2008 found that in Southampton⁸:

- 5% of youths reported being drunk 3 times or more in the past 4 weeks (compared to 6% reported nationally).
- 15% reported being drunk, but only once or twice and not recently (compared to 17% reported nationally).
- 37% reported never having been drunk and 27% had never had an alcoholic drink.

This supports the findings from No Limits that a proportion of youths in are vulnerable to alcohol consumption and the harm that results from this.

Night Time Economy

Excessive alcohol consumption and drug misuse in a vibrant night-time economy in the city continues to contribute to a significant proportion of crime, including violence,

⁴ SUHT data – Young People's Substance Related Admissions (Angelina) September 2008

⁵ Joint Strategic Needs Assessment 2008-2011

⁷ No Limits (Southampton) 'Having Their Say' survey. July 2008. Carol James and Vicki Orba

⁸ Tell Us 3 Ofsted Local Authority Report, Southampton, September 2008

sexual offences, criminal damage and ASB reports. The impact of excessive alcohol consumption impacts on all services across the City every weekend.

- 25% of all Violence against the Person offences committed in a public place in Southampton occur in the city centre area on Friday and Saturday evenings, and other areas of the city also record 'hotspots' for night-time economy related violence⁹.
- Links have been made between rape and serious sexual offences and alcohol consumption in the night-time economy, with the city centre the main area affected although offences also reported in dwellings and other areas of the city¹⁰.
- The city parks are identified as a vulnerable location for violence offences linked to the night time economy, in particular for robbery and sexual violence offences including rape where the aggrieved is more vulnerable through alcohol consumption.
- Excessive drinking in the night-time economy is also linked with criminal damage and ASB, with an increase in damage offences around routes out of the city centre (Polygon area, Shirley High Street) and other stretches with many licensed premises¹¹ (cf ASB, Pg 12)
- 20% of all Hate Crime is recorded in the city centre and these offences are primarily alcohol-fuelled racially aggravated harassment offences against door staff, taxi drivers, and staff working in late-night food outlets¹². (cf. pg 38)
- The city centre continues to record a high number of drug related arrests on Friday and Saturday evenings related to the night time economy. Stimulant drugs (cocaine and amphetamine) are most prevalent in seizures, which are believed to fuel violent crime in the area due to their use alongside alcohol. Assault offences have occurred in close proximity to these premises¹³
- Cocaine use and dealing in Southampton public houses outside of the city centre has remained evident during the period, particularly in Bitterne and Shirley.
- Strain on Emergency Department and ambulance services by alcohol related injuries caused by accidents and/or violence.

4.26 KEY PARTNERSHIP ACTIVITY – Current and Future

The partnership aims to reduce presentation to Accident and Emergency between the hours of 18:00-09:00. Admissions for assault recorded by the Emergency Department have remained consistent over the past 2 years, with an average 122 assaults per month in 2007/08 compared to 120 in 2006/07.

Alcohol also has long-term health issues which impact on resources in the city. Southampton Primary Care Trust have recorded similar levels of alcohol related admissions that require treatment in 2007/08 to the previous year, with approximately 2,500 per year¹⁴.

The Trading Standards department have completed test purchase operations in areas vulnerable to underage drinking, which have resulted in a 20% sale rate. From 68 attempts made to buy alcohol, 14 resulted in a sale. For the previous year, there were 99 attempts made, with 28 sales (28% sale rate).

⁹ Violence Against Person offences, Southampton April-Jun 2008 Holly Crane

¹¹ Neighbourhood Profiles, ASB Quarterly Updates 1/1/08-31/03/008. Kathryn Hague

¹² Southampton OCU PPU Report: DV and Hate Crime October 2008. Amy Luxton

¹³ Class A Drugs Strategic Assessment Southampton OCU September 2008 F.Anderson

¹⁴ Alcohol related admissions data, PCT

The Partnership has chosen tackling alcohol to be the overarching priority in its partnership plan. Current initiatives involve:

- Work within the Night Time Economy on new initiatives to reduce crime and disorder and improve public safety such as the Street Pastor Scheme and the Triage Jumbalance
- A bid has been submitted to GOSE for funding for a brief Interventions scheme to work with young people between 11 and 17yrs who are at risk due to their alcohol abuse.
- The use of the DPPO is intelligence led and targeted at key areas.
- A DVD is being produced for use in schools and with young people which will have hard hitting themes around alcohol misuse.

The proportion of violent crime attributable to night-time economy has remained stable over the last 3 years, which shows that the current policing strategy is containing the number of offences but not having an impact on reducing crime in this area.

- There is a dedicated police resource in city centre on Friday and Saturday nights
- Southampton Police currently commit between 17-25 officers every Friday and Saturday night as a high visibility presence during the NTE. This is resourced from across the OCU and includes where possible Specials.
- The officers are spread out in the 4 main geographical locations of the NTE within the city.
- When possible the local officers are supplemented by the Force Support Unit, however these additional resources are never guaranteed unless funding is specifically provided for this purpose.
- On a busy evening the resources are depleted by the need to travel with detained persons to cell blocks across the county as the cell space in Southampton City is not sufficient to cope with the demand.
- Police numbers may not always be sustainable and the high visibility approach, whilst containing the issues, are not reducing them therefore other ways of containing the violence and drunkenness related to the NTE need to be assessed and implemented.

In June 2008, a consultation was carried out by No Limits information, advice, counselling and support service with young people aged 11-25, regarding their views on how substance misuse treatment services (Tier 3) should be designed and delivered in Southampton, with the aim of informing the commissioning of new services for children and young people who have problems with drugs and alcohol¹⁵.

An assessment of cumulative impact from the nature and combined effect of licensed premises found that 3 defined areas of Southampton are disproportionately affected by offending linked to the night-time economy¹⁶. These areas are: Bedford Place/London Road, the Above Bar area and Bevois Valley. All three locations record increased levels of violence and criminal damage offending. Links with alcohol misuse were evidenced by times of offending and intoxication of victim/offender. As a result, a Cumulative Impact Policy (Licensing Act, 2003) has been pursued in these areas as a tool to control violent crime and alcohol related offending.

¹⁵ No Limits (Southampton) 'Having Their Say' survey. July 2008. Carol James and Vicki Orba

HAMPSHIRE CONSTABULARY

MINUTE SHEET (No. 1)

H.Q. Ref. No.

Div. Ref. No.

16/3/04 - SUB FOR FALOW.

Meeting 10/3/04

Meeting held at Hulse Road, present were the area manager John Boardman, Solicitor Rodney Shires and Licensee's [REDACTED] [REDACTED] and [REDACTED] [REDACTED]. Police were represented by Insp Snook and PS Chandler.

Insp Snook commenced the meeting stating that there had been a significant improvement in terms of a reduced number of calls to New York's and McCluskie's. Insp Snook read through the schedule that had been prepared by PC Tait with particular reference to the incidents that had taken place since the last meeting on 21/1/04. PS Chandler described an incident that had occurred on 5/3/04 where there was disorder outside of the premises and that he had found the head Door Supervisor rude and uninterested in making any response to questions from the Police. John Boardman was present when the incident occurred and agreed with Sgt Chandler's comments and that he would address the matter with the Door Supervisor.

The new licensee [REDACTED] then described that the units were attempting to go a little more up market and were encouraging guests to star on particular nights.

John Boardman asked whether the Police would be prepared to take calls from the Solicitors in order that the situation at the clubs could be monitored and feedback given to the area management. This was agreed with the expectation that Mr Shires would either contact Insp Snook or Sgt Chandler for feedback.

The issue of CCTV was raised by Insp Snook concerning a letter that was sent by Insp Snook at closure of the Prime on 30/4/03. The Police had not received any feedback in relation to the letter that recommended that CCTV should be upgraded within the premises. The new licensee [REDACTED] confirmed that the club had now obtained 5 Infra red internal CCTV cameras (2 black and white, 3 colour) multiplex and two time lapse VCR's. Insp Snook offered the assistance of the Police in positioning these cameras within the premises.

The issue of drinks promotions was raised by Insp Snook and concern was expressed by the officer with regard to some of the offers concerning "All drinks for £1". The management explained that the offers applied to some not all drinks, which is contrary to the flyers in circulation. The management were reminded about their obligations to promote safe drinking and the guidance of Southampton Police licensing on such promotions with potentially any irresponsible promotions leaving the club open to more formal action.

McCluskys and New York New York Nightclubs

Meeting with Mr Boardman, Mr [redacted] and Mr [redacted]
11.00 hrs Wednesday 21st January 2004

Also present Inspector Snook and PS Chandler

Insp Snook explained the meeting had been called to discuss the increasing reports of underage issues at the above premises.

Insp Snook then proceeded to go through individual accounts from a schedule. At the conclusion he stated how concerned he was that persons under 18 and as young as 14 were able to get into these premises and obtain alcohol.

Mr Boardman questioned the validity of the information on the schedule whereupon Insp Snook explained that a number of the reports were as a result of intelligence information received and others were backed up by witness statements.

[redacted] indicated that a possible reason for increased reports of underage drinking could be as a result of malicious calls, these persons having been refused entry themselves.

Insp Snook stated that aside there is still clearly underage issues that can be evidenced.

Insp Snook then asked why was this happening. There was an initial acceptance that there is a problem with underage issues however Mr Boardman then asked Mr [redacted] to refer to his incident book. Mr [redacted] referred to 4/5 recent dates where it was recorded that his staff had turned away between 40-60 individuals on any one night as they did not have acceptable ID.

Mr Boardman then at the defence of Mr [redacted] stated that he was an experienced licensee who does care about these issues. The management team was disappointed firstly that no follow up meeting took place after the one some 13 months ago and secondly that they were not made aware of these issues when they arose in the first place.

Insp Snook agreed that regular meetings could take place in the future and that the underage issues have only really come to notice since September 2003. Police have gathered information since that time in order to establish a clear picture of the problem and this meeting has been called now to address it.

Insp Snook commented that it is fair to say that following the last meeting improvements had been brought about and it is only over the past few months that police had observed a deterioration.

PS Chandler explained that he has a general overview of what is happening licensing wise across Southampton and it has become apparent to him that McClusky's is the venue that keeps cropping up as a premises where underage customers can get in.

████████ stated he would now deal with this problem and ID everybody, Mr Boardman clarified that this would not be necessary obviously older customers would not be challenged.

Mr ██████ was asked what ID he would accept - photo driving licence and passport. It was agreed a photocopy of a passport would not be acceptable.

Mr Boardman queried whether there had been a change of policy regarding extra police outside his venues. Insp Snook clarified there has been no change in policy, the police are intelligence led and if a certain location is experiencing problems then the police would respond.

Insp Snook explained that he would be recording the fact that he was formally warning the management today regarding underage issues and should further information materialise then he would consider prosecution and revocation proceedings.

A further meeting is planned for 10th March 2004 at 1400 hrs.

Dear Sir

Re: McClusky's and New York New York Southampton.

Thank you for your letter dated 27th October 2003 regarding drinks promotions within the Southampton licensing area. I am aware that the licensing trade is a very competitive industry and Licensee's actively advertise their premises by way of drinks promotions. The overriding principle that I apply in Southampton is that these promotions need to be responsible, not promote unhealthy competition between premises and not promote excessive drunkenness.

In May this year I was made aware of a drinks promotion at Mclusky's which in my opinion was highly irresponsible and did not promote the premises as a safe drinking venue. The picture on the flyer showed a male with a swimming hat and goggles swimming out of a pint of lager, on the rear of the flyer was an offer to pay £10 for entrance and this would include all you can drink. I duly contacted the Licensee [REDACTED] and informed him of my concerns and he agreed to withdraw the promotion. I am aware that subsequent to the promotion that both New York New York and McClusky's have run drinks promotions including 'two for the price of one' and I have not objected to them.

With regard to drinks promotions in other premises Mr [REDACTED] is aware that the Licensing Team will look into each promotion on its merits and as a result of information from Licensee's other drinks promotions have recently been withdrawn. I will however not get drawn into commenting on the promotions that other clubs are running but I assure that these are dealt with in a firm, fair and consistent manner.

Mr [REDACTED] has been informed that he can contact this office at any time to seek our advice on promotional offers that I am aware are costly. I would urge him to attend the next Licensing Link meeting to be held on Wednesday 19th November 2003 where amongst other agenda items I want to discuss drinks promotions and negotiate some future guidelines for link premises.

Dear Inspector

On behalf of my clients Springwood Leisure, I have been instructed to write to ask for clarification as to your policy for drinks inclusive deals. My clients operate McClusky's and New York New York in Southampton. Earlier this year, my clients were competing with Jumpin Jaks with an inclusive deal and you contacted them on the 11th May to suggest they immediately stop the deal. My client agreed to this.

We are instructed that at the present time Jumpin Jaks is again promoting an all in deal namely "Pay £3.00 and drink vodka kick free between 8pm and 10pm on Mondays". This has been going on since September. We understand that this has been drawn to your attention and we would welcome your confirmation as to whether our clients can run a similar promotion or if not what is being done to stop the promotion at Jumpin Jaks.

At the moment my clients are down £16,000 in revenue as a result of what they consider unfair competitiveness from Jumpin Jaks have over them. We look forward to hearing from you at your earliest convenience.

Yours faithfully

SWE

Dear Mr [REDACTED]

I am writing to you concerning the partnership work between the Southampton Licensing Team and your venue. As you will be aware this work was commenced in December 2002 following a Police review on the levels of incidents at New York New York. Since the commencement of the project there has been a dramatic improvement regarding the number of recorded instances at the club, this is extremely encouraging from the Police perspective.

It is the view of the Police that your premises would greatly benefit from the introduction of internal CCTV covering in particular the bar areas, dance floor and exits. You may be aware that it is now a requirement of Southampton City Council that all new premises that apply for a Public Entertainment Licence have adequate CCTV covering both the inside and outside of the venue. It would be extremely encouraging for your venue to install internal CCTV prior to the annual PEL renewal in June 2003.

I would like to take the opportunity to personally thank you and your area management for the open and honest manner that you approached this project. It is clear that there have been many benefits to this partnership approach, in not only examining your premises, but also licensing issues across the city. I would also like to thank you for your assistance, support and practical application of the drug testing machine in March 2003, we look forward to visiting your premises in the future.

In the case that you would like to discuss the above or any other issues please feel free to contact me on the above direct dial number. I have copied this letter to your area management.

Yours sincerely

Jon Snook
Licensing Inspector

Significant Licensing Dates – McClusky’s and New York New York

No.	Date			Outcome
1	25 th March 2009	Application for two new premises licences in relation to McCluskys and New Yorks New Yorks		
2	5 th January 2006	Applicants withdrew from the appeal to Magistrates Court to overturn Licensing Panel’s decision not to renew Public Entertainment Licence		As no conversion of existing licences ever took place under the Licensing Act 2003 both premises became unlicensed Copy of letter available
3	23 rd November 2005	Applicants appealed the decision made by the Licensing Panel	Full hearing set for Southampton Magistrates Court on 25 th January 2006.	
4	29 th September 2005	Panel Hearing took place to hear the objections to the renewal of the Public Entertainment Licence.	Licensing Panel refused the application	Reason given: No clear operating plan to show how the premises would prevent crime and disorder Copy of decision available
5	30 th June 2005	Premises still closed however owners apply to renew Public Entertainment Licence	No Police objection however objections received from local residents.	The tone of the objections were based on the fact that since these premises ceased trading the vicinity had become more residential and residents did not wish for all the noise and disorder that would be associated with these premises
6	30 th June 2004	Public Entertainment Licence	Renewed	No Police or residential objections
7	29 th June 2004	Both premises close and cease trading

Dear Sirs

**McClusky's and New York New York
Appeal against refusal to grant Public Entertainment Licence**

Thank you for your letter of the 16th January. As indicated in our letter to your chief officer of the licensing team on the 5th January, we have withdrawn the appeal and notified the court. We have also now received instructions from our client that the Premises Licence is not now required and we have accordingly written to the licensing department to inform them of this.

Yours faithfully

3rd October 2005

Dear Sirs,

**Local Government (Miscellaneous Provisions) Act 1982
Applications for Renewal of Public Music and Dancing Licences
McClusky's, 8 Queensway, and New York, New York, 2 Queensway, Southampton**

I refer to the applications for the renewal of the public music and dancing licences for the above premises made by Anthony David Ashman and James Alexander Cameron on 20th May 2005 and the subsequent application made by Julian William Stones on 24th June 2005 for transfer of the licences.

Consideration was given to the applications and the objections to them by the City Council's Licensing (General) Sub-Committee on 29th September 2005.

Mr. Shiers of your firm represented the applicants and called Mr. Stones on behalf of Nexum Leisure Ltd. The Sub-Committee also heard objections from Dr. Atkinson and had written objections before them from Dr Atkinson, Mr. Westhorpe, Mr Baker, and Mr. Taylor.

The Sub Committee resolved that the applications for the renewal of a public music and dancing licences in respect of McClusky's, at 8 Queensway and New York, New York, at 2 Queensway, be refused.

In announcing the Sub Committee's decisions, the Chair, Councillor Smith, said that in the absence of a clearly defined operation plan for the premises, the Sub-Committee was unable to assess the impact of the operation of the premises on the area and community and was not able to make an assessment of the prevention of crime and disorder in the area, given the concerns raised by objectors.

The Sub-Committee recommended the applicant to reapply when a clearly defined operation plan for the premises has been formulated.

Your clients have a right of appeal to the Southampton Magistrates' Court, if they are aggrieved at the Sub-Committee's decisions, and I will take the "relevant date" for the purposes of paragraph 17(2) of schedule 1 to the Local Government (Miscellaneous Provisions) Act 1982 to be the date on which this letter is received by you.

I would appreciate notification of any intended appeal, given the additional complication of the conversion applications under the Licensing Act 2003.

Yours faithfully,

~~John Burke~~

Comments:

My flat is opposite this proposed site in Oceana Boulevard overlooking Briton St. and Queens Way. I object to this licencing application as the noise associated with a venue such as this coupled with the increased crime and damage to the area makes this application totally unacceptable.

In recent years a number of housing developments have been erected in the immediate area around Briton Street, the Bargate and the bottom of Queens way. In light of this - the area is now residential and therefore is not an appropriate site for a late night bar and club.

I agree that this proposed site should be redeveloped - but to reopen it as a club and bar is not the solution.

Subject: Re: New York New York - 2009/0612/01SPRN

Hayley,

In relation to the email below and the application for licence for New York New York on the corner of Briton Street / Queens Street Southampton could the following be added to my application.

Do I need to put this in writing or can you add this to my original electronic submission on 26/03/09?

Please let me know

Kind Regards

Sarah Daly
Owner - 47 Ocean Boulevard.

I am an owner of a property in the Oceana Boulevard development situated on Briton Street. My flat windows look directly over Briton Street and Queens Way approximately 20 metres away from this site. The flat was bought several years ago, and at that time, we were reassured by Barretts who built Oceana Boulevard that New York New York had been shut down and would not be reopening as a nightclub / bar venue due to the residential developments being built in the Briton Street area. (eg. Oceana Boulevard, Telephone House etc)

If the proposed licence were to be granted, it would have a direct impact due to noise and public disturbances around my property, Oceana Boulevard and the immediate residential developments .

In terms of noise, as I have stated, the windows of the living room and bedroom are on Briton Street. Having a nightclub / bar venue so close to my premise would mean the windows and balcony doors could not be opened due to the noise from the clubs/bar in terms of music and people leaving the nightclub at all hours of the night seven days a week. (There are only windows on the Briton St side of the property so I do not have an alternative). This would be unbearable in the summer. There are roughly 50-60 properties in the Oceana Boulevard development with windows facing out on to Briton Street who would be affected in a similar way not to mention the properties facing a similar direction in the other developments.

There will also be disturbances created with people leaving the premises whilst they wait for taxi's or 'hang around' the club at various stages throughout the night. As I said - my windows are only 20 metres away from the New York New York site. The disturbances created by the public leaving are highly likely to compromise the safety of people leaving the Oceana Boulevard building - particularly as a female, which is again something that I was exceptionally conscious about when I bought the property. As an owner, I do not expect safety to be compromised entering and exiting the flat at certain times of the evening.

The crime and disturbances associated with alcohol is certain to rise in the area if a late licence is granted which is likely to cause problems outside of my property, which not only would cause a nuisance around the immediate area in terms of noise, litter, fighting but would almost certainly impact on the outside of the buildings in terms of damage to flower beds / walls and electronic gates. The area around Oceana Boulevard has been redeveloped significantly over the last couple of years, and as a result looks a very smart city residential area, The maintenance costs associated with the Oceana Block have risen over the last couple of years and would rise further if repairs had to be carried out to the

outside of the buildings which would impact on me directly and have no bearing on the owners of New York New York.

I am exceptionally conscious that whilst I do not have children, the impact on growing up 'next door' to a night club would not be something I would wish families who live in the Oceana block to have to put up with again in terms of the noise and compromised safety around the premises.

This is a private development and whilst I have chosen to buy a flat in a City centre location, I would not have bought it if it was 'next door' to a Club, and I doubt that many others would have either.

I hope that those reviewing the licence application will take the above comments into consideration whilst making their decision. The area around Briton St. Queens Way, Queens Terrace and the lower High St is now largely residential. Whilst restaurants, convenience stores and surgery have been welcomed as the opening hours and nature of the businesses does not cause too much disturbance, a nightclub is in a completely different league and would not be welcomed.

Kind Regards

Sarah Daly

Dear Ms Daly,

I am writing to acknowledge receipt of your representation about the above premises. Please be advised that only representations which relate to at least one of the four licensing objectives can be considered. The licensing objectives are:

The prevention of crime and disorder

Public Safety

The prevention of public nuisance

The protection of children from harm

As you referred to noise nuisance and crime in your representation we have accepted your representation as being valid, however, you may wish to strengthen your representation by more clearly setting out the likely effects the grant

of the licence would have on the promotion of at least one of the licensing objectives above. Please follow the link below to our website which contains information and guidance on representations if you wish to provide more information for your representation.

Comments:

I AM WRITING THIS AS I FEEL THIS APPLICATION WILL BE DETRIMENTAL TO BOTH MY LIFE AND THAT OF THE HUNDREDS OF RESIDENTS THAT I LIVE WITH IN OCEANA BOULEVARD, FOR THE FOLLOWING REASONS:

THE NOISE CAUSED BY LOUD MUSIC AND SHOUTING FROM CLUB PATRONS WILL BE AN EXTREME NUISANCE UNTIL GONE 5 AM.

VANDALISM CAUSED BY THESE SAME DRUNK CLUB PATRONS TO CARS PARKED ON BRITON STREET, QUEENSWAY AND ESPECIALLY TO OCEANA BOULEVARD PROPERTY WILL BE TOTALLY UNACCEPTABLE.

THE INCREASED LITTER CAUSED BY SMOKERS,BROKEN BOTTLES AND VOMITTING ON THE PAVEMENT.

TOTALLY UNDERMINES THE TENS OF THOUSANDS OF POUNDS THAT TAX PAYERS HAVE PAID TO INCREASE THE BEAUTIFICATION OF BRITON STREET,WHICH IS CURRENTLY STILL ONGOING.

INCREASED DIFFICULTY IN SELLING OR LEASING MY PROPERTY IN THE FUTURE.

THE LOWERING OF PROPERTY PRICES IN THIS AREA DUE TO THIS CLUB REOPENING.

PLEASE READ THESE POINTS AND USE YOUR COMMON SENSE THAT THIS APPLICATION IS NOTHING BUT A BAD IDEA.

REGARDS
JAMES GREEN

I object very much to a licence being granted. I live over the road and my life would be ruined if I had to listern to loads of drunk people outside, the Nightclub. all the extra cars driving by and taxis dropping of and picking

up. The risk of trouble and litter and vandalism. It would make our properties worseless. It would ruin many residents lives. I would have to give my flat away and move somewhere else.

As the local area has become primarily residential since these clubs closed down, it is not appropriate to have a nightclub with or without a late liscence in the immediate area. This will cause noise pollution as well as resident complaints and

a loss in property value for all residents.

Comments:

I strongly object to this application in view of the following reasons; noise coming from the venue / patrons outside the proposed club increase in litter caused by smokers / broken bottles / vomit which are all associated with areas around clubs undermines the recent work the council have taken in the local area eg paving / beautification work already are enough clubs within the southampton city centre locality e.g. Leisure World / Bedford Place / London Road / Oceans & Collins etc lowers property values for surrounding areas. When buyers bought properties within Oceana Blvd / Telephone House / French Qtr there was no talk of a night club within the area. Now all properties are occupied its disappointing this application has been submitted in view of the current government comments re binge drinking and alcohol abuse surely the city council should not be entertaining another licence application to encourage these activities

Comments:

I am a resident of Oceana Boulevard and i am wholly against this licence.

Please see the following reasons:

1. When these premises previously had alcohol licenses, this was not a residential area. The demographics of the area have changed, and therefore, nightclubs should not be a part of the area.
2. Noise problems for all residents on the Briton Street side of the building caused by loud music, loud shouting, etc. (Prevention of Public Nuisance)
3. Vandalism issues caused by club-goers to cars parked on Briton & Queen St. as well as vandalism to the Oceana Boulevard building. (Prevention of Crime & Disorder)
4. Difficulty to sell or lease our property.
5. Lower property values.
6. Increase in litter caused by smokers, broken bottles, vomit, etc. on the pavement.
7. Undermines the "beautification work" that the Council has undertaken to Briton Street.

RE: Premises Licence for McCluskey's International (2009/00580/01SPRN) and New York New York (2009/0612/01SPRN)

Dear Mr. McGuinness,

My husband and I are writing to petition against the granting of licences for both McCluskey's and New York New York nightclubs at the corner of Queensway and Briton Street.

As we own a flat in Oceana Boulevard, just across the street from the aforementioned properties, we feel that the reopening of these clubs would be detrimental to the residents and property owners of Briton Street for several reasons.

First, because our flat faces Briton Street, we already hear street noise from passing buses and people after a night out. If these clubs were to reopen, we would have extreme levels of noise from inebriated patrons of the clubs, as well as loud music until the early hours of the morning. Sleeping on weekend nights would be impossible.

Second, we are concerned with the rise in vandalism that the reopening of these venues would bring. Cars parked on both Queensway and Briton Street would be at greater risk of theft and vandalism, as well as the Oceana Boulevard property. We have recently had various cases of theft and vandalism in our building, and are working closely with the Hampshire Constabulary to find ways to alleviate this problem, not add to it.

Third, we would expect an increase in litter on pavements including cigarette butts, broken glass, vomit, urine, etc. Our street is currently very clean, and we would hate for that to change. This would create more work for the Council.

Fourth, the reopening of these clubs would undermine the beautification work that the Council has undertaken for the last three months. The Council has decided to give this area a "facelift" by installing new wider pavements with trees. The addition of two nightclubs would be a blight on the new image for this area of the city.

Finally, we are concerned that if you grant these licences, we will not be able to sell or let our property, and our property values will decrease. No one wants to live next to a nightclub. If these applications are passed, the residents of Oceana Boulevard and properties further down Briton Street will have a very difficult time enticing future buyers or lessees with our flats. They will be extremely difficult to sell, and everyone will lose a great deal on their investments, even more than the cause of the recession.

We like that the nightclub area is in Bedford Place because it is easily accessible for us to walk to, and there are so many different options in one area. We hope you will deny the application for these two nightclubs on Queensway, so that we can keep our residence clean, safe, free of nuisance, and a stable investment.

Kind regards,

Simon & Meghann Andrew

Licensing Objectives

Comments:

I would like to **STRONGLY OBJECT** to this application as it **WILL** be extremely detrimental to myself and all the other residents not just in Oceana Boulevard but the whole of Briton Street, as they will be a lot of noise every nite til 5am which would be unexceptable, vandalism to cars and property, litter, vomit, broken bottles which would ruin the beautification work which has cost a lot a money, it **WILL** also lower property values.

Briton Street is a lovely place to live and people have spent alot of money to live there and granting a license of any kind of license would make Briton Street a very undesirable place to live.

Dear Sirs

**RE: LICENCE FOR NIGHTCLUB ON BRITON STREET
(former New York, New York/McClusky's)**

I am shocked to hear that a licence has been applied to reopen the nightclub on Briton Street.

When the nightclub was last in operation this area was non-residential and I believe that the opening of Oceana Boulevard, Telephone House etc has now altered the nature of the area, making a nightclub in such close vicinity to this building out of the question.

I believe that any new licence would have an adverse impact on :

- 1) crime and disorder in the vicinity
- 2) public safety, particularly late at night/early hours of the morning
- 3) public nuisance, and
- 4) acceptable noise levels from the club itself due to the club being on the opposite side to Oceana Boulevard

I can also envisage problems with traffic late at night due to the road junction, noisy late night revellers leaving the club and no parking available within the club premises. As it is we have the noise of the vegetable market ongoing during the early hours and during the day, so this disruption at night will make it unbearable.

I was informed that as the licence has already expired it would be unlikely that any new application would succeed given the high occupancy rate at Oceana Boulevard and in this area. In addition I believe there are already enough nightclubs in Southampton to warrant a refusal to the granting of this licence.

I also questioned Barratt's about this former nightclub when purchasing my property and was told that it was going to be demolished and new flats built there.

I would therefore like to voice my objection to any licence to be granted to this nightclub and, in addition, for the buildings use to be redesignated to something more appropriate for a residential area.

Yours faithfully

Mrs Yvette Newbury

26th March 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.
The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely

Kiren Bennett

Dear Ms Grover,

Although you have addressed the licensing objectives when making your representation we are currently unable to accept your representation as you have not stated your address. This means we are unable to confirm whether you are within the vicinity of the premises you are objecting to. Please provide your address so I am able to validate your representation. For your information further details about representations and what happens after one has been validated can be found via the link below:

<http://www.southampton.gov.uk/licensing/alcohol-licences/representations.asp>

Subject: Forceful objections to the Nexum license

RE: the application by Nexum (owner of McCluskys/New Yorks Nightclub) for a new alcohol license

To whom it may concern

Appalled is not the word. I have been absolutely disgusted to learn that Nexam have applied for a new alcohol license for New Yorks nightclub on the edge of Briton street . As a flat owner at Oceana Boulevard opposite, this selfish scheme would have disasterous consequences for residents on this street. I would like to forcefully outline my objections (listed below) and express my fury at this scheme.

With the numerous pubs on the high street, this area is already exceptionally noisy at night-time and the new license would make the noise one hundred times worse. Is it not bad enough that we have to tolerate the noise of continuous road works on Briton street and the council bin collection, which wakes the whole complex up at 6am every Thursday morning, loutish behaviour, constant drunken shouting, vandalism in our carpark in a city that is supposed to pride itself on a low crime rate? Aren't there enough pubs/nightclubs in Southampton already?!! Now we have to contend with the strong possibility of more crime, more noise pollution, more vandalism and drunken behaviour. How would that make you feel??

An extended licence for a neighbouring night club would make living here intolerable. And what tenant would chose to live opposite a nightclub? How is that fair on those of us trying to sell our flats in this difficult climate? The scheme gives no consideration whatsoever to residents and flat owners. My other objections are outlined below and shared by many fellow residents at Oceana Boulevard ; many of who are absolutely appalled by this new proposal. I shall think extremely badly of Southampton city council if you allow this preposterous scheme to go ahead. I will also be complaining to the Bargate councillor.

My other objections are:

1. When these premises previously had alcohol licenses, this was not a residential area. The demographics of the area have changed, and therefore, nightclubs should not be a part of the area.
2. Noise problems would counteract the Prevention of Public Nuisance act
3. Vandalism issues caused by club-goers to cars parked on Briton & Queen St. as well as vandalism to the Oceana Boulevard building. (Prevention of Crime & Disorder)

4. Difficulty to sell or lease our property.

5. Lower property values.

6. Increase in litter caused by smokers, broken bottles, vomit, etc. on the pavement.

7. The scheme undermines the "beautification work" that the Council has undertaken to Briton Street .

If you need me to express this in the form of a letter, please let me know.

I sincerely hope this scheme is rejected

Thanks

Danielle Grover

Subject: Licensing Team at Southampton City Council

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

To whom this may concern

I am a resident of Oceana Boulevard, Living in Gate 10 which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- The prevention of crime and disorder

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. I live on the ground floor, on Briton Street, with an entrance door to MY BEDROOM, which is accessible from street level. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- Public Safety

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

To speak to me more about this please contact me on

Charlotte Parry

Flat 115 Oceana Boulevard

Orchard Place

Southampton

Hampshire

SO14 3HW

26th March 2009

Dear Sir/Madam

New York, New York Application No: 2009/00612/01 SPRN

McCluskys Application No: 2009/00580/01 SPRN

Applications for licensing

I wish to lodge a formal and firm complaint to the recent applications by the above named on Briton Street for a Licence.

Historically, when the above named had an establishment in this area, there were no residential dwellings within the vicinity. Obviously since the building of Oceana Boulevard directly opposite and Telephone House to name but a few, the demographic of the area has changed.

I strongly believe that there are other more suitable venues for this type of establishment other than this. As you will be aware it is densely populated and the subsequent problems that arise with this type of venue will have a negative impact on various issues.

There would be large amounts of people congregating outside very late into the night when residents are sleeping. There would be the inevitable alcohol fuelled fights and associated noise with increased traffic from taxis and cars. It would also make the area very intimidating for residents and in effect it would be

impossible for us to feel safe during the evening and early morning. There would be an increase in the requirement of a police presence, however, because it is so far away from other clubs and pubs I feel that this will place unnecessary pressure on the police force to be able to respond to the amount of problems that occur over a weekend.

Other newly established outlets in the area have very strict rules, one of which is that they cannot operate past 11pm. This is due to the close proximity of residential dwellings and these rules are in place to ensure that residents are not disturbed.

There are numerous other locations for a nightclub and therefore the application is most strenuously opposed and should NEVER be allowed to go through. A residential area is NOT the place for this establishment any more. I strongly agree that this should not even be a pub. With the no smoking policy in force, the pavement would be full of people smoking and causing noise and litter and general anti social behaviour.

There must be consideration made to all the residents in this area including the increase in public order offences, increase in crime and vandalism that this type of establishment will bring as well as the noise and anti social behaviour.

DO NOT GRANT THIS LICENCE EVER- the demographic in this area has changed and no longer supports this type of business. I believe that after refusing this licence a note should be put on the property that it can never be used for this purpose due to the residential nature of the area.

The council has taken the time and spent valuable taxpayers money making this area more attractive. How long do you think the lovely trees will last when club goers vomit and urinate on them or just pull them out 'for fun'. Our insurance premiums will rise due to the increase in problems in this area. The inevitable vandalism that will occur. The reasons are too numerous and far too important to be ignored or cast aside.

I believe that Southampton has enough themed pubs and clubs without causing so much distress by granting this licence. It is far too far away from the rest of the entertainment area of town. All of the clubs are located at the cinema complex or in the main part of town, where the associated problems do not affect residents therefore there is no need for this application to be accepted

All of the residents in this area were assured that the nightclub would not be re-opened when we purchased our properties. If we had been told that this was even a possibility we would never have moved here. We chose the area because it was close enough to the town centre and all its amenities but far enough away from the associated problems that go with it. This area, thanks in part to the council's efforts to regenerate it is beautiful and quiet which is ideal for all the families and young professionals that now live here. There is not place for a nightclub which will disturb our peace and affect our ability to feel secure in our own homes.

I thank you for taking the time to read this objection and I only hope you act upon this letter and all the other ones you will inevitably receive.

Yours faithfully

Charlotte and Clive Parry

I would like to object to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

I live in Oceana Boulevard which is opposite the premises mentioned above where a license has been applied for. I DO NOT want two late night drinking venues yards from my front window.

When the premises McCluskys/ New Yorks was previously trading this area of town did not have much residential accommodation. I believe that the demographic has changed dramatically since and now many young families and young professionals live in this area.

At the time of residents purchasing these properties we were made aware that the premises in question were to be made into a car park or more flats. I don't think I would have bought a property here if I had known that two clubs would be opening on my doorstep, especially considering the high price I paid for my property.

I feel very strongly that two late night venues of this kind will be a nuisance and will ruin the quality of life I enjoy here at the moment, not to mention the decrease in value my property is bound to have.

It is for this reason and the following reasons that I make this objection.

- The prevention of crime and disorder

Alcohol consumption inevitably leads to crime and vandalism. People leaving these venues late at night will be very noisy and will no doubt hang around causing trouble late at night. In my previous residence at Bedford Place my car was vandalized more than once by drunk people late at night, and this was part of the reason I moved. I DO NOT wish for this to happen again as I have to park on the street at night. Briton Street is also currently undergoing 'beautification' work paid for by the council using our tax payers money, I do not wish to see vandalism of the tree's or benches being installed or vomit and broken glass everywhere. These clubs are also out of reach of the main drinking areas in Southampton, I don't see how they can be policed efficiently.

- Public Safety

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

The obvious noise and disruption that a club would cause, especially at kick out time, will cause public nuisance. There are bound to be fights and people making noise into the early hours. I do not want to feel that I have to shout out my window for people to keep the noise down so I can sleep, I already put up with noise living in the city center without the added noise these clubs would cause.

- The protection of children from harm

Young families live in my building and I do not want these children as they grow up to have to contend with drunks. Vandalism will cause broken glass which will also endanger children.

Please do NOT grant this proposal for an alcohol license.

Sincerely,
Andrew Hales

Dear Sirs

I am absolutely stunned ,to see that you are even contemplating giving them a licence. My apartment is directly opposite the so called nightclubs,and it stands to reason that me and even other residents will be woken up when people are coming out of the clubs at all times of the night,in a drunken stupour.

Before I moved here, there was always something in the papers about the trouble there was here ,but I decided to move here when the club was closed,and Barratts sales team told me that the building was going to be knocked down and flats built.I was also under the impression that POSH and the car hire place was also going in time,but it does not look as if that is going to happen now.

I think there are enough clubs around here,without opening more,in a residential area. There are times know when they close at whatever time,and people stagger home shouting, walking in the miiddle of the road,knocking down bollards pulling plants out of the planters we have here,and generally making a nuisance of themselves.

The Council are in the middle of making up the pavements around here, and planting trees , the area is beginning to look a lot nicer now ,I can only imagine what it would be like if clubs were allowed to open,drunks rolling out ,fighting in the street,trees being pulled up, and residents around being woken up .

As you can tell I am absolutely against a licence being granted,and would ask you to think seriously about it.

Yours faithfully

Application References 2009/00612/01SPRN, trading as New York New York and
2009/00580/01SPRN, trading as McClusky's

Dear Sir/Madam,

I live in a ground floor flat in the apartment block Oceana Boulevard, opposite New York's and McClusky's. I strongly object to the proposal to re-open the premises as a bar/nightclub, as I fear that drunken persons will cause a public nuisance. Persons would no doubt use the wall outside mine and my neighbour's windows as 'convenient' places to relieve themselves, and create noise, keeping myself and my neighbours awake until sometime after the premises closed. I also fear for mine and my neighbour's safety, as drunken violence will no doubt occur in the street outside the apartment block, I fear windows would be broken, and persons will undoubtedly try to enter the block and cause a nuisance and possible damage. When we bought our flat, we were told by Barratt homes that the premises would probably be turned to flats, and not re-open as a bar/club. I would definitely have reconsidered buying my flat if I knew there was a possibility of the bar/club re-opening, as I feel this will de-value it. We enjoy living in this relatively quiet and safe end of town, which will be spoilt if the premises re-opened. We plan to start a family in the next couple of years, but would need to move to a more suitable location, away from the noise and disruption the bar would cause. Suffice to say, I would greatly appreciate if the license was not granted.

Yours sincerely,

Glen Harfield

Comments:

As a local resident, living just around the corner from these premises,I feel the

need to strongly object to the application of having New Yorks re-opened and having an alcohol liscence until 5am.

Firstly, when I purchased my property at Oceana Boulevard I was informed that the intention was that the premises of New Yorks was for it to be made into residential flats. This seemed a rational plan, as the this is now a residential area and any club/pub would be detremental and an inconvienece for local residents. Secondly, we already experience a level of noise and vandalism from people coming out of pubs along Oxford Street, who have urinated in to people's ground floor balconies and thrown their rubbish into balconies late at night as they make their way home. I have no doubt that this type of behaviour would increase dramatically if a club was re-opened so close to our residential building. Thirdly, although New Yorks used to be open in this area - at the time the area surrounding it was NOT a residential area and a re-opening would have a severe impact on the local community.

I am certain that the re-opening would also have detremental effects on the area, which the council are spending so much money on in order to make it a more appealing place for visitors and people residing in Southampton. Finally, the re-opening of this club, would most certainly have a negative impact on the value of the properties in the area. The credit-crunch has already had a huge impact on the prices of our properties at Oceana Boulevard and this would make the situation even worse. I hope that my comments will be considered very seriously, as this will have a massive impact on my life in Southampton.

Comments:

I object to the proposed new alcohol licence being awarded to this applicant for use on the respective property to be used as a new nightclub/venue for alcohol consumption. As a resident of Oceana Boulevard I am concerned that we will see an increase in: Noise pollution (music, traffic and people), Vandallism/ Criminal Damage associated with alcohol consumption. This venue is now in a residential area and unsuitable for the proposed use. I feel it will have a negative effect not only on local residents enjoyment of their homes but also on the value of our properties.

The Licensing Team,
Southampton City Council,
PO Box 1344,
SOUTHAMPTON,
SO15 1WQ

Dear Sir or Madam,

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York

2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- The prevention of crime and disorder

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- Public Safety

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours faithfully

I am objecting to this licence as I can see allot of noise and disruption until early

in the morning 7 nights a week. I am also concerned about Vandalism to Car's and Property and my own personal Safety when coming home late at night.

When I brought my property I was told that the old night clubs were going to be knocked down.

I can also see the price of my property devaluing if a night club opens opposite PublicAccess for Licensing. (c) CAPS Solutions Ltd.

Subject: New York and McKlusky's Night Clubs

Follow Up Flag: Follow up

Flag Status: Red

To Whom this may concern:

I wish to register my unconditional objection to the license application filed for the New York and Mcklusky's night clubs on Queens Way/Briton Street.

I live in Goldsmith Quarter, Briton Street and feel that our quality of life will be detrimentally affected. I understand that we live in a town centre and often the weekend will be quite noisy, however since there is no secure parking the risk to our vehicles will increase massively. I have already had my car vandalised once outside my flat which cost me £550 in insurance excess. With the lack of parking provided in the area I often park outside the redundant night clubs, which is a bad enough risk as it is! With the night clubs re-opening you can almost guarantee at least 1 car being vandalised each week.

May I take this opportunity to state that we pay a ridiculous amount of council tax to the tune of £145 per month, we pay this extortionate rate because we pay for a good quality of life. If this license was to be agreed you will be ruining the standards which we and probably 1000 others along the street are paying for. It is clearly unethical to agree this license and it will be clear that you are only doing so to line your own pockets further.

Your response will be greatly appreciated.

Your Faithfully,

Leon Thompson

Dear Sirs

**RE: LICENCE FOR NIGHTCLUB ON BRITON STREET
(former New York, New York/McClusky's)**

I am shocked to hear that a licence has been applied to reopen the nightclub on Briton Street.

When the nightclub was last in operation this area was non-residential and I believe that the opening of Oceana Boulevard, Telephone House etc has now altered the nature of the area, making a nightclub in such close vicinity to this building out of the question.

I believe that any new licence would have an adverse impact on:

- 1) crime and disorder in the vicinity
- 2) public safety, particularly late at night/early hours of the morning
- 3) public nuisance, and
- 4) acceptable noise levels from the club itself due to the club being on the opposite side to Oceana Boulevard

I can also envisage problems with traffic late at night due to the road junction, noisy late night revellers leaving the club and no parking available within the club premises. As it is we have the noise of the vegetable market ongoing during the early hours and during the day, so this disruption at night will make it unbearable.

I was informed that as the licence has already expired it would be unlikely that any new application would succeed given the high occupancy rate at Oceana Boulevard and in this area. In addition I believe there are already enough nightclubs in Southampton to warrant a refusal to the granting of this licence.

I also questioned Barratt's about this former nightclub when purchasing my property and was told that it was going to be demolished and new flats built there.

I would therefore like to voice my objection to any licence to be granted to this nightclub and, in addition, for the buildings use to be redesignated to something more appropriate for a residential area.

Yours faithfully

Mr Gareth Shepherd

RE: Licensing for 2009/00612/01SPRN and 2009/00580/01SPR

Dear Mr McGuinness,

Please read this document as my formal objection to the alcohol license for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton (ref **2009/00612/01SPRN and 2009/00580/01SPR**). I tried to submit this objection online but the service appeared unavailable. Could you please acknowledge whether this email is a valid objection to both applications referenced above. I obtained your details from the public access site for licensing applications.

I am a resident and homeowner at Oceana Boulevard, opposite the premises in question and have grave concerns following the licensing application. I understand in the past the premises *were* a licensed nightclub and bar, but at that time it was not within a residential area, and certainly not in an area that had been subject to regeneration. There are over 1000 new residents, including young families and the retired along Briton Street and Orchard Place that would certainly have their lives made a misery through noise nuisance, public disorder, criminal damage and the inevitable untidiness that a late licensed bar and nightclub would bring.

Residents purchasing properties in the area were made aware that the premises were to be knocked down, maybe deceitfully as a sales tactic, but common sense would suggest one would be less likely to invest in a property so close to such an establishment.

It is for the points above and the following that I make this objection. I have marked in 'bold' the criteria stipulated to have a valid objection.

- **The prevention of crime and disorder**

Alcohol can be a contributing factor to crime and public nuisance. At Oceana Boulevard we are already covering the cost of vandalism from people in drink returning home from other venues. Having a late licensed establishment in the middle of a densely populated residential area can only increase crime. Currently, the police resources in

Southampton at night are spread between several key 'nightlife hotspots'. If another is allowed to be introduced, the resource will be spread even thinner – the obvious outcome in this case is increased crime and disorder.

- **Public Safety**

In such a densely populated residential area, it will be difficult to police and control the late night revellers. Local residents may live in fear of going out during 'opening hours' for fear of being harassed. Many clubs in an around the city have actually lost their licenses due to being unable to control violence/drugs, so it just doesn't make sense to allow another to open as it is the same people that caused the other clubs to close that will attend the new ones.

In addition to this, it is likely some revellers will 'want to explore' neighbouring buildings, further putting people's property *and* public property at risk. We have had incidents in the past where non-resident-drunk people have been found wandering the communal areas of our private buildings.

Also, there are several main (and somewhat busy) roads that are often frequented by large HGV vehicles related to activity at the docks. None of the roads leading away from the premises have been pedestrianised, unlike the other late night hotspots in the city, so there are public safety issues for those likely to attend the venue. Not to mention the negative effects of 'binge drinking' that such an establishment encourages – the owners are famous for their 'happy hours' and drinks promotions.

- **The prevention of public nuisance**

Noise pollution from the venue will be most distressing to those residents living closest to the venue. Additional noise pollution is likely to arise from the continuous stream of taxis picking up late night revellers. In addition to this, there will be the obvious 'pub shouting and singing' of revellers leaving (and arriving) at the venue. The area has undergone recent regeneration and 'beautification' that will be negated by littering/vomit etc.

- **The protection of children from harm**

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Close to the venue is park, along Orchard Place, that is often used by children (and adults) as an area to play and relax. This park is likely to become a target for litter and broken glass which could injure anyone using the park.

I trust the licensing team will use their best judgement in dealing with this application – the area really is no longer suitable for such a venue.

Kind Regards,

Andrew Boyne

Dear sir/madam

I would like to voice my strong objection to this application. Briton St has become a friendly residential area and a noisy nightclub has no place opposite large residential developments such as Oceana Boulevard and Telephone House. Many of us residents have bedrooms facing Briton St and it is often noisy enough when drunk people are walking home on a weekend night.

Crime, already an issue in the area with many of our cars vandalised and broken into, is of particular concern to me and my family. Many of the residents in the Briton St flats have children and spend their spring and summer evenings strolling along Briton and Oxford St enjoying the sea breeze and continental atmosphere. Yes, there are pubs and restaurants in the region, but these are neither noisy nor crime inviting.

The council has spent thousands (if not millions) of pounds improving the pavements and furniture so that residents of this region can enjoy the atmosphere provided by Southampton. I would be a pity to undermine, and potentially destroy, all this for a nightclub. This would offer nothing to the residents of the region nor of Southampton, as nightclubs are well placed where there are no residential concerns, such as the Oceana nightclubs in town.

In summary I feel that a nightclub has no place on Briton St. I and other residents of Briton St will be taking any action that is required to stop this going ahead.

Yours sincerely

Dr A Konstantopoulos

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere. when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**
It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**
As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

~~Please do NOT grant this proposal for an alcohol license.~~

Merchants Qtr
Southampton
SO15 3EY

30th March 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.
The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely ,

 Lorraine Barnett

NEW YORK NIGHT CLUB & McCLUSKY's APPLICATION FOR 24 HOUR LICENSE

I have been informed that an application has been made to reopen the above night club on Queensway together with a 24 hour drinking license.

As residents of Goldsmiths Court we already suffer from inebriated youth of both sexes screaming, shouting abuse, vomiting and dropping litter as they return up the High Street from the Town Quay bars from about 0100 until 0330 nightly.

However, access to the Queensway site from the West (High Street) and beyond will be via Oriental Terrace which passes through the centre of Merchants Quarter. Unlike the High Street which is cleaned daily, Oriental Terrace and the communal areas of Merchants Quarter including the car parks rely on private weekly contract cleaners.

Should the application be approved the residents of Merchants Quarter will be subjected to living in a squalid litter compound exacerbated by an increased rat population attracted by the inevitable discarded fast food cartons and their contents which will lie in the open for up to seven days. Damage to private cars is highly likely.

I wish to record my very strong objection to the above application and ask that the attention of your rodent control team be drawn to the environmental health impact of this application.

Yours faithfully,

NB Shacklock

Licensing Objectives

Comments:

We live opposite this venue and the granting of this licence will be a local nuisance as it will cause increased noise late at night and vandalism to our

properties and cars (we have already recently had the door to the flats smashed by a late night drinker).

This area is currently used as a access route for late night drinkers going to and from the local casinos and other bars and as such we are regularly awoken by their raucous behaviour. There are several new blocks of flats in this area and the re-opening of this premises with the extended licence will not be acceptable.

30/03/2009

To Whom It May Concern:

I would like to make a representation in regards to the application for a premises licence for **New York New York night club**, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet, mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives two of which are:

- The prevention of crime and disorder.
- The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and encouraging large groups of people to the area, which would contravene the licensing objectives.

Currently, the residents of our block are already subjected to excessive noises and vandalism from passers-by on the High Street. The addition of a social venue on the other side of our flats, will no doubt increase the levels of noise and disturbance. With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

There is a public footpath called Oriental Walk which goes through and is in very close proximity to five residential buildings, from this footpath there is also easy access to private garages and cars parked in allocated spaces. This footpath runs from the High Street to Queensway. I am concerned that granting a premises licence especially with very late hours would increase the number of people using this path and lead to crime and disorder in relation to parked cars and noise nuisance from rowdy people late at night.

My NEW car sits alongside this footpath and in the space of 4 months, I have had my driver-side windscreen wiper arm snapped off by drunken individuals. I have had the boot lid burnt from a cigarette haplessly thrown on it from a passer-by. This has

happened when there is no pub/club/drinking venue on the other side. I genuinely feel uneasy and worried about the concept of a licensed premises on the other side of this path and can't afford to fix parts of my car each time a drunk individual(s) chooses to let loose. It is not only my car affected, but I have also witness other vehicles mindlessly vandalised.

After discussion with the local council and the police about alcohol fuelled crime around this area, the best that could be done with current resources was a slight increase in police ground patrols in the evenings. A licensed premises here will without a doubt increase these levels of crime and disorder and will cause a major public nuisance.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. I can already hear the expletives shouted out by these customers through double glazed windows, this would be especially worse during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

At present, you do get the odd high decibel swearing and vandalism. This is generally kept to a minimum by the lack of drinking/social venues around this area. The addition of another venue with a drinking licence here would tip the balance completely, especially if a path connecting the High Street and these bars/clubs runs directly through our private car park.

When this venue was last an area of drinking and socialising, this part of town was not very residential and I know the levels of disorder that emanated from this area secondary to alcohol. (I was a student here and witnessed many things). So you can understand my concern for reinventing this establishment in light of the recent surge in people living in this area.

I'm not trying to over dramatise the situation, but if a licensed bar/club were to open in such close proximity to our residential area, I would feel as though relocation is my only option. I do feel concerned for those that have young children within our block of flats.

Yours Sincerely, 

Dr Rufesh Patel

Please read this letter as my official objection to the application from the Nexum Leisure Limited for an alcohol license for the former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in night time noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub. This would clearly jeopardise their safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would have to pass through a throng of drunken clubbers in order to get home .

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Ref License application -
2009/00612/01SPRN New York New York
2009/00580/01SPRN - McCluskys

Dear Sirs

We would like to object most strongly to the granting of premises licenses to the above night clubs. When these buildings were licensed previously, it was almost impossible for residents in Briton Street to sleep at night because of the rowdy behaviour, foul language and fighting, (sometimes of a serious nature) which happened on several nights of the week, Friday and Saturday being the most unpleasant. In addition, considerable damage to communal property was not unusual.

Now that Briton Street has become a largely residential area with a programme of improvements by the Council to create new pavements, seating areas, trees etc, the behaviour as described above would surely be hugely detrimental.

Yours faithfully,

Nadine Fry

Subject: Application 2009/00612/01STRN - NEW YORK NEW YORK

To Whom It May Concern,

I am a tenant in a flat in the Oceana Boulevard Residence, Briton Street. It has recently come to my attention that the nightclub (New York New York) opposite has applied for a license to re-open, which includes a license to sell alcohol/remain open until 5AM. I object fully to this application for a number of reasons. Firstly the pollution associated with the areas surrounding nightclubs will become a problem. This relates to a number of issues - noise late at night, litter, vomit. On top of these issues the area around the nightclub will become a more dangerous area from violence. This danger is not just against humans but also against the surrounding buildings where graffiti and damage will not become uncommon. Further, the proximity of the nightclub to the flats will make quiet nights in/sleeping at night nigh on impossible. Lastly and perhaps most importantly the impact to any children living in the flats will be felt most with people smoking outside the club and setting a poor example with drunken antics.

I look forward to hearing the outcome of the application.

Yours Sincerely,

Simon Hooper

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**
It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**
As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours sincerely

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**
It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**
As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

• The prevention of public nuisance
I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours sincerely //

MISS VIRGINIE DESLANDES & Mr Salvatore Russo.

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Comments:

I am a tenant within oceana boulevard, the building opposite to the above proposed establishment. I wish to object to the re-opening of New York New York for the following reasons.

1- prevention of crime and disorder: The re-opening of this establishment which would allow late night drinking would be extremley likley to bring crime to the local area. When this establishment previously existed this area was not a residential area so there was less oppourtunity for people to comit crimes, cause vandalism to people's property and cause disorder. I am extremley worried about the prospect of an increase in crime in this area. The underground carpark has been entered by non-residents sneaking in after cars (the garage doors remain up for several seconds

after a car passes through) several times and crimes have been committed in this car park which the police can testify to. I am concerned that this risk would increase with an the large increase of people who would be likley to be drunk and hanging around at night after leaving New York New York. This would also allow people easy access to our building (which can be accessed from the carpark) and would make vandalism and crime within the building more likley. There is also the fruit and vegetable unit over the road to cosider which quietly operates throughout the night. It is extremley likley that this buisness and the workers would be hassled or worse by drunk people leaving the above establishment.

2. Public safety: Being a residential area there are naturally many people about enjoying there homes and the surrounding area (streets and local park nearby). These people should not be put at risk by the opening of a club in there area and the increase in crime-in particular violent crimes which are associated with such places. Clubs like this should be in one place, such as the leisure world complex, these places are easier to police and have lots of bounces because it is known that these places would otherwise cause harm to people. A residential is much harder to police and extra police resources would be needed to attend to this area. This area does not otherwise require much of a police presence as it has no other bars or clubs which are linked with risks to public safety so extra police resources would need to be identified. Why should we as residents put up with an increase in risk of harm to ourselves and our children? I and many others moved into this area because it was a quiet residential area with a low crime rate. I find it appalling that this should be allowed to change.

3. Public nuisance- the loud noise that this club would cause is clearly not suitable for a residential area where people are trying to sleep and the fact that this club wants a license to be open till 5am would mean a major nuisance and disruption to the lives of local residents. Noise from taxis, police and potential ambulances would add to this problem. As a council tax payer i find this completley unacceptable.

4. Protection of children from harm: Young children are living locally within this residential area, it is not okay for them to be put at risk from either drunken crimes or broken glass that is likley to occur around this establishment. It is not acceptable to put our children at risk.

I hope that you will consider these issues and NOT grant this license. This area has improved in recent years and is becoming an affluent area with a good reputation. It would be a big shame for people to be forced to move out of this area because of the above stated probelms which will be caused if this club is re-opened. Also this area will find it much harder to replace tenants who move out as the area will be much less safe, peaceful and a less attractive for potential tenants. This will result in a loss of value of the property- in the current economic climate do you really want this kind of thing to happen?

Please do NOT grant this proposal for an alcohol license and the re-opening of New York New York.

31st March 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.
The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would

be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely

Mrs K. Bingham

SO15 1WQ

Please take this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol Licence for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern, I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol licence for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- The prevention of crime and disorder

It is a direct link of alcohol and late night openings that leads to crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence and therefore another call on already stretched police resources.

Opening a night club within a residential area would create an obvious threat to vandalism and crime to property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- Public Safety

As per the above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and this would put these children in danger if you allowed a nightclub to open up on Briton Street. Potential vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone can see the potential danger and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol licence.

Regards

C BARKER

Comments:

This has now become a residential area and we do not require another late night establishment.

There is enough late night/ early morning disturbance and noise passing along the high street out side our residence at present.

A lot of money is being spent making Briton street and surrounding areas very smart. Do not spoil it by allowing this and the license for New York New York, and the possibility of these facilities and our homes being damaged and vandalised

Subject: Briton Street Nightclub Proposal

RE: Re-opening of Nightclub on Briton Street, Southampton

To start with first of all, I need to say that myself and my partner are two young individuals, age 25, who regularly frequent the clubs and bars of Southampton and neighboring cities. We are not the usual demographic of people you would expect to see complaining about a night club opening, but this is something I feel very passionate about.

If you type in "Briton Street" into Google, the first few pages that come up all contain web pages associated with real estate; all websites advertising the property of the area. I think this goes some way to prove the residential nature of this section of Southampton.

Myself and my partner have lived at Oceana Boulevard, Briton Street for a little over 6 months. We both moved from separate homes in quite rural areas (my self from Hedge End and my partner from Romsey). Getting used to living in a city would be different we realized, but so far, it has been comfortable, calm, undisturbed and relatively quiet. We obviously want it to remain like that, however, with the proposal of this new nightclub on Briton Street, right outside our front door, all of that will disappear.

There are several reasons, both personal and communal, why we think this nightclub should definitely not be re-opened, and why, you as the Council, should not allow a liquor license for these premises. As an authority looking to grant or reject such a license, I know that you must satisfy the Licensing Act of 2003, thus this is what we base our objectives on. The reasons are listed below:

1. / The prevention of Crime and Disorder; The Crime and Disorder Act of 1998 stated that there should be specific steps taken in the prevention and punishment of Anti-Social behavior. In re-opening a nightclub in Briton Street or a similar area, crime and public disorder is guaranteed to sky-rocket. All of the problems you can expect to see with this kind of amenity will certainly follow within a few weeks of its' opening. I'm specifically talking about the obvious issues like binge-drinking, drug-taking, noise level complaints, vandalism, problems that inevitably lead from drinking excessively and drug-taking such as brawls and fights, etc etc.

We are extremely proud of our neighborhood and of the up market part of Southampton that I consider to live in. We are close to Ocean Village and opposite Town Quay here. It is a very prosperous and sought-after location in terms of real estate and also because it is a quiet area, at the moment. The crime and disorder that will inevitably follow will bring this part of town right

down in terms of value, desirability and reputation. The main issues will certainly be the vandalism to our buildings and our vehicles as well. Many of us, myself included, have no parking space access at our apartment (most of the apartments do not come with parking spaces), and because you cannot get a Council permit to park in this area (as I have been told it is too new), a lot of us are forced to park our cars on the streets (the max 2 hour pay-and-display bays) and surrounding small car parks. I for one, regularly park my car on Briton Street itself; a luxury that I'm sure is soon to be taken from me if this nightclub was to re-open as I am sure there will be no access to park on Briton Street. This forces us to park our cars further from our homes, thus increasing the risk of thefts and vandalism, especially with the drunken club-goers around to smash our windows, steal our stereos and generally disrespect our property. There will be a massive increase in these kinds of petty vandalisms, thefts and general public disorder, not only in the hours that the nightclub is open but undoubtedly at other periods too. It will simply bring a different kind of people and trouble to this neighborhood. On the extreme side of things, the worst kind of crime it could bring is obvious; assault, sexual assault, and drug dealing; these are major problems.

Having listed some of the obvious issues above, the ones I am most concerned over are the binge-drinking problems (this relates strongly to Public Safety (2./) issues) and the potential drug issues it will bring to this neighborhood. Wherever clubs and bars open, these problems are sure to follow. The two are linked. I am concerned with the fact that this area is very heavily residential. In my opinion, this area is completely inadequate for a nightclub or bar of any sort; it mainly contains small businesses and apartment buildings. The nearest area that contains other bars is Oxford Street, but even then, Oxford Street does not have nightclubs; it contains licensed restaurants mainly and a couple of small pubs. Briton Street is an odd location for a nightclub; there was a clear reason why it did not work the first time round when it was New York's New York's and McCluskys. If you take a look at the nightclubs and bars in Southampton generally, they are all situated in areas where there is little threat to personal and communal security and safety. For example, Oceana Nightclub is out on its' own piece of land at Leisure World, Oceans and Collins Nightclub is at the back of Above Bar tucked away from any housing, the clubs and bars of Bedford Place are generally segregated from apartments and tucked away in back alleys, the bars and clubs on Above Bar street are again all away from any body's homes. These nightclubs and bars are just a few in Southampton but are all in locations and environments that make sense and that 'fit' for that area. Briton Street, and any surrounding street in the Town Quay area of Southampton will not and cannot accommodate a nightclub or late-night bar at all. There are simply too many flats and too many people living in that area.. I think you'll find a higher concentration of flats and apartments in that area of Southampton than any other part that is inner city. Just because we live inner city does not justify ruining our environment and causing such high risk to public safety. There are simply too many residents, children and pedestrians in this area at any given time on these roads and streets and thus this part of Southampton is completely wrong for a club. You would be surprised quite how many families with young children there are

in this area. In our building alone, I know there are a good 20 or so children that I have seen myself. How could it be right to subject not only adults but children especially to the dangers of this kind of public nuisance?

3./ In relation to Prevention of Public Nuisance, this I feel denotes a need to prevent the smaller issues that will come from this nightclub re-opening, such as noise pollution (I guarantee your Environmental Health Department would see a massive increase in complaints on Friday and Saturday nights should this go ahead, including the Police being called out more regularly), graffiti vandalism, littering and general disregard for the residents living at the surrounding addresses. This nightclub will inevitably bring a lot more litter to our area hence meaning the Council will need to provide more workers to remove this rubbish. It is a case of 'when' not 'if' in terms of whether we will need more Police in this area on the nights this club would be open; there would simply need to be more police patrols and PCSOs on the streets in order to protect the likes of us from the drunken clubbers and also from themselves! There will undoubtedly be the need for other extreme measures of security and surveillance such as CCTV in the city.

In short, a nightclub re-opening here is destined to ruin this area of town and put people off visiting, living and coming here. It will also ruin the environment and give people yet another excuse to cause problems. Coming from someone who likes going out and having a drink and a dance, I cannot see how or why it would make sense to open a nightclub in this area. I am of course biased because I do not want to deal with the problems that are going to arise because of this, and I especially do not want to feel threatened whilst walking around my neighborhood. I believe it is our job to protect our city, removing opportunities that threaten and demean ours and others' experiences of Southampton and it is also our job to stick together as a community. There was a reason these nightclubs closed down the first time around; they had a horrendous reputation and they didn't quite fit this area of Southampton; and that was before it became so residential around there. It will be a waste of your time and money to open these, plain and simple.

Please consider the damage this proposal will do. I appreciate your time.

Thank You

Yours Sincerely

Natalie Larsen and Nick Kemp

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

- The prevention of crime and disorder.
- The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely

Miss Fiona D Wright

1 April 2009

To whom it may concern

Dear Sirs

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

~~At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.~~

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- The prevention of crime and disorder
It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- **The protection of children from harm**

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**
It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**
As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

3rd April 2009

Dear Sirs,

Ref. application for alcohol licenses for premises

2009/00612/01SPRN (New York New York)

2009/00580/01SPRN (McCluskys)

I am writing in connection with the above license applications.

I would like to request that you do not grant these licenses on the grounds that to do so would have a very detrimental affect on the area in which these clubs are located.

Since New York New York and McClusky's closed down there has been a very noticeable reduction in the incidence of late night fighting, screaming and shouting. There has also been a noticeable decrease in the number of people urinating, vomiting and defecating in and around these premises and there appears to be far less litter in the area. In short there has been a noticeable increase in the quality of life for the residents and a decrease in the health risk.

I have also noticed elderly people and people with children walking out in the evenings in the area, which is something that I rarely ever witnessed when the two clubs were open. I can only assume that this is a result of an overall improvement of the quality of night life in this area.

It makes me shudder to think that all this progress would be undone at a stroke by the re-opening of these night clubs.

Please, for all our sakes, do not grant these licenses.

Yours sincerely,

Dr John Atkinson

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01 SPRN = New York New York
2009/00580/01 SPRN = McCluskys

To whom this may concern I am a resident of Briton Street, which is in the same location as the above mentioned premises. It has come to my attention and many other residents that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a residential one with young families and key workers within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

There is a recognised direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. My residence fronts directly onto Briton Street. This nightclub opening would create an obvious threat and has the potential for vandalism and crime to my home, from drunk people leaving the nightclub in a less than sober state.

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

In addition I believe a noise can count as a public nuisance and I would rather not have to cope with the reality of opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It

would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

Further to this there are young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

It is for the above reason I request that the proposal for an alcohol license is not granted

Yours faithfully

PJ O'Maoil Mheana

Subject: Re: applications for licenses for McCluskies & New Yorks Nightclubs

Dear Sir / Madam,

I would like to take this opportunity to express my grave concerns at the prospect of McCluskies and New York, New York nightclubs obtaining liquor licenses.

I live at 4 Talbot Court, Queensway and feel that by allowing these clubs to reopen my quality of life will be substantially damaged by public nuisance.

Quite simply, in the time since these clubs closed, the area has become a residential area with many homes located nearby. By allowing these clubs to reopen, we will be badly affected by drunkenness, noise and antisocial behaviour.

I would ask that these applications are rejected on the grounds that public nuisance will be unavoidable due to the proximity to residential housing.

Nick Clegg

Subject: Application 2009/00612/01STRN New York New York

To Whom It May Concern,

I am a tenant in a flat in the Oceana Boulevard Residence, Briton Street. It has recently come to my attention that the nightclub (New York New York) opposite has applied for a license to re-open, which includes a license to sell alcohol/remain open until 5AM. I object fully to this application for a number of reasons. Firstly the pollution associated with the areas surrounding nightclubs will become a problem. This relates to a number of issues - noise late at night, litter, vomit. On top of these issues the area around the nightclub will become a more dangerous area from violence. This danger is not just against humans but also against the surrounding buildings where graffiti and damage will not become uncommon. Further, the proximity of the nightclub to the flats will make quiet nights in/sleeping at night nigh on impossible. Lastly and perhaps most importantly the impact to any children living in the flats will be felt most with people smoking outside the club and setting a poor example with drunken antics.

I look forward to hearing the outcome of the application.

Yours Sincerely,

Matthew Ellis

We at Interlink Express would like to make you aware of our objection to the proposal to grant late licences or in fact a licence of any form to Nexum Leisure for the purpose of either re-opening New York New York or McClusky's in the future. Having operated next door to these premises when they were open in the past we would like to make you aware of the very negative impact that they had on the community of businesses operating from the Brunswick Square Industrial Estate. We commonly experienced people urinating in our doorway and even through our letterbox on occasion. Several broken windows had to be repaired and the small glass panels on one door became broken with such regularity that we had to eventually give up and

board the door up instead. Of even greater nuisance was the fact that our alarm system was regularly triggered at around 2 - 3.00 a.m when the clubs were emptying by people banging against doors and also, I understand on occasion, having sex against the shutter doors to the rear of our premises. Add to this the significant quantities of extra rubbish and empty beer bottles/broken glass deposited in and around our premises and you can understand why the granting of a new licence to these premises would be most unwelcome by both the other businesses attempting to trade in and around Brunswick Square and also those people who have purchased apartments in the area in the belief that it was to be redeveloped for residential purposes.

Comments:

Granting a licence for a bar and night club in this area is completely inappropriate to the residential character of the neighbourhood. The flat I occupy overlooks the premises for which the licence has been requested and noise from the street below is already noticeable and can be intrusive. Late night/early morning operation of a night club will generate additional noise both from within the premises and outside it and cause considerable nuisance to the large number of residents in the high density housing that has recently been constructed along Briton Street, especially Oceana Boulevard which is directly opposite.

I object to the application for premises licence (reference: 2009/00612/01SPRN) on
the grounds of the prevention of crime and disorder. I am a resident within Oceana
Boulevard and feel that the area is no longer suitable for a nightclub like New Yorks,
New Yorks. This is now very much a residential area with a large number of
apartment blocks and the nightclub would have a detrimental impact in both noise,
crime and disorder. Also Living on the Lower Canal Walk alleyway, I feel my
property would be a prime target for anti social behaviour, crime and disorder with
drunken people leaving the nightclub.

Also, from a financial point of view this will further lower the value of my property.

Comments:

I object to the application for premises licence (reference: 2009/00612/01SPRN) on the grounds of the prevention of crime and disorder. I am a resident within Oceana Boulevard and feel that the area is no longer suitable for a nightclub like New Yorks, New Yorks. This is now very much a residential area with a large number of apartment blocks and the nightclub would have a detrimental impact in both noise, crime and disorder. Also Living on the Lower Canal Walk alleyway, I feel my property would be a prime target for anti social behaviour, crime and disorder with drunken people leaving the nightclub.

Also, from a financial point of view this will further lower the value of my property.

Comments:

Briton Street and the lower part of the High Street are now residential, we do not welcome or require a night club, dancing and drinking establishment in this area, which will cause increased late night noise, vandals to our property, litter and disturbance. All establishments of this nature must be confined to the Leasure World Complex away from residents. Please not not allow a licence for this club. I am sure that the police would have further concerns and objections.

RE , LICENSE APPLICATION 2009/00612/01SPRN

DEAR SIR / MADAM

I am writing to lodge an objection to the application for a license to sell alcohol at the former New York New York night club premise at no 2 Queensway in central Southampton .

I am objecting to this licence as follows .

The prevention of crime and public disorder .

We have had first hand experience of the problems caused by late night licences in this area as we have owned a shop in Queensway for the last 12 years . When the above premises was last open we used to have broken windows to our premise and marks on the wall and windows on a regular basis ,and it got so bad that our insurance company would not insure the glass in the windows anymore/ since it has closed we have had no broken windows or marks on the windows or walls .I feel that this wuld be bound to happen again .

Public safety

When this premises was last open several years ago the surrounding area was largely commercial , since then many new residential properties have been built and so it is now largely residential . It is also worth noting I feel that the Southampton city councils local plan review (march 2001) listed the area directly opposite the proposed premises as a potential site for extensive new housing development , so it is clear that in future more residential development is likely to take place in the future. Since so much of this area is now residential I feel that there would be significant late night disturbance to residents who could be intimidated by intoxicated groups or individuals leaving the premises.

Prevention of public nuisance

Noise late at night would disturb local residents and damage likely to be caused to property by some drunken individuals I feel would be inevitable.

Protection of children from harm

Many families live close to the premises along queenways and children out in the early to moderately late evening with their parents, many families including my own walk by that way on the way to or from the cinema at ocean village or restaurants in oxford street or the bottom of the high street, would be put at risk of harm from intoxicated individuals. In many cases being with their parents would not help them as drunk individuals or groups can be abusive to all concerned and not all parents are able bodied.

I hope that you will take my views into consideration when making your decision upon this licence and that you will refuse this and all future licences for this now residential area of the city.

Yours Sincerely,

Adrian Ford

To whom this may concern,

Please accept this letter as my official objection to the Applications from Nexum Leisure Limited for Alcohol Licenses for the Former McClusky's and New York, New York premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following licence applications:

2009/00612/01SPRN - New York New York
2009/00580/01SPRN - McCluskys

My Company operates a Fruit & Vegetable warehouse in Queensway, opposite the proposed premises, that Nexum Leisure Limited has applied for alcohol licenses for both premises stated above.

The premises in question were previously run as a Nightclub and Bar. I do not know exactly when they were shut down, but I do know that at the time of their operation, that part of Queensway was primarily comprised of commercial buildings and offices.

My Night Staff at times felt threatened by the drunken behaviour in the early hours, when the Night Club was previously open, with few police and security staff in attendance.

It is for this reason that I make this objection:

- The prevention of crime and disorder
It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and general violent behaviour. This nightclub opening would create an obvious threat to vandalism and crime of my Company's property and many others alike, from drunk

people leaving the nightclub who may think in their heightened state that smashing windows or vandalising cars is something funny to do.

Please DO NOT grant these proposals for an alcohol licenses.

Yours faithfully,

L Scott / ✓
Divisional Director

The Licensing Team,
Southampton City Council,
PO Box 1344,

SO15 1WQ

Date:

4/4/09

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

RECEIVED

- 8 APR 2009

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Date: 4/4/09

This is my official objection to the Application request submitted by the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York New York premises on the corner of Briton Street and Queensway. I live at Oceana Boulevard in Briton Street, a residential development opposite the above premises, and I wish to appeal against the following applications:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area was NOT a residential area.

Since 2004 I understand that regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area now consists of a mixture of young professionals, public service workers, and people with young families.

I therefore submit my objections below based on the four licensing criteria shown in the Southampton City Council Statement of Licensing Policy (Licensing Act 2003):

- **The prevention of crime and disorder**

Dear Sir

APPLICATIONS 2009/00612/01SPRN – NEW YORK NEW YORK
 2009/00580/01SPRN - MCCLUSKYS

I wish to object in the strongest possible terms to the two above applications.

I have lived in this development since it was built nearly eight years ago, so I can well remember the totally unacceptable problems of extreme noise, petty vandalism and drunken violence which plagued the area when these establishments were last allowed to operate.

A previous application to reopen the premises was, quite rightly, refused by the Council. The reasons for this refusal remain pertinent to this new application, and, indeed, are even more relevant now that the area has become a pleasant residential location as the Council has encouraged further extensive building of new flats. The last thing this burgeoning residential community, which has been enhanced by the recent provision of a convenience store, the imminent opening of a doctors surgery and the most welcome improvements to the roads/ pavements, needs is to have such a disruptive neighbour.

Whilst recognizing the importance of the night time economy to the city I believe that there are well established areas for late night entertainment venues, such as Above Bar and Leisure World, where there is limited adjoining residential development. Surely, if there really is the need for another nightclub in the city it should be located in such an area. A night club offering live music, topless dancing and opening to 5am has no place in this

residential location. In addition I believe there are clear benefits in containing the disruptive behaviour associated such establishments to specific zones rather than spreading the police presence over a wider area.

I trust that the Council will take notice of the strong feelings of its' Council Tax payers and not permit this application which would lead to a huge diminution in the quality of life in this area and raise the prospect of the individuals and families who have chosen to make their home here reconsidering that decision.

Yours faithfully

Dear Sir

APPLICATIONS 2009/00612/01SPRN - NEW YORK NEW YORK
 2009/00580/01SPRN - MCCLUSKYS

Please can you note my objections to the above applications on the following grounds:-

- 1] the adverse impact on the quality of life for those living in the hundreds of flats in the vicinity with noise vandalism and drunken violence throughout the early hours of the morning and the prospect of constantly interrupted sleep - I do not think that the owners intention of using notices asking customers to leave quietly will have much influence on this problem
- 2] there are already many nightclubs in established areas where there are fewer residential properties and it would make sense to restrict any extra nightclubs to these areas

Yours faithfully

Rebecca Westhorpe

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Please read this letter as my company's official objection to the Application from Nexum Leisure Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York

To whom it may concern, we are a long established business on Briton Street, which is adjacent to the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol premises & entertainment license for the premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they shut down, but I do know that at the time of their operation, Briton Street was plagued with numerous issues.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton Street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton Street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operates large, aggressively promoted nightclubs that specialise in selling high volumes of low cost drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton Street at present. It is for this reason that I think that Briton Street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that

the proposed nightclub is adjacent to our business property which would be an easy target for drunken vandals. We as a business have previously experienced anti-social behaviour under the previous occupiers of New York New York. Members of staff who report for work, have been confronted with issues from the previous night. Finding such issues as litter, damage to plants, cigarette ends, vomiting and urine either on or adjacent to our property.

There already exists a significant litter issue surrounding our property from other late night visitors passing our property, which is not currently resolved by the local authorities. This is currently being cleaned up at our own expense.

We strongly feel that this will significantly increase this issue and degrade the area in general, particularly in light of the recent works carried out to improve the street.

Public Safety

As a consequence of that set out above, the safety of the public and in particular our staff and visitors would be at risk if the license was granted to open all day as per the application. Staff would be vulnerable to harassment by people drawn to the area due to the club being potentially open all day, which would clearly jeopardise their safety.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the club queuing/smoking outside and from loud music and noise from inside. All this adjacent to our premises. As a business we have previously experienced noise issues coming through the walls from the club during our working hours. If the club opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the day and into the night until 5am.

The Protection of Children from Harm

I understand young families live in this area and there is an infant school at the west end of Briton Street. Briton Street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Objection Type:
Licensing Objectives
Comments:

We raise the following objections in relation to this licence, in particular the intention to serve alcohol and open until 5 am each night:

- o Briton Street is now a largely residential area and should be treated as per the licence agreement for premises in Ocean Village- acknowledging this and only allowing licences until 11pm.
- o As a residential area, Briton Street previously suffered from unacceptable levels of anti-social behaviour relating to noise, decency and safety.
- o Music could be heard in our home from the old premises until the early hours of the morning, even with double glazing closed. This was not just restricted to weekends and invaded every evening of our week.

- o Noise pollution also extended to patrons leaving the premises in a drunk and disorderly manner along Oriental Terrace (directly beneath our window)- this was often extensive and included fighting and foul language well past the licenced hours.
- o Refuse and damage to communal property was not unusual and directly impacted our service charges e.g. cleaning of communal bin stores used as public lavatories, repairing damage to doors and windows, re-painting surfaces- above and beyond normal wear and tear frequency of repair.
- o Our right to live in a decent community was blighted by the sale of drugs, fighting and indecent exposure including sexual activity directly on our street.
- o Personal safety for both the patrons and residents would be compromised through serious assaults and incidents occurring between patrons- emergency responses from the Police and Ambulance were frequently required.

We are not convinced that the notice to ask patrons to leave quietly will have any impact and are particularly concerned that drunk and disorderly patrons will be 'dumped' on Briton Street.

Check 21 and Pub Watch membership do not alleviate any of the above concerns as it is the licence until 5am that will directly impact on the premises becoming a hotspot for patrons seeking entertainment once Ocean Village and Oxford Street premises stop serving alcohol (they would usually migrate to the city centre High Street and Bedford Place areas). Drunk and disorderly activity will surely increase in what is now a highly developed residential area as a result.

The impact on our quality of life is simply not acceptable, especially recognising the growing community of young families within the new residential developments.

Comments:

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.

The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

There is a public footpath called Oriental Walk which goes through and is in very close proximity to five residential buildings, from this footpath there is also easy access to private garages and cars parked in allocated spaces. This footpath runs from the High Street to Queensway ending across the road from New York New New York's entrance. I am concerned that granting a premises licence especially with very late hours would increase the number of people using this path and lead to crime and disorder in relation to parked cars and noise nuisance from rowdy people late at night.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely

Richard Amundson

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- The prevention of crime and disorder

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street.

This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- **The protection of children from harm**

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street.

Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Regards,
Renata

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours sincerely

Subject: Licensing objection
To whom it may concern,

I am a resident of flat 73 Oceana Boulevard in Briton Street and have serious concern with regard to the application of the alcohol licences for the sites formerly McCluskys and New Yorks.

This area of town is now predominately residential and having a night club open to all hours is not appropriate for this part of town.

I object upon the grounds that it will encourage drunk and disorderly behaviour in the area, leading to potential crimes such as vandalism to property, fighting, noise and public nuisance.

Yours Faithfully,

Lynette Bowen

The Licensing Team,
Southampton City Council,
PO Box 1344,
SOUTHAMPTON,
SO15 1WQ

To whom this may concern,

Please accept this letter as my official objection to the Applications from Nexum Leisure Limited for Alcohol Licenses for the Former McClusky's and New York, New York premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following licence applications:

2009/00612/01SPRN - New York New York
2009/00580/01SPRN - McCluskys

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and a very large number of other residents in the buildings, on and around Briton Street, that Nexum Leisure Limited has applied for alcohol licenses for both premises stated above.

The premises in question were previously run as a Nightclub and Bar. I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton Street was not a residential area and primarily comprised of commercial buildings.

Since 2004 the regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House, Merchants Quarter and several other residential dwellings in the area. This area is now what I would class a sophisticated, "young professional" area and also has young families as tenants within these complexes.

At the time of residents purchasing these properties, we were made aware that the premises in question were to be torn down. I can honestly say that if I or any of the purchasers had known the nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your four licensing objectives, that I make this objection:

- The prevention of crime and disorder

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and general violent behaviour. Are you really suggesting that opening a night club within a residential area, that crime and disorder would not dramatically increase? I think not. This nightclub opening would create an obvious threat of vandalism and crime of

my property and many others alike, from drunk people leaving the nightclub who may think in their heightened state that smashing windows or vandalising cars is something funny to do.

- **Public Safety**

As per above, the public and residents safety would be at risk. If you want to go to a pub or club you can do so in West Quay or Bedford Place where there are plenty of bouncers on watch to prevent any harm to the public. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar in this quiet residential area.

- **The prevention of public nuisance**

Public nuisance can count as noise and you can only imagine what it would be like living opposite a nightclub which plays dance music until 5am, when you have small children or a job to be rested and prepared for in the morning. It would be a constant life of disrupted sleep created by noise and nuisance. I, as a council tax payer do not find this acceptable.

- **The protection of children from harm**

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will also cause broken glass which will also endanger children.

I feel that I do not have to say anything more, as this proposal is preposterous. Anyone can see what danger, media frenzy and nuisance granting these licenses would cause.

Please DO NOT grant these proposals for alcohol licenses.

Yours faithfully,

Joao Assuncao

Licensing Objectives

Comments:

I strongly object to this application on the grounds that if a licence to sell alcohol in a
premises that will be open till 5am will result in the following social disturbance
issues for nearby residents :

- * Drunken behaviour by customers causing shouting and loud noises disturbing the
peace.
- * Vandalism to property and cars in Briton Street and Queensway.
- * Increased amount of litter and bodily fluids in the vicinity of the residential area.
- * This would also have a negative result in ability to sell or lease residential property.
- * Resulting in lowering the value of the residential property.

Ms Sarah Taggart
Flat 4
6 Briton Street
Southampton
SO14 3ES

6th April 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.

The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours sincerely,

Sarah Taggart

Please read this letter as my official objection to the application from the Nexum Leisure Limited for an alcohol license for the former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in night time noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub. This would clearly jeopardise their safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would have to pass through a throng of drunken clubbers in order to get home .

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

SOUTHAMPTON,
SO15 1WQ

Please read this letter as my official objection to the application from the Nexum Leisure Limited for an alcohol license for the former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in night time noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub. This would clearly jeopardise their safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would have to pass through a throng of drunken clubbers in order to get home.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Comments:
Dear Sir/Madam

As we are literally a few metres down Queensway from the premises in question, I must say that frankly I am appalled at the request for a licence of any sort for NewYorkNewYork. Since the previous club ceased to operate, we have experienced an unparalleled period of peace, quiet, no vandalism, no mess, no graffiti, no theft

and no threats to staff and visitors. I wish to lodge the strongest possible objection on the following grounds:

1. As an education service, we are open from 0700 - 1800 each day and also hold weekly evening training sessions. Also, at various times we will have children of all ages visiting our premises. Suffice to say that when the previous clubs were functioning, our visiting schools and children had some pretty nasty experiences from the left overs of a night out including abuse, vomit, condoms and urine.
2. The treatment that my staff and some visitors received especially for early morning and late evening sessions was sometimes terrifying and was a public safety issue.
3. Our premises were regularly vandalised - signs, lights, doorway - regularly damaged, broken, covered in graffiti.
4. In conjunction with the above, there were also clear issues of public nuisance as our entrance canopy was frequented by people exiting from the clubs who would leave interesting items such as needles and condoms in the open porch area. The area around our entrance was also regularly used as a public urinal and depository for vomit, bottles and glasses. Worst of all, we often find drunks sleeping off their excesses when we arrived for work in the morning.

I trust that the above comments will be respected and taken note of in what I sincerely hope will result in the Late Licence Application being refused. Please contact me if I may be of further assistance or if I can provide more information.

Yours sincerely

Andrew Crowley, Business Manager.

Licensing Objectives

Comments:

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ. I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.

The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

My main concern is that there is a public footpath called Oriental Walk which goes through and is in very close proximity to five residential buildings, from this footpath there is also easy access to private garages and cars parked in allocated spaces. This footpath runs from the High Street to Queensway ending opposite McClusky's Bar. I am concerned that granting a premises licence especially with very late hours would increase the number of people using this path and lead to crime and disorder in relation to parked cars and noise nuisance from rowdy people late at night. Should this go ahead locked gates would need to be erected and paid for by the council to provide security of residents and their property. With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises.

9th April 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ. I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.

The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely,

Benjamin Rowe

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that precedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do at Leisure World where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. There is also the issue of people being attacked in the unlit Queens Park next to Oceana Boulevard.

- The prevention of public nuisance
I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning or just trying to relax at the weekend? It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable. There would also be extra traffic noise from taxis picking up and dropping off.

- The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours sincerely

8/4/09

Dear Sir/Madam:

I would like to raise an objection for the reopening of New Yorks + McCloskys night clubs.

I have lived now in town for 2 years and I appreciate a level of noise - but I would not have chosen to have lived near a night club. This will cause a lot of noise, antisocial behaviour, potential fights and in turn reduce the value of my property.

In addition the garage door \geq the flats is opposite the club, which could mean that people could slip in, cause mayhem, damage cars + property + access flats.

I am very disappointed that this has ever been considered.

But please note my objection as I am happy to take this further.

Thanks

Please read this email as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

- **The protection of children from harm**

My partner has a young child of 5 who stays with us each weekend. Her bedroom faces out onto Briton Street and would therefore be subject to any noise disturbances that are bound to happen within the surrounding area. Vandalism will cause broken glass which will also endanger children.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

• **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

• **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

1.
Mr. G. L. TAYLOR
9, Talbot Court,
Queensway,
Southampton
SO14 3AZ
11th April 2009

Dear Sir or Madam,

re: Licensing applications for former 'New York, New York', 2 Queensway and 'McCluskys', 8 Queensway, Southampton.

I am writing in objection to the above application.

Since the last applications in this respect in 2005, the Queensway/Brimton St. area has become predominantly residential in character. The recently completed Oceana Boulevard apartment complex is now only metres from the old 'New York, New York' entrance. There are now a number of occupied apartments to the immediate rear of

the proposed establishments in Orchard Place.

The area is well served by restaurants and other licensed establishments, which do not raise the same concerns as those in the application in consideration.

There is currently no need for any more, especially nightclubs open until the early hours.

Given the area's current reputation as the 'restaurant district' of Southampton and its predominantly residential character I believe the application under consideration to be wholly inappropriate.

When the establishments in question operated previously the lower Queensway area was notorious for incidents of public nuisance, incidents of violence and vandalism, and urination in the street and doorways. Local residents felt unsafe in the vicinity of these establishments, when open.

A number of my neighbours and myself have direct experience of this, which can be directly attributable to the clientele frequenting the establishments in question.

Since they have been closed crime and disorder, public nuisance and threats to public safety have significantly diminished. My concern is that these issues will appear again almost ~~was~~ immediately should the application be ~~considered~~ granted.

Thank you for your due consideration.

Yours Faithfully,

GARY TAYLOR

Date: 12 April 2009.

Re: New York New York & McCluskys Applications – Nexum Leisure Ltd

I am writing to express my concern in relation to the two Applications below, submitted by Nexum Leisure Limited, to re-open the former McClusky's and NY NY premises on the corner of Briton Street and Queensway, requesting 24-hour Alcohol Licenses, and I wish to appeal against the following:

2009/00612/01SPRN - New York New York 2009/00580/01SPRN – McCluskys.

The nightclub scene is not for everyone, and consideration should be given as to the appropriateness of a 24-hour nightclub with a license to sell alcohol up to 5 am 7 nights a week being allowed to operate in a residential area. In terms of the health and safety of people living in the area the impact on our Community would be devastating. The whole character of the area has changed since these premises last operated. It is a relatively quiet area for most of the time, with the normal background sounds of life and the living, and people going peacefully about their business, a good place to live, not in the hub of the noise and bustle of the city, and yet conveniently situated with local facilities, as well as for shopping in town.

This is now very much a residential community with a mixture of age groups living here, and from all walks of life, including professionals, public service workers, those with young families, and retirees. With all the improvements that have taken place in this area it does not make any sense at all to re-open these premises, even now the Council are carrying out work to provide new pavements with trees and seating for the residents to enhance the area. It was Southampton City Council who encouraged developers to build affordable properties in this area to enable first time buyers living and working in Southampton to purchase homes, the majority of whom are hard-working people, key to the area, who have taken on mortgages, and have to work. To work efficiently everyone needs a good night's sleep.

To allow the type of establishments being considered to re-open after so much residential development would be a complete about-turn by SCC, and a betrayal of all who live here. It was generally understood by people in the area that the run down properties extending up from the Briton Street / Queensway corner were to be demolished for development, and as far as can be ascertained so far, no solicitor advised their client that there was a possibility of these premises being re-opened. In the past the area was known for its regular outbreaks of fighting in the streets and vandalism by patrons of McCluskys & NYNY, they were renowned for their rowdy, foul-mouthed behaviour fuelled by alcohol.

Nexum Leisure Ltd now want to sell alcohol every night of the year until 5am, and for entertainment through the night they would have an in-house amplified system, with visiting groups (and their groupies) pounding out amplified music; music-based Videos and DVDs; Films; Karaoke; and other adult entertainment, which includes topless dancers, and topless staff serving drinks; all the noise and associated problems would be spilling over into our community. It would be a constant source of nuisance to residents, and very difficult to police due to the number of people attending these clubs, innocent people could be caught up in volatile situations that occur between people who have been subjected to a period of loud music and alcohol. Noise would be an endless source of nuisance, and there would be a constant threat to the safety of the people living in close proximity to these premises, crime would escalate, and everyone in our community would be sitting ducks.

There are so many bars, restaurants, clubs, casinos and nightclubs throughout Southampton that offer adult entertainment, including those close-by in Lower High Street, Oxford Street, and the Ocean Village area, that it would be more appropriate for our community to have some family orientated project introduced into the area, not a nightclub of this nature that would drastically disrupt people's lives in the neighbourhood, and be totally out of place. Nexum Leisure need a suitable site away from residential living, a site similar to the Leisure World complex which is ideally based to make it easily accessible for tourists, and the population of Southampton and surrounding areas, not in the centre of, what is now, a local residential area.

My objections to each of these applications are based on the four licensing criteria shown in the Southampton City Council Statement of Licensing Policy (Licensing Act 2003).

To sum up:

1) The prevention of crime and disorder

Based on my statement above: The likelihood that crime and disorder will soar in our area due to the number of people coming into the area, and the effects of loud music and late-night drinking cannot be denied. Pleasant, reasonable men and women can lose total control as a result of the misuse of alcohol, and there is always a percentage of people who get so hyped up, and out of their heads with booze and music, that all reason vanishes, and this is what the area will have to live with for 364 nights a year:

- Residents will not feel safe in the streets, innocent passers-by will be in the line of fire, subjected to verbal abuse, or worse.
- Car crime will increase, cars parked in Briton Street and Queensway will be at risk of damage or theft every night of the year.
- Homes will be vandalised and at risk of break-ins, people in the area will not feel safe in their own homes.

Nexum Leisure justify their ability to prevent crime and disorder by: a) installing CCTV: b) management risk assessment / DrinkWatch; c) control alcohol consumption by not having a "happy hour" / drink promotion, there will be an unlimited supply of alcohol at a set price; d) anyone who turns up drunk, will not be let in; e) anyone who shows signs of inebriation will be turned out of the club.

a) CCTV is passive observation, it tells us what has happened after an event, as we see in the media, this is a very hit and miss process, it may catch the perpetrator some of the time, but it does not stop crime (ask any victim), and those who intend to commit crime go out to avoid identification. b) It is very difficult to monitor in a crowded, dimly lit environment, and with so many people a lot will slip through the net, and it has not worked in the past. c) The police will confirm that this has not proved to be the case, like 24 hour drinking was supposed to reduce drunkenness, the number of drunk and disorderly cases has increased. d) and e) in each case the individual will be free to roam our area, with the potential of being a public nuisance. Nexum Leisure's responsibilities lie inside the clubs, and begin and end at the club entrances.

2) Public Safety

As demonstrated in 1) above: An ongoing threat to the safety of residents would be present due to the number of patrons visiting the area, and the nature of this business is likely to attract the wrong people into the area, i.e. drug peddlers, and sexual predators, general troublemakers /gangs, and the local vagrants. After a night of clubbing, patrons would be departing, as residents were starting to leave home for work, they would be at risk.

Nexum Leisure have referred to: the standard building regulations, fire safety, number of patrons permitted at any one time (200 max) ****their responsibility is to ensure that the environment within the club is safe for patrons and to eject those who become a source of trouble into the neighbourhood.**

With such high numbers of people coming into our area on a regular basis, residents would be put at risk, we would be concerned for our own personal safety, and that of our families. A police presence would be needed through the night, CCTV surrounding the club would not be sufficient.

3) The prevention of public nuisance

McC+NYNY = noise, disruption, trouble = general public nuisance = sleep deprivation for residents, a wide-awake nightmare for 364 nights a year!

- Loud noises, alcohol/drug induced behaviour of people roaming the streets, sexual predators, broken glass, vomit, urine, litter; residents will not be able to escape this nightly invasion into our lives.
- Patrons arriving and departing in vehicles throughout the day and night; car doors slamming; arguing couples, raised voices, hysterical screaming; groups out of control; vandalism to residents property; passers-by subjected to verbal abuse from rejected drunk and disorderly patrons; trashing groupies leaving their mark.

Nexum Leisure will be: a) placing up notices in the club asking their patrons to leave quietly, and b) will give some consideration to acoustics, and c) refuse.

a) What good will a notice do? But it is all that is required! Are patrons going to read it? Will they care? Even if they are asked to be quiet, will they listen? There is no reasoning with people hyped up by music and alcohol: b) Music, entertainers over the microphone, and the raised voices of the crowd inside are bound to be heard outside in the community, noise travels: c) Refuse-rats could become a neighbourhood problem, food would be served from 11pm-5am.

4) The protection of children from harm

Children would be at risk: The chances of some underage drinkers getting into the club are high, and they would be vulnerable to having their drinks spiked, and to the other dangers referred to below:

- The streets will not be safe for our children, due to the unsavoury characters that are drawn to events where crowds congregate, the sexual predators (paedophiles) and those who peddle drugs.
- More risk of road accidents as there would be a large increase in vehicles coming and going in Briton Street and Queensway. There would also be the threat of drunken drivers.
- Loud noises disrupt young lives too, it can be challenging enough for parents to get babies and toddlers to sleep, but it can be very difficult to get them back to sleeping soundly again once disturbed.
- Toddlers out walking with their family would be at risk from broken glass through vandalism, cigarette butts, and pavements soiled with vomit, urine and litter.

Nexum Leisure will: a) ensure there are no under age sales; and, b) no person under 18 will be permitted entry.

a) and b) Good, but how can they be so sure among so many people, young people will find a way in if determined enough.

The effect it would have on my life:

My flat is on the 6th floor of Oceana Boulevard, and immediately overlooks the Briton Street / Queensway corner, and the main entrance to the nightclub. Noise carries outwards and upward, and the noise from these establishments would penetrate every room in my home, there would be no escaping this intrusion into my life. The source of nuisance would be never-ending 364 days of the year, and would make my life a total misery, a living hell! Nightclubs are ok, BUT NOT ON MY DOORSTEP.

To argue that the lives of residents in the area will not be affected by the entertainment and music taking place inside the nightclubs, is totally unrealistic. Of course the entertainers over microphones, and music will be heard, amplified or un-amplified, in addition there would be the responding sounds from the patrons, they are there to have fun and enjoy themselves, which is as it should be, but not at the expense of the residents in the area. The sounds will carry through the night, with constant noise intruding on the lives of everyone living in the area, and in particular those, like me, in such close proximity to these clubs. I would never knowingly purchase a property in close vicinity to a nightclub, let alone a flat overlooking the main entrance to the nightclub.

The position of my flat is such that I would not be able to get away from the continual pounding music and sounds of the entertainers and patrons inside the crowded nightclubs, it would ruin my ability to work effectively, through lack of sleep (I have a mortgage to pay) and I am early to bed each night as I depart at 5 am each day. Sleep deprivation is a health hazard and the quality of my life would drop to zero. The nightly disturbance would be a constant source of nuisance, not only would my health be adversely affected by the noise emitting from the clubs, there would be the additional sounds of the vehicles driving along Briton Street, and down Queensway dropping off groups of people below my flat throughout the night, with the slamming of car doors, and voices of the patrons as they arrive and depart from the clubs.

In addition, because my home is so close to the proposed nightclub premises I would not feel safe in my own home, for it is a fact that groups of men and women who are hyped up by music and alcohol can get out of control, and turn to threatening the safety of another, just for the hell of it. I have had people try to break into my flat due to the effects of alcohol, after they had left a nearby party in Briton Street. On the 27th September 2008 I was awoken by a group of drunken, foul-mouthed revellers who had found a way into the development. It was 3.15 am. They were banging and kicking my front door, shouting obscenities and trying to force the door handle to get into my home. I was terrified. They finally departed running amok through our development. I was not hurt, but deeply shocked, and reported the incident to the police (ref: SRS042) once I had recovered.

Although the above is an isolated case, it is just another illustration of the dangers that are likely to occur should these nightclubs re-open so close to residential property. People will be partying every night, and with the number of people coming into the area, statistics have proven that a percentage of these will cause trouble of some kind, and the threat would be there 364 nights of the year.

**I strongly object to the re-opening of either of these nightclubs
THIS IS A RESIDENTIAL AREA, and
is an unsuitable location for a nightclub.**

Please do NOT grant either of these proposals for alcohol licences.

8th April 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block on Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.
The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building on Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours Sincerely

Colin Reynolds

Comments:

I object to this licensing application on the grounds that the area around this property is now, in the majority, residential. In order to continue the 'regeneration' of this area the area should remain as is, or the use of buildings should be sympathetic to the residential majority in the area.

In addition, having a premises attracting young people and alcohol into the area which would presently be accommodated elsewhere in the city would no doubt lead to more crime and damage occurring to the neighbouring residential properties. This coupled with the increase in alcohol-fuelled aggressive behaviour would make the residential area an intimidating place on Friday and Saturday evenings.

Finally the playing of loud music until approximately 5am, and the associated noise of people leaving the premises does not compliment the majority residential area and would prevent sleep to residents and in fact be a nuisance to those dwellings nearby.

I trust you take on board my comments when considering this application, please feel free to call me if you wish to discuss.

Living right next to the building I feel the noise and the vandalisim that a night club will bring is not suitable for this area. The council are currently rennovating this area with new paving, trees and benches which will be quickly ruined with a nightclub.

I am strongly opposed to this bar opening.

I am a resident here and when this bar was open before there was constant fighting and brawling, with damage to the cars and property's in the surrounding area. I would not feel safe at night walking home from my work.

There are plenty of other nicer bars in this neighbourhood to drink at, we do not need that crap hole opening up again
Thank you!

Dear Sir or Madam,

As residents of Oceana Boulevard in Briton Street, we wish to register our objection to the proposed application to re-open and extend the licensing hours of the night club, New York, New York, located at 2 Queens Way, Southampton.

2 Queens Way is obviously not a suitable location for a nightclub, because it's in the centre of our housing. The re-open and extended hours of New York, New York will result in drunkenness, anti-social behaviour including loud talk and shouting by drinkers during the night. We feel that the extended licensing hours would cause a major disruption to what is a quite residential area.

We would be grateful if you would take into account our objections to the re-open and extended hours.

Yours sincerely,

Mr & Mrs Ni

I wish to OBJECT to this new premises - we already have enough noise over the weekend nights when late-night partyers are rowdy on the streets so this new bar will only exacerbate the problem and it will be happening daily. I have to be up at 5AM for work and I have to sleep early for that. Please consider my plea. Thanks!

We have also just noticed that this license application asks for topless dancing by performers and staff. We would object very strongly to this type of establishment opening at all. Southampton needs sustainable development NOT entertainment for niche audiences. We already have to put up with For Your Eyes Only which has made that part of the High Street feel seedy and unsafe and in my view, stunted investment by other A1 and A3 uses.

Please do not grant this license application.

Dear Sirs

Re: Briton Street, NY nightclub proposed extension to opening hours

I am writing this letter to express my objection to the application for extended opening hours made by NY night club in Briton Street.

With the development of several apartment blocks, Briton Street has become a well established residential area. The City council has invested a large sum of council taxpayers' money to redevelop the environment of this area.

If the relevant premises are allowed to extend their opening hours to 5 am in the morning, this will inevitably lead to instances of noise, crime and anti-social behaviour

Not only will this affect the living standards of local residents, which is reason enough to object to the proposed extension of opening hours, but yet more tax public funds will have to be spent on dealing with crime and anti-social behaviour. The proposed extension of opening hours cuts across and interferes with the efforts of the City council to improve the image of the city.

I sincerely hope that the Committee will take this and no doubt other representations from the local community seriously and reject the application in a forthright and categorical fashion. As a law binding citizen, I for one do not welcome such premises in my local area.

Yours faithfully

Dr Licneng Chang ✓

Date: 5/4/09

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

Wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

This is my official objection to the Application request submitted by the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York New York premises on the corner of Briton Street and Queensway. I live at Oceana Boulevard in Briton Street, a residential development opposite the above premises, and I wish to appeal against the following applications:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area was NOT a residential area.

Since 2004 I understand that regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area now consists of a mixture of young professionals, public service workers, and people with young families.

I therefore submit my objections below based on the four licensing criteria shown in the Southampton City Council Statement of Licensing Policy (Licensing Act 2003):

- **The prevention of crime and disorder**

WRITE YOUR OBJECTION

- **Public Safety**

WRITE YOUR OBJECTION

- **The prevention of public nuisance**

WRITE YOUR OBJECTION

- **The protection of children from harm**

WRITE YOUR OBJECTION

Please do NOT grant this proposal for an alcohol license.

Date: 08/04/09

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

- **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Dear Sirs,

Re: Licence Application Nos: 2009/00612/01 SPRN
2009/00580/01 SPRN

Notice of Application for the grant of a Premises
Licence under Section 17 of the Licensing Act 2003
by Nexum Lesive Ltd in respect of premises formerly
known as New York New York and McCusky's
2-8 Queensway, Southampton SO14 3AZ

My wife and I moved to our present address two years
ago to be nearer to our daughter and grandchildren.
When we purchased our flat we were given to
understand by Barratt Developments that the area
around Bilton Street had been earmarked for
residential development and we had no reason from
our observations to suspect otherwise. We also
noted from the Planning Permission granted on the
16th June 2003 (Section 04) for Oceana Boulevard
that proposed retail outlets on the site should not
be open for business outside the hours of 07.30 to
22.30. Therefore, we are dismayed to learn that
Nexum Lesive Ltd are proposing to open a new
nightclub providing regulated entertainment and
alcohol Mon to Sun 00.00 to 24.00 hrs with
late night refreshment 23.00 to 05.00 hrs less than
25 metres from Oceana Boulevard.
Prior to coming to live in Southampton my wife and I
had occasion to spend few nights at one of the
two hotels in the High Street where we occupied
a room at the top of the building facing onto the

High Street. This gave us the unwanted experience of having a bird's eye view of the young people of Southampton spilling out onto the streets in the early hours of the morning from the pubs and clubs of the area. The noise and unruly behaviour, etc., is something which should not be experienced on a nightly basis in a residential area.

There are 281 flats in this development, many of them with bedrooms overlooking Bilton Street and Queensway. There are babies and children living here and some elderly people - are they going to be able to sleep? It is intolerable that they should be subjected to the sort of disturbance associated with a 1300 capacity nightclub.

In the past three months at Oceana Boulevard two plate glass entrance doors and one plate glass window have been shattered, at least eight cars in the underground car park have been vandalised and items stolen, also two motor bikes and a number of bicycles have been stolen, and there is a continuous problem with noise and litter from passers-by returning home after frequenting city centre and Oxford Street nightspots. Last weekend we drew our bedroom curtains on Sunday morning to see vomit on the pavement outside our bedroom window and this weekend it was two unfinished takeaway meals thrown on the pavement outside our window.

We feel that the opening of a 1300 capacity nightclub with a premises licence for the supply of alcohol and provision of regulated entertainment 24 hours a day within 25 metres of our development is much more likely to make these problems worse rather than better. This part of the city

is now unquestionably a residential area providing considerable income in the form of Council Tax to the City's budget. People's lives should not be aggravated by the likely noise, bad behaviour and vandalism etc associated with large numbers of people coming into the area and inevitably consuming more alcohol than is good for them.

We, therefore, strongly OPPOSE the licence applications listed above, because we believe the establishment of a new nightclub on this site is certain to increase public noise and nuisance and is very likely to increase the threat of vandalism, crime, disorder and threaten public safety in this residential area. Also, it will undoubtedly devalue the residential property in the Briton Street area.

Yours faithfully

D. G. and B. J. TRUPHET

14th April 2009

Dear Sirs

Please read this as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton.

The reference numbers for these applications are:

2009/00612/01SPRN
2009/00580/01SPRN

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention and many other resident's at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area where my young family resides with me.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton. At the time when I purchased my property I was 7/12 months pregnant and WOULD NOT have bought the property had I know these establishments were to re-open as opposite a night club is not an appropriate place to bring a child up.

It is for this reason and the following reasons, as per your own criteria, that I make this objection.

The prevention of crime and disorder - It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a night club within a residential area that crime and disorder would be at a zero? Doubtful. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my property, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

Public Safety - As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar. I quite often attend the gym which is situated within the development but is only accesable via the street and I wouldn't happy walking down the street alone at night if this club was to open.

The prevention of public nuisance - I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, as a council tax payer do not find this acceptable.

The protection of children from harm - Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep (myself; included), this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Yours faithfully

13th April, 2009

Dear Sirs,

Objection to license application: New York New York, 2 Queens Way, Southampton

We are writing to object to the application for the supply of alcohol and regulated entertainment at New York, New York, 2 Queens Way, Southampton.

The grounds for our objection are as follows:

1. The area is heavily residential, with flats less than 15 yards from the door of the premises, and the noise from both the nightclub and its clientele leaving/entering the premises will be very disruptive to local residents.
2. Briton Street is a quiet and safe residential street. A nightclub in the local area will cause Briton Street and Bernard Street to become cut-throughs from the city centre bars and Leisure World with a potential increased level of petty crime and vandalism.
3. There is already a lack of parking in the area for residents and this will be further exasperated by the opening of such a venue.
4. There has been significant recent development in the area including the building of a large number of new residences. The granting of this licence is likely to negatively impact upon the value of these residences at a time when house-owners are already losing money in their properties:

From discussions with other residents, we are aware that our feelings are shared by many and we trust that these will be taken in to consideration in reaching your decision.

Yours faithfully,

Lucy Christopher & Neil Brooks

The Licensing Team
Southampton City Council
PO Box No. 1344
SOUTHAMPTON SO15 1WQ

Dear Sirs

New York, New York/McCluskeys Nightclub

I moved to my present address, which is within Merchants Quarter at Briton Street, in January 2002. It soon became very apparent after a few months that considerable late night/early morning disturbance was being created by the patrons of the above club.

Driving down Queensway in the early hours one was faced with intoxicated club members weaving about in the street and yelling at cars and their occupants; eventually I stopped using that route to my home for safety reasons. My flat bedroom looks on to Oriental Terrace and again in the early hours I was disturbed by shouting club patrons coming through that footway and sometimes throwing cigarettes and bottles into the shrubbery. Occasionally one had to suffer the indignity of seeing patrons vomiting/urinating on the footway at various points through to the High Street.

I have to say that I was delighted when the license for the two properties was removed and even more delighted when a subsequent attempt to obtain a new license was rejected.

You will, of course, be aware that there has been considerable development within the lower part of the High Street and in Briton Street (the latter pavement/road area is presently being completely redesigned, at considerable expense to improve the general area). The development is predominantly residential.

I am extremely surprised, and very disappointed, to find that the above clubs are yet again seeking to obtain a license, I understand with a 5.0am license. There is no doubt that all the problems we residents previously had to tolerate will be repeated; now by considerably more residents. Incidentally the new pavement outside the clubs premises will become a public ashtray now that smoking is prohibited inside.

Every local resident I speak to is of the same opinion as me that the City Council should reject this further application on the grounds that there will be very increased noise, possible vandalism and litter in a now quiet large residential area.

I do hope that the Licensing Team will reject this latest application from the above names Clubs.

Yours faithfully

GARY WHITAKER

I feel that opening a nightclub, especially one with such long opening hours, in this area will create a lot of nuisance for local residents. As the area is more residential than commercial, the noise, litter and drunken behaviour that will be generated by this club, is not in keeping with the areas character. It is my belief, that what is currently a peaceful, safe neighbourhood, will become a no-go area at night, due to the behaviour of the clubs customers and could result in an increase in vandalism and minor criminal actions in the surrounding area.

I currently live in the building opposite the premises - Oceana Boulevard. I strongly object to opening of the nightclub as the area is now predominantly residential. A number of residents bought properties with reassurance that the premises would be demolished and the only likely use would be residential or possibly retail (i.e. a convenience store). The noise pollution would be intolerable, especially if a licence is granted until 5 am. Oceana Boulevard/Briton Street is now an area with residents from a variety of age groups, a nightclub in an area where young families and elderly couples are commonplace is a very bad idea. I would also be concerned about an increase in alcohol related crime, specifically vandalism and intimidating behaviour with drunken people falling out of a club just yards away from our front doors. It is not a case of 'not on my doorstep' but the majority of other clubs in Southampton are in appropriate areas where residential population is minimal such as Leisure World and Bedford Place. Opening a club in the heart of a densely populated residential area is asking for trouble, especially when you consider the reputation of the previous clubs situated on the premises. Here's hoping common sense prevails!

Thanks
Callum

I am writing to object to the above application on the ground of potential public nuisance. I am greatly concerned that the proposal, if it goes ahead, will have significant detrimental effects on the living area. As a local resident this is a matter of concern which affects me and other local residents who live in the Oceana Boulevard apartment block facing Briton Street (over 50 addresses).

The proposed location is not suitable for a night club because it is in the centre of a recently developed residential area. I live across the road from the proposed entrance on the 1st floor (my bedroom is directly overlooking the entrance to New York, New York) and I am deeply concerned about the potential nuisance this nightclub will have.

Please read this letter as my official objection to the application from the Nexum Leisure Limited for an alcohol license for the former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in night time noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub. This would clearly jeopardise their safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would have to pass through a throng of drunken clubbers in order to get home.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

It is for this reason that I think that Briton street is an-unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub. This would clearly jeopardise their safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would have to pass through a throng of drunken clubbers in order to get home.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this disturbance will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Please read this letter as my official objection to the application from the Nexum Leisure Limited for an alcohol license for the former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004, regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements.

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as large a number of patrons as possible. Such establishments, however well run, inevitably give rise to a significant increase in night time noise, violence, vandalism and general anti social behaviour – aspects of life which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. Objection Type:
Licensing Objectives

Comments:

I am writing to lodge an objection regarding the reapplication of the licence to McClusky's, 8 Queens Way and New York nightclub, 2 Queens Way, Southampton and the proposal to transform both of these premises into a 'superclub'.

As a resident of 6 Briton Street, about 50 metres from the club entrance, I am very against the reopening of both these premises. When I first purchased my property on Briton Street five years ago, both premises were open for business and made life very unpleasant for local residents for the following reasons: the bass noise from the loud music could be heard from within the flats, especially at weekends, until closing time at 2am; from closing time at 2am, shouts, screams and loud singing from people leaving the nightclub could be heard outside in the street; cars were often being vandalised including wing mirrors being broken; rubbish, and even vomit, was often found in the doorways of the communal entrances.

However, all these problems have now stopped since the closure of both McClusky's and New York nightclub following the council's refusal to renew the licenses in 2005.

With the amount of new housing attracting many professionals into the city, Briton Street has become a desirable residential area during the past few years. Is a 'superclub', with the reputation of McClusky's and the New York nightclub, really what Southampton Council would agree to in the centre of this up and coming new community? After all, the council is investing a lot of money in Briton Street with the redevelopment of the road and pavements. People are spending a lot of money on these properties and agreeing to reissue the licences is going to have a devastating effect on the market value of our properties, the quality of living and the safety of all residents with up to 1300 clubbers on our doorsteps.

I was interested to read in the Echo, following the protest by local residents, that Nexum chief executive Paul Kinsey said he would target 19 to 24-year-old clubbers and was not looking to attract "undesirable characters" but "people with good jobs". With the addition of a closing time of 5am and "topless dancing on select nights" I do not understand how this would attract anything but the "undesirable characters" Mr Kinsey is talking about. Do the council agree this would be a "better quality club than anything in the town" and attract a "good quality clubbing crowd"?

Having spoken to other residents regarding this matter I know there is a very strong feeling that a bar/nightclub is not needed or welcome in this area. There are other locations possible for a nightclub like the one proposed that would not damage the quality of living for the many residents that have been encouraged to invest in the city.

I look forward to hearing what the decision will be in the future.

Subject: Public Access For Licensing - Application Comments
(2009/00612/01SPRN)

My husband and I own a property, flat 200 at Oceana Boulevard.
We currently rent out this property and feel this has been successful because of the proposed regeneration of the area and the quieter nature of the surrounding streets in recent years.

Whilst we appreciate that this is still a town centre location we do not feel it at all appropriate to open a night club facility so close to residential properties. The late hours that the club would open, would no doubt increase noise levels, encourage alcohol fuelled aggressive behaviour and the need for increased emergency calls due to complaints of noise and unrest.

We both strongly object to the current proposal and would hope that it will be declined for all of the above reasons.

19th April 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ.

I live in a residential block close to Briton Street. At present there is one restaurant called POSH and no other pub, bar or club in the vicinity of Briton Street or Queensway. Briton Street is a quiet mainly residential street and I am concerned that two premises opening in this area is going to attract a large number of people to this otherwise quiet road.

Section 4(2) of the Licensing act 2003 states the licensing objectives, two of which are:

The prevention of crime and disorder.

The prevention of public nuisance.

I feel that granting a premises licence with licensable activities finishing after 23:00 would increase disorder and public nuisance in the area from people who had been drinking either entering or leaving the premises and would encourage large groups of people to the area, which would contravene the licensing objectives.

With the introduction of the no smoking regulations in 2007 there has been an increase in the number of people congregating outside of premises which leads to an increase in noise nuisance, which I believe would also occur at this premises.

As I live in a residential building close to Briton Street I believe that granting a premises licence would have a large detrimental effect upon my life in regards to any noise emanating from the premises and from any rowdy customers that had come from the premises. This would affect me all year round but would be especially prevalent during the summer months when I am likely to have my windows open throughout the night and there are more people on the street, and because in the warmer weather people tend to stay around a premises longer thus increasing the potential for disorder and nuisance.

Yours sincerely,

Comments:

I object strongly to this application because it will greatly impose on the quiet enjoyment of my property. When this was purchased it was in a 'disadvantaged area' which the government allowed Stamp Duty relief on to bring the area 'up' and make it residential rather than commercial. This proposal will do the opposite, and instigate much more noise to the area, with intoxicated young people, taxis, and the inevitable police cars, etc. Vandalism which we already have a problem with will undoubtedly increase with the volume of people. As will the vomit and urine in the vicinity. Also the safety of residents will I feel decrease, as they are already sometimes followed into their premises by strangers pretending they live there. The bravado created by alcohol will increase this aspect. The cost to the community, and the council, would be too great to allow this.

Dear Sirs,

OBJECTION TO PLANNING APPLICATIONS

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

This email is my objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I confirm that I wish to appeal to the applications detailed below;

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

I am a resident of Oceana Boulevard, which is located opposite the above-mentioned premises on Briton Street/Queensway. I see that the Nexum Company Ltd have applied for an alcohol license for both premises.

When the above premises were last used as a nightclub, Briton Street was a commercial area with the City Court, Customs House and Telephone House all being used during normal working hours.

Now all those premises have been replaced with residential dwellings, including Oceana Boulevard, City Court, and Telephone House. Many families are now moving in to the area to take advantage of St John's Infant and Nursery school at the end of Briton Street.

Briton Street is now a residential area, and the Council have recognised this by pumping in £6 million to regenerate the city centre, including the excellent improvements to Briton Street, which are still underway.

When I purchased my flat I was made aware that the premises in question had planning permission for residential use. If I had known that these nightclubs were to be re-opened I would not have purchased a property in this area of Southampton.

It is for this, and the following reasons, as per your own criteria, that I make this objection.

- The Prevention of Crime and Disorder

Take a look at the areas where pubs and clubs are located. In the late evening it is not unusual to see the police in attendance, and young people drunk in the street. Is opening a night club with a 'late license', and within a residential area really not going to increase crime and disorder?

This nightclub opening would create an obvious threat to vandalism and crime of the properties in Briton Street, from drunk people leaving the nightclub that may think that petty vandalism and smashing windows is 'fun'!

- Public Safety

As per the above, public and residents safety will be put at risk.

The opening of these clubs in a residential area will reduce public safety. Currently, Southampton's 'late night' clubs are located away from residential areas. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The Prevention of Public Nuisance

I am a shift worker, sometimes I have to leave for work at 0500 and I do not want to have to negotiate groups of people leaving the club as I am on my way to work. I do not want to live opposite a nightclub that plays dance music until 0500! I want to sleep. I am an Air Traffic Controller – I have to have a good night's sleep and be rested for the morning. If this permission is granted it will be a constant hell, of noise and nuisance. I am a council tax payer and do not find this acceptable.

- The Protection of Children from Harm

As stated earlier, young families live in this area. What state is the surrounding area going to be in after the club closes in the morning? The vandalism previously mentioned will surely endanger children.

In conclusion, this proposal to issue an alcohol license to Nexum Company for either of the locations is madness. By granting any applications for licenses, the Council are going to cause a big nuisance to a large number of local residents. This will also alienate a large number of council taxpayers.

I urge you NOT to grant these applications for alcohol licenses.

John A Baker

Comments:

I am writing to object to the licence application for New York, New York and McCluskey's on the grounds of potential public nuisance, increase noise during unsocialable hours. My apartment although is on the 9th floor, my bedroom faces one of the entrances to the site in question. I can hear people walking along in the street at night, therefore increase in people will naturally create an increase in noise. I am also confident that when people will be leaving the venue, we will experience an increase in vandalism. I own my property and since my purchase 4 years ago (I brought a year before I moved in), the nightclub was closed. I would never had even considered the purchase if a nightclub was going to be granted a further licence. Clearly during this period the surroundings of the nightclub have changed to residential rather than social venues. Therefore I do not wish for the licence to be granted as it so no longer an appropriate location for a nightclub. If granted the licence, all our properties will reduce significantly in value. I already experience increase in noise from 2 social venues in my surrounding area, POSH and the Dockers Club behind New York New York. Numerous residents have complained to both of these venues in the past due to excessive noise in the early hours of the morning. I am sure you will appreciate all properties have reduced in equity in this current climate, therefore if value is reduced further by the licensing being approved, a large proportion our apartments will fall into negative equity. This would be highly unacceptable. Therefore on all the above reasons I do not wish for the license to be granted.

Dear Sir,

As a resident of Briton Street I am disturbed to note this application and I trust the licensing committee will see sense and dismiss this at their earliest opportunity.

There are many reasons to object, the obvious ones being; the prevention of crime and disorder, public safety, public nuisance, vandalism and protecting children from harm.

Southampton absolutely does not need a nightclub or bar in this part of town. It would clearly link revelers between Ocean Village, Oxford Street to bars like Walkabout at the bottom of the High Street and the sheer number of drunken incidents; noise and general nuisance would be incredible. Oceana Boulevard, directly opposite, would become a prime target for incidents of drunken vandalism, as would the beautiful Queens Park.

I am aware this was a previously licensed venue, but that was well before Briton Street became a residential area. I used to frequent New York New York as a teenager and remember witnessing many fights outside in the street. On one occasion I ended up accompanying a friend to Southampton General Hospital as he had been head butted and lost a tooth directly outside the venue.

The general noise upon leaving the venue was something I remember well, not to mention the regular flashing blue police lights and stench from the nearby burger vans are instant memories.

I would estimate 2000 people live on or adjacent to Briton Street and to put a nightclub slap bang in the middle of it all is a ridiculous notion, especially when Southampton City Council are currently spending hundreds of thousands of pounds redeveloping the street.

From a personal point of view we have a 15 month old child whose bedroom is roughly 15 metres from the entrance to the venue, how is he supposed to sleep with all the goings on associated with a licensed venue until way after 5am when all the revelers / taxis / food outlets have gone home?

Why was this license not applied for prior to all the redevelopment that has gone on? And why have Barratt's sold a plot of land that was set aside for housing to an entertainment company?

I hope common sense prevails and this application is thrown out.

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's Nexum on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01 SPRN = New York New York
2009/00580/01 SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

• The prevention of crime and disorder

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

• Public Safety

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

• The prevention of public nuisance

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

RECEIVED

22 APR 2009

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

This is my official objection to the Application request submitted by the Nexum Company Ltd for an Alcohol License for the former McClusky's and New York New York premises on the corner of Briton Street and Queensway. I live at Oceana Boulevard in Briton Street, a residential development opposite the above premises, and I wish to appeal against the following applications:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area was NOT a residential area.

Since 2004 I understand that regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area now consists of a mixture of young professionals, public service workers, and people with young families.

I therefore submit my objections below based on the four licensing criteria shown in the Southampton City Council Statement of Licensing Policy (Licensing Act 2003):

- **The prevention of crime and disorder**

WRITE YOUR OBJECTION

- **Public Safety**

WRITE YOUR OBJECTION

- **The prevention of public nuisance**

WRITE YOUR OBJECTION

- **The protection of children from harm**

WRITE YOUR OBJECTION

Please do NOT grant this proposal for an alcohol license.

17/04/2009

Dear Sir / Madam,

Reference: Application for License for New York, New York

I am writing to you within the designated appeal time to make you aware of my objections and fears of New York, New York being granted a license.

My residence is situated on the very corner of the High street and Briton Street. It is located by the traffic lights opposite the coop and opposite Telephone House on the first floor. I have been living in this flat for the past 2 and a half years and have made it my home.

I have read the vision for Southampton (see attached) and do not believe that by re-opening the nightclub it will '... encourage further residential use' in this area.

In literature about the French Quarter it gives details of 6 commercial units including cafes, restaurants and a convenience store...not a nightclub. The section about City Centre Management clearly states 'Evening and night time activity will be concentrated in designated zones, away from residential areas'.

I will be disappointed to find that I have invested my time and money in this regenerated area and trusted published city council documents to have this form of entertainment venue on my doorstep.

I wish to object for the following reasons:-

Noise pollution

Currently there is noise at a weekend of people travelling from high street venues to Margarita's. Moving to the high street I expect that people go out at the weekend and there will be occasional noise. However if we have a nightclub on the same road it will result in people continually walking underneath our bedroom and balcony areas on there way out and on their journey home (please see attached map).

RECEIVED

22 APR 2009

People and cars continually coming and going and the nightclub itself will lead to a dramatic increase in noise pollution that will have a substantial impact on our lives and our sleep.

Smoking Regulations

An outdoor area will need to be created for smoking patrons. If there is an outdoor or an area in the street it will lead to increased noise pollution and litter.

Increased Rubbish

A higher footfall will ultimately lead to increased rubbish and increased vermin in the area.

Increased Traffic

The works taking place on Briton Street are due to finish the 1st June 2009 (only after a phone call today I have discovered the completion date and had it clarified that this will only be the date if the works are as scheduled and no not overrun for any reason). If the venue opens any time before this all taxi's who have dropped people of or picked people up from the venue will be sat at the traffic lights at unsocial times of the morning right next to our bedroom which will inevitable cause noise. Even after the roadworks have been completed taxi's sitting at the traffic lights will still be an ongoing problem.

Possible damage to property

Oriental Terrace is a public walkway and having a large amount of late night revellers using it as a shortcut between the venue and the high street (see attached map) will not only lead to increased noise and rubbish but possible damage to property. I have not worked hard to invest to a new car with my partner to run the risk of drunken people abusing it on the way home.

Increased Violence and Crime

If there is trouble in the venue where will the people be sent by the nightclubs security...onto the street, outside our front doors. I do not wish to have or have to witness increased violence or crime and smashed windows in the area which I live in.

In conclusion I feel that I am lucky to be in employment in the current economic climate and feel this will impact upon my life and my job.

I currently have a 9-5 job and believe late night noise would seriously impact on my sleep and effectiveness at work. My partner works shifts and has to commute to London. It would not be fair to have a late night venue

producing noise (or its patrons producing noise) until the early hours when he needs to be out of bed at 5 o'clock in the morning.

I would have never considered moving to this area whilst the nightclub was open. Yes this venue was here before the flats were built, however the area has since moved on. I believe the opening of this venue would be detrimental to this area and ultimately devalue the property situated around it.

If I wish to live next to an operation nightclub I would have moved to a site next to an operational nightclub.

Yours sincerely

**southampton
city centre
management**

City Centre Management

A place that welcomes and is well looked after
The management of the city centre will be increasingly supported by the private sector as more businesses take ownership of their environment. A wide range of companies from all sectors will be involved, including landowners, the transport industry, leisure and culture, commercial agents, the service sector, large city centre employers, and the media.

Key achievements sought include:
Development of a comprehensive strategy to empower people's understanding and experience of the city centre through implementation of identity, information and transportation projects.
High quality and attractive seasonal events and entertainment.
Ensuring the city centre is a safe place to visit and trade.
Development of themed quarters such as the vibrant quarter on Oxford Street and specialty shopping in the Big Air Quarter.
An attractive and cared for city centre with regular maintenance programmes in our work.
Easy accessibility for the disabled, elderly and families.

The development of the evening and night time economy is sought for a broad mix of activities to attract a wide audience and range of adult groups.

Evening and night time activity will be concentrated in designated areas, every 100m residential areas these will be linked together by safe pedestrian routes, avoiding residential areas that are sensitive to late night noise and disturbance. The late night zones are located around the Bargate and Leisure World. These will be linked via West Quay 1 and the City Plaza. The locations for evening activity are around Oxford Street, Town Quay (eventually Royal Inn), Bedford Place and the proposed cultural quarter at Northam Above Bar.
City Centre Management will be working closely with the shopping centres and High Street stores to identify evening openings, with many shops open late for nights a week.
Night buses and shuttle buses, sponsored by commercial landlords will be operating at weekends between Bedford Place, the High Street and Leisure World.
The tagged city centre cleaning team will be operating a three-shift system working through the night to ensure that streets are kept clean.

A range of people, including families and elderly people will want to visit the city centre at all times, simply because it is pleasant to do so. A range of activities and a relaxed ambience will be achieved.

The Vision

The vision for Southampton, over the next five to ten years, is a city centre comparable with the best in Europe, as well as the principal centre of the South, offering a vibrant, exciting, well-designed, sustainable and maintained centre with a real sense of 'place'.

To achieve the vision, the City Centre will:

- **Reconnect** with its waterfront
- Establish a **north-south pedestrian spine**, with the bridge at its heart, incorporating a series of major new public spaces which will provide a memorable experience equal to any of the great pedestrian thoroughfares in the UK and Europe. It will link the city's historic parks through the railway with the Old Town and a new public promenade on the Royal Pier Waterfront.
- Become increasingly **pedestrian friendly** with public transport including, around and across the pedestrian spine, vehicular access will be maintained for all parts of the city centre but through traffic, will be reduced except for public transport.
- Become a **high quality urban environment**, incorporating some buildings, new and historic, on open spaces, modern buildings around the park, enclosed entry points into the city centre, a waterfront of distinction and international identity and a cultural quarter.
- **Promote the Old Town as a vibrant, exciting heartland on its own unique history** - an inclusive, attractive focus for residents and visitors.
- Embrace the development of new quarters at the **Royal Pier Waterfront, West Quay 3, Northern Above Bar, Central Station and Charlotte Place**.
- Incorporate new **employment, retail, leisure and residential** uses.
- Be more **attractive, efficient and welcoming** to all users of the city centre.
- Develop a **night time economy** that will be promoted and managed to appeal to a wide audience.
- Become a major centre for **culture and tourism**.

© John Thompson & Partners

Respecting our heritage

The Old Town

An 'historic quarter'

The vision for the Old Town is to create... a vibrant quarter at the city's heart based on its own unique historic identity which will continue to evolve and reinforce its distinctiveness as an integral part of Southampton's identity as a successful European city.

The Old Town Development Strategy

The strategy is to:

- Create a place that encourages investment, enhances and celebrates the Old Town's historic character.
- An area encompassing above bar and the central parks with the waterfront.
- A pedestrian area linking directly to other served by an integral public transport network.
- A Langable sense of place.

Key sites are identified for development and these are also aspirations to improve the public realm and the open-space network. Key developments have already been announced and are being constructed e.g. Docks Boulevard and City Court. Other key sites have planning permission e.g. The French Quarter and the former telephone exchange.

French Quarter

The development of the French Quarter sets a high standard for development in the Old Town with contemporary architecture that respects its historic setting at the heart of the Old Town. The scheme incorporates:

- 170 residential units comprising a range of housing types, including open market flats, elderly persons units, affordable housing and mixed quarter units.
- A 100% cycle parking provision.
- A new pedestrian route through the site, removal of the inappropriate post-war architecture and re-instatement of the historic medieval street plan.

The Old Town Development Strategy is a key document in the regeneration of the Old Town. It sets out the vision for the Old Town and the French Quarter. It is a key document in the regeneration of the Old Town.

Comments:

Since this was last a nightclub this area has changed to be substantially more residential with many new flats built. In addition Briton Street now has 5 storey buildings on both sides of the road which reflect noise. We occasionally get disturbance at night with noisy individuals but the likelihood is much greater with people leaving late night clubs in the area. Opening a late night club in this location seems inconsistent with the plan to encourage the area as a residential area. There are already many clubs and large drinking establishments in the lower high street although these seem to be struggling due to lack of demand so why should an additional club open in the middle of a large residential area.

Dear Licensing Team

Re: Objection to licence application for the premises on 2 Queensway, formerly known as NewYork's and McCluskey's. 2009/00612/01SPRN

I am writing to strongly object to the 24-hour licence application submitted by Nexum Leisure. As a resident in Oceana Boulevard located on the opposite side of the road to the former nightclub I have great concerns with the plans to redevelop this site into another nightclub on the following grounds:

1. Excess noise from the premises during the night. I work as a surgeon at the local hospital. My ability to provide an effective and efficient service requires me to have sufficient rest. Intermittent noise from the nightclub will cause sleep disturbance and will be detrimental to my daytime performance.
2. Excessive vehicle activity and the related noise in the street of people arriving and leaving the premises. An increased demand for taxis, buses and private transport will lead to unacceptable noises and increased dangers on the roads around this area.
3. Increased activity around the streets at this time may increase the rate of property and car crime and interpersonal violence.
4. Since the former night club was open a number of residential properties have been erected in close proximity to 2 Queensway. This has led to a positive shift from a commercial area to a luxury residential neighbourhood. The resident demographics span all generations. Such a redevelopment may have a negative impact on children and the elderly in the area.

Thank you for taking the time to consider my objections. If you require any further information do not hesitate to contact me.

Yours sincerely

Dr John Blythe

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McCluskys and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004 regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements..

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as greater number of patrons as possible. Such establishments, however well run, inevitably give rise to a large increase in night time noise, violence, vandalism and general anti social behaviour – events which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this noise and commotion will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004 regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements..

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as greater number of patrons as possible. Such establishments, however well run, inevitably give rise to a large increase in night time noise, violence, vandalism and general anti social behaviour – events which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004 regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements..

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as greater number of patrons as possible. Such establishments, however well run, inevitably give rise to a large increase in night time noise, violence, vandalism and general anti social behaviour – events which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this noise and commotion will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

• **The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.

• **Public Safety**

As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

• **The prevention of public nuisance**

I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

RECEIVED

23 APR 2009

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004 regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements..

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as greater number of patrons as possible. Such establishments, however well run, inevitably give rise to a large increase in night time noise, violence, vandalism and general anti social behaviour – events which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this noise and commotion will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this noise and commotion will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

Yours Faithfully

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McCluskys and New York's premises on the corner of Briton street and Queensway, Southampton,

I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

To whom it may concern, I am a resident of City Court on Briton street, which is opposite the above mentioned premises. It has come to my attention that Nexum Leisure Limited have applied for an alcohol license for both premises above.

The premises in question were previously run as a nightclub and bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, Briton street WAS NOT a residential area.

Since 2004 regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings in immediately adjacent streets. The area, particularly along Briton street, is now principally a quiet residential neighbourhood occupied by many young families and couples. The changed tone of the area is reflected in the investment that the council has made in improving Briton street including the planting of trees and the upgrading and widening of the pavements..

It is my understanding that Nexum Leisure Limited typically operate large, aggressively promoted nightclubs that specialise in selling high volumes of cheap drinks to as greater number of patrons as possible. Such establishments, however well run, inevitably give rise to a large increase in night time noise, violence, vandalism and general anti social behaviour – events which are happily absent from Briton street at present. It is for this reason that I think that Briton street is an unsuitable place for a new nightclub and the reason I make this objection. Specifically, in terms of the criteria for objection:

The Prevention of Crime and Disorder

There is a direct link between late night drinking and crime. Areas in Southampton where nightclubs and bars are located require a near constant police presence during late night drinking hours and frequently witness people drunk in the street, fights, vandalism and general disorder. I am particularly concerned about the fact that the proposed nightclub is within feet of a number of street-level residential properties which would be an easy target for drunk vandals.

Public Safety

As a consequence of that set out above, the safety of the public and in particular local residents would be at risk. For example, there is a supermarket (Co-op) opposite the west end of Briton street on the High street. This shuts at 2200hrs and is well frequented by local residents. Late night shoppers would be vulnerable to harassment by drunk people drawn to the area due to the nightclub, with a corresponding impact on public safety. Furthermore, people returning from work late at night (there are many nurses, doctors and public sector shift workers resident at Oceana Boulevard, City Court and Telephone House) would be put at risk by the inevitable fights and drunken violence that would result from the nightclub and bar.

The Prevention of Public Nuisance

Beyond an increase in antisocial behaviour, a hitherto quiet street will experience increased noise and commotion coming from both patrons of the nightclub queuing/smoking outside and from loud music and noise from inside. All this mere feet from the street facing flats in Oceana Boulevard and City Court. If the nightclub opens to the full extent permitted by the applied for license, this noise and commotion will be relentless, all through the night until 5am. Those in exposed apartments will struggle to sleep.

The Protection of Children from Harm

Young families live in this area and there is an infant school at the west end of Briton street. Briton street is therefore a well used thoroughfare for parents taking their children to school and picking them up. These parents and children will have to navigate the litter, broken glass and vomit left from the night before. Furthermore, the children who live in apartments overlooking the street below, along with their parents, will be deprived of sleep.

I believe that granting the proposed license will have a terrible effect on the local area for the reasons outlined above. For the sake of the large number of council tax payers who currently enjoy the quiet and pleasant environment that Briton Street provides and are horrified at the prospect of living with vomit, litter, noise and the constant threat of drunken violence on their doorstep, please do NOT grant the proposed alcohol license.

23th April 2009

To whom it may concern,

I would like to make a representation in regards to the application for a premises licence for New York New York night club, 2 Queensway, Southampton, SO14 3AZ, and to the application for a premises licence for McClusky's bar, 8 Queensway, Southampton, SO14 3AZ.

When the premises known as McClusky's and New York's were last open not only were there a number of incidents that the police had to attend to but the use of buildings in the area was very different. Having looked at the applications I do not feel that these factors have been taken into consideration and because of this I can not see how the granting of a licence for these premises will meet the licensing objectives especially the prevention of crime and disorder and the prevention of public nuisance.

It is the same operator that owned the premises and employed the previous licence holder, that is now the applicant for these two premises licenses.

Before the Licensing Act 2003 came into force McClusky's had a Justices On Licence, a special hours certificate which allowed the to open after 23:00 but no where near 24 hours and a Public Music and Dancing certificate which in addition to the general conditions on all Public Music and Dancing certificate's also had specific conditions relating to this premise. In 2005 the committee refused to renew the public music and dancing certificate for this premises.

New York New York's also had a Justices On Licence, a special hours certificate which allowed the premises to open after 23:00 but no where near 24 hours and a Public Music and Dancing certificate which in addition to the general conditions on all public music and dancing certificate's also had specific conditions relating to this premise. In 2005 the committee refused to renew the Public Music and Dancing certificate for this premises.

The committee decided not to renew the certificate due to residential objections. The committee decided that they could not access the impact of the operation of the premises on the area/community as the operators had not provided a clearly defined operational plan for the premises. Having looked at the application and the fact that the applicant is the same operator and is asking for significantly more than the premises was previously licensed for, and the lack of information in the operation schedule of the application, I find it hard to believe that any thought has gone into how the premises will be run and the impact it will have on the residents in the area.

Although both of these premises had Special Hours Certificates and public music and dancing certificate's which let them open and have entertainment after 23:00 the main use of buildings in the vicinity was considerably different at the time. Directly opposite New York New York's night club on Briton Street there is now a very large residential building, when McClusky's and New York New York's were open this used to be an office building, further along the road there used to be a gym and this is now a residential building and a gym and then at the end of the road there used to be an office building and is now a residential building. The main use of buildings along this road has changed dramatically and there is currently only one premises in the area with a premises licence and this is a restaurant (P.O.S.H).

There is also a public footpath called Oriental Walk that runs from the High Street to opposite McClusky's. This footpath passes very close to five residential buildings including a court yard overlooked by balconies. From this footpath people also have access to cars parked in allocated spaces for residents of these buildings and a large number of garages. Therefore there is potential for the increase in Crime and Disorder from customers of McClusky's and New York New York's.

Having looked at the application forms and plans the applicant does not seem to have made or is planning to make any changes internally or externally at either premises and therefore there is no recognition or allowance for the smoking regulation that came into effect in 2007. Since the smoking legislation has come into effect there have been a larger number of people on the street outside of premises which has led to an increase in noise nuisance. As the applicants have made no provision for smokers at the premises I can only assume that their customers will congregate outside of the main doors of each premises which would be a large source of public nuisance.

In the operating schedule for each application the applicants have only entered a small number of measures in regard to each of the licensing objectives. For the Prevention of Crime and Disorder they have offered CCTV, challenge 21, no drink promotions offering unlimited alcohol for a set price and to be part of the local pub watch scheme, but any decision to use door staff will be by way of a management risk assessment which means that this will not be able to be a condition of their licenses.

Apart from complying with existing legislation they have not put in anything on how they will ensure public safety.

Under Prevention of Public Nuisance they have said that they will comply with Environmental Health legislation and that they will put up notices asking their customers to leave quietly.

For the Protection of Children from Harm they have said that no under 18's will be allowed entry to the premises.

From the lack of information relating to the licensing objectives in the operating schedule I think that it is clear that the applicants have not considered the effect that these premises have on a quite mainly residential area.

I have attached a photo of the area showing both premises, all the residential properties in the area and the public footpath. This photo clearly shows how close the residential properties are to the two premises and the easy access customers of the premises would have to residential buildings and property.

For your information I am a resident in the vicinity and am acting in that capacity although I am a Licensing Enforcement Officer for Southampton City Council. It is not part of my job to process applications or put committee reports for hearings together. I would like to confirm that I have not had anything to do with these two applications.

Regards

Alison Cole

Position of Residential Properties Around New York New York's and McClusky's

From: Magnus Mckie
Sent: 24 April 2009 12:18
To: Clowes, Hayley
Subject: RE: New York, New York & McClusky's

Dear Hayley - please consider the below as likely effects of the grant under review:

The prevention of crime and disorder

There is a link of alcohol and late night openings to increased crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you can not deny that you see police, young people drunk in the street, patrol cars, fights and general violent behaviour. This nightclub opening would create an obvious threat of vandalism and crime of my property and many others alike, from drunk people leaving the nightclub who may think in their heightened state that smashing windows or vandalising cars is something funny to do. We know this happens.

- Public Safety

As per above, the public and residents safety would be at risk. If you want to go to a pub or club you can do so in West Quay or Bedford Place where there are plenty of bouncers on watch to prevent any harm to the public. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar in this quiet residential area.

There is also the question of health in the context of safety - people who lived in the area when the nightclubs were open often had to deal with cleaning up urine and sickness from outside their front doorsteps. One lady also told me about someone urinating through a letterbox on the ground floor. We all know such things happen in the vicinity of nightclubs, especially with the age group Nexum are trying to attract. CCTV could record these events to increase the chance of perpetrators being reprimanded but CCTV won't prevent it.

- The prevention of public nuisance

Public nuisance can count as noise and you can only imagine what it would be like living opposite a nightclub which plays dance music until 5am, when you have small children or a job to be rested and prepared for in the morning. It would be a constant life of disrupted sleep created by noise and nuisance. I, as a council tax payer do not find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will also cause broken glass which will also endanger children.

I appreciate your need to have specific examples as above, and appreciate you giving me the opportunity to add these so my objection can be considered.

Sincerely,

Magnus

Dear Mr McKie,

***Application for a Premises Licence
Nexum Leisure Limited***

I refer to your recent correspondence seeking to make representations to the above application under the Licensing Act 2003.

Having carefully considered your correspondence, it does not appear to be a "relevant representation" within the meaning of the Act because:

1. Your correspondence does not contain information about the likely effect of the grant of this premises licence on the promotion of the statutory licensing objectives. You must relate your representation to least one of the four licensing objectives **detailing** how the grant of the licence would impact on either public safety, the prevention of crime and disorder, the prevention of public nuisance or the protection of children from harm.

In the circumstances, unless you can provide further information to clarify the position I am unable to accept your correspondence as a representation which is capable of being considered by the Council in determining this application. For your information further details about representations can be found via the link below:

<http://www.southampton.gov.uk/licensing/alcohol-licences/representations.asp>

PLEASE NOTE ANY FURTHER REPRESENTATIONS MUST BE RECEIVED BY CLOSE OF BUSINESS (4PM) ON 24TH APRIL 2009.

Yours Faithfully,
Hayley Clowes

Subject: Reference # 2009/00612/01SPRN - Objection to Alcohol License

Attachments: Objection Letter.doc
The Licensing Team,
Southampton City Council
P.O. Box 1344
Southampton
SO15 1WQ

Please read this as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton.
I wish to appeal the following:

2009/00612/01SPRN = New York New York
2009/00580/01SPRN = McCluskys

As I am a resident of Oceana Boulevard, which is opposite the above-mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area **WAS NOT** a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building/revitalisation of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class as a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing the properties at Oceana Blvd, **we were made aware that the premises in question were to be torn down**, and I can honestly and realistically say that if I, or any of the purchasers, had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton. **Barrett Homes assured us that a 4-story set of flats was to replace the dilapidated nightclub building.**

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

- **□□□□The prevention of crime and disorder**

It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights, and violence. Are you really suggesting that opening a nightclub within a residential area that crime

and disorder would be at a zero? I think not! My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunken people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do. I do not!

- Public Safety

As per above, the public and residents safety would be at risk. If you want to go to a pub or club you can do that in West Quay where there are NO residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.

- The prevention of public nuisance

I think public nuisance can count as noise. Can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not a job to be prepared for and rested for in the morning? It would be a constant hell of noise and nuisance. I, as a council tax payer, do NOT find this acceptable.

- The protection of children from harm

Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep. This would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass, which will also endanger children, as well as adults.

I feel that I do not really have to say anything more, as **this proposal is preposterous!** Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please, do what is honourably right and respect the regeneration efforts and the many, many residents of the beautiful neighbourhood: **REJECT THIS APPLICATION FOR AN ALCOHOL LICENSE.**

Respectfully submitted,

Richard Olney-Jones
81 Oceana Blvd
Briton Street
Southampton
SO14

From: Sue Jackson
Sent: 24 April 2009 13:12
To: Clowes, Hayley
Subject: Re: New York New York

Dear Hayley,
Our Flat number at Oceana Boulevard is number 43

1 Prevention of Crime and Disorder

There is a direct link between the consumption of alcohol and an increase in disorder, affray, vandalism and crime outside the premises of nightclubs and city centre bars. The entrance gates of Oceana Boulevard opposite New York New York would be a prime target for smashing windows and damaging the doors. This will lead to extra expense for the residents to pay for the necessary repairs.

2. Public Safety

We have already lost good tenants as the wife was afraid to walk the streets at night to get home to Oceana. The presence of a nightclub will make the streets much more threatening with drunk and possibly violent groups of revellers outside the premises and in the street outside the entrance to our flat.

3. Prevention of Public Nuisance

Sleep at Oceana is already disrupted by the banana warehouses opposite; if this nightclub is allowed, noise disturbance will prevent sleep from 11pm until 5am, when the banana lorries will take over. This is an intolerable intrusion into people's right of a night's rest.

4. Protection of children form harm

There are children living in Oceana, and their safety will be affected by the detritus of broken glass and possibly used syringes around the building and in the park if this nightclub is allowed.

I cannot believe that this proposal will be allowed. Nightclubs should be sited away from residential areas so that property holders have a calm and peaceful environment to rest and sleep between their day's labours.

Yours sincerely

Mrs S M Jackson

To whoever it may concern

I would like to object to any licensing being agreed for the old McCluskys and New York New York site on Queensway.

To whoever is thinking this acceptable, I would advise them to go to the top of Southampton High Street on a Friday or Saturday Night 23:30 till 3am, and see the noise and nuisance that is created. This should not be tolerated in a primarily residential area.

Already there is flow or people up and down the high street alongside Telephone House in the evenings, shouting and being loud. This will increase heavily, and will definitely cause a public nuisance.

Although I would hope solutions will be in place to try and avoid any nuisance and loud noise from people exiting the premises, I do not believe in anyway this would be adequate due to the number of residential roads around the premises. Also, due to the number of routes away from this location, it will be impossible to police, and therefore could be a waste of resources for our Police, as there now becomes another area for them to monitor.

If these premises are given a late licence, I will certainly wonder about our council's priorities to its residents.

And for a final thought, if such a place was wanted; why was it no considered to be at the site of the Old Branigans (New Lidl Supermarket), and then put the supermarket in this site, close to the residents?

Best Regards

20th April 2009

To whom it may concern:

Although I think it's fantastic that the derelict site of the old McCluskys and New York New York on Queensway is being considered for redevelopment; I do not believe that the council has the resident's best interests in mind to reopen it as a 1,300 capacity nightclub.

At the time the club was open, the lower half of town was not residential.

The council pushed to move residents back into the city centre by building several blocks of flats. Why is the council now pushing those residents away whilst devaluing their properties with the highly probably nuisance, crime, vandalism and violence?

If the majority of the 1,300 clubbers exit the building between the typical leaving times of 01:00 and 04:30, that's approximately 370 people leaving the building an hour! Is there council budget / plans for the required increase in Policing and security? Will our council taxes be increased as a result?

Nexum chief executive Paul Kinsey was quoted in the Echo* - "He said he would target 19 to 24-year-old clubbers, and was not looking to attract "undesirable characters" but "people with good jobs". How many 19 year olds seriously have "good" jobs? If the target audience was a bit older this might be acceptable.

Additionally, how seedy do you plan on making Southampton? Do we really need another topless bar? What kind of family atmosphere and tourism does that attract? As Nexum chief executive Paul Kinsey was also quoted in the Echo* - "The licence also would include permission for topless dancing on select nights"

Please accept this as my complete objection to reopening this location as currently planned.

Kind regards,

Lynn Flacco

Subject: PREMISES FORMERLY KNOWN AS NEW YORK, NEW YORK AND
MCCLUSKEY'S
Dear Sirs,

We own a flat at 107 Oceana Boulevard, and it has just been brought to our attention that there is an application from Nexum Company Limited for an alcohol licence for both premises, as above.

We object to this application wholeheartedly; whilst we understand that the premises were previously used as a Nightclub and Bar, the area in the immediate vicinity was not a residential area at that time. This has now become a respectable residential area, and as well as professionals, there are also families with young children living within nearby complexes of which there are several very close by. With the reality of loud music continuing until 5 a.m., not to mention fighting, foul language, vandalism, people vomiting on the streets, people urinating in the streets and doorways, etc., this will have a terrible effect on the neighbourhood and especially young children living nearby, and how will young children and adults alike be able to get a decent night's sleep when they have school and work the following day? The whole idea of a nightclub and extended alcohol licence in such an area is absolutely preposterous, and therefore, we vehemently oppose the following applications unreservedly: -

2009/00612/01SPRN - New York, New York
2009/00580/01SPRN - McCluskys

We would be grateful if you will kindly acknowledge receipt of this e-mail.

Yours faithfully,

Valerie and Michael Holloway

Comments:
Dear Sir / Madam

I would like to strongly protest against the application for or granting of a license at the premises formerly known as New York, New York's and McCluskey's for the following reasons.

This is a residential area and it is entirely inappropriate to grant a license for a nightclub proposing to operate from 11pm to 5am less than 20 meters from where we live. This WILL (no possibly!) result in noise, shouting, drunken and abusive behaviour to residents throughout the night and vandalism of our property and vehicles, littering of bottles cigarettes and other more unpleasant artefacts that are associated with clubbing. My young daughter (aged 8) would no longer be able to have the window open in her bedroom at night since she would not be able to sleep through, and for that matter, neither would we. Not a pleasant prospect in a hot flat in summer. In addition I do not particularly relish being threatened and afflicted with violent and abusive behaviour by people considered to be unfit to enter the premises, ejected for bad behaviour, or just plain drunk and dangerous after a heavy night on alcohol. Nor do I wish my daughter to bear witness to unpleasant and inappropriate behaviour from her bedroom. This is our home and it is plainly obvious that granting this licence would make life very unpleasant for myself, my family and all the other residents in the area. I ask you please to reject it accordingly. Please note this is not a knee jerk reaction to the application, it really would make our lives hell and I beg you to reject it.

If you wish me to clarify any of the points that I am making, please do not hesitate to contact me

Yours Sincerely

Andrew Gardiner

We strongly object to the above licensing application. The proposed nightclub is situated in one of the most prestigious residential areas in Southampton, which has recently been regenerated to a very high standard. The new flat developments are very intensive, and a great many residents of the nearby properties would be intolerably affected by the noise and nuisance generated by 24 hour drinking at the nightclub. We also think the Police are already overstretched in Southampton. Please do not grant this alcohol license.

Subject: FW: Objection to mega Night club in Briton Street.

Dear Sirs

I have a property directly opposite the proposed re opening of the New York New York night club in Briton Street.

This is right opposite my property 43 Oceania Boulevard for the following reasons:

New York New York was notorious for fighting and noise in Briton street when the club was open.

- The age group of over 18's to 30 would account for over 75% of any noise and violence in the UK.
- Briton street was deemed a residential re generation area.
- The property was reclassified to be converted in to apartments. Unfortunately in Life if the owner can not convert that opportunity, wake up and smell the coffee, that is life.
- You can not regenerate an area that is very up and coming then throw a rat in the middle.
- These properties like all properties have lost value, with this night club being stuck right in the middle of a very up coming affluent area. The fall out for the whole area will be drastic.

If the club was an up market club for over 30's I would still have a problem with it, but at least you know if there was any rowdinace or noise or fighting it would be only at 10% of the level of the 18 -30 group.

Yours

Glenn Baker

Comments:

To clarify, I am the Landlord for Flat 94 Oceana Boulevard and firmly believe that the granting of a licence to operate from 11:00pm to 05:00am would have a direct and significant negative impact on the residents of Oceana Boulevard. In addition to the noise and general disturbance to residents, an increase in crime, vandalism and anti-social behaviour could be expected.

I object most strongly to the granting of this licence.

I fully intend to live in Oceana Boulevard in the not too distant future and would not want this nightclub on my doorstep.

Comments:

I would like to officially object to this application of Nexum Leisure for an alcohol license (2009/00612/01SPRN). Since the closure of the previous nightclubs, the Briton Street/Queensway area has undergone a dramatic change and is now very much a residential area. I strongly feel that a mega nightclub is wholly inappropriate for the following reasons: noise pollution, public nuisance, drunken violence and vandalism, personal safety returning to my flat at night alone. This concern is substantiated by the fact that the previous nightclub was the scene of frequent fights, violent behaviour and vandalism.

Comments:

This area is now primarily a residential area with several young professional families with young children inhabiting the luxury apartments. To reinstate a late night licence to these clubs would be disastrous for these people due to the late night drinking, noise and fighting that inevitably follows. It is difficult enough to rent out these properties in the current climate but these clubs would make it impossible to rent out or re-sell these properties and would also make them practically inhabitable. I strongly object to these licences being granted for the above reasons and urge you not to do so.

Comments:

We currently rent out our property to a young professional family and know that if these nightclubs were to be granted a late licence we would lose our tenants and find it practically impossible to rent out our property let alone resell it. Would you want to live within metres of 2 nightclubs with people drinking, fighting and being sick outside till all hours? It is unbelievable that anyone would even consider re-opening these nightclubs here considering that this is primarily a residential area now with many young families and children living in these apartments.

Please read this letter as my official objection to the Application from the Nexum Company Ltd for an Alcohol License for the Former McClusky's and New York's premises on the corner of Briton Street and Queensway, Southampton,

I wish to appeal the following:

- 2009/00612/01SPRN = New York New York
- 2009/00580/01SPRN = McCluskys

To whom this may concern :

I am a resident of Oceana Boulevard, which is opposite the above mentioned premises on Briton Street. It has come to my attention, and many other residents at the residential complex that Nexum Company Ltd have applied for an alcohol license for both premises above.

The premises in question were previously run as a Nightclub and Bar, I do not know exactly when they were shut down, but I do know that at the time of their operation, the Briton Street area WAS NOT a residential area.

Since 2004 I believe regeneration within the Bargate area has seen the building of Oceana Boulevard, City Court, Telephone House and other residential dwellings. The area is now what I would class a sophisticated "young professional" area, and has some young families as tenants also within these complexes.

At the time of residents purchasing these properties we were made aware that the premises in question were to be torn down, and I can honestly and realistically say that if I or any of the purchasers had known that a nightclub was to be re-opened I would have looked elsewhere when purchasing a property in Southampton.

It is for this reason, and the following reasons, as per your own criteria, that I make this objection.

- **The prevention of crime and disorder**
It is a direct link of alcohol and late night openings that supersedes crime, vandalism and disorder. If you look around the areas where the bars and clubs are present in Southampton, you cannot deny that you see police, young people drunk in the street, patrol cars, fights and violence. Are you really suggesting that opening a nightclub within a residential area that crime and disorder would be at a zero. I think not. My property looks out on to Briton Street. This nightclub opening would create an obvious threat to vandalism and crime of my home, from drunk people leaving the nightclub who may think in their heightened state that smashing windows is something funny to do.
- **Public Safety**
As per above the public and residents safety would be at risk. If you want to go to a pub or club you can do in West Quay where there are no residents and plenty of bouncers on watch to prevent any harm. You cannot police such a thing in a residential area. People wanting to walk safely at night would be harassed and put at risk by the inevitable fights and drunken violence that would result from a club and bar.
- **The prevention of public nuisance**
I think public nuisance can count as noise, can you imagine living opposite a nightclub which plays dance music until 5am, when you have small children, or even if not, a job to be prepared for and rested for in the morning. It would be a constant hell of noise and nuisance, I as a council tax payer do not find this acceptable.

• The protection of children from harm
Young families live in this area, and I see many a father or mother walking or pushing children along late at night trying to get them to sleep, this would put these children in danger if you allowed a nightclub to open up on Briton Street. Vandalism will cause broken glass which will also endanger children.

I feel that I don't really have to say anything more, as this proposal is preposterous. Anyone with common sense would see what a danger, a media frenzy and nuisance that this would cause.

Please do NOT grant this proposal for an alcohol license.

I like to object to the licence application due to the the late night noise, possible damage, public disorder and probably the severe one the residents safety. We do not want a nightclub on our doorstep.
