|-----------------|--|
| DECISION-MAKER: | CABINET |
| PORTFOLIO AREA: | Cabinet Member for Healthier and Safer City |
| SUBJECT: | Transforming Health and Care for the People of Southampton, Five Year Strategic Plan 2019-2023 |
| AUTHOR: | Emily Chapman, Andrew Gittins, Stephanie Ramsey |

THE DECISION

- (i) To endorse the strategic framework and the current draft of the emerging Southampton City five year strategic plan – Transforming Health and Care for the People of Southampton 2019-2023, and delegate authority to the Director of Quality & Integration following consultation with the Cabinet Member for Healthier and Safe City to provide a response and feedback on the proposed content of the Strategy; and
- (ii) That recommendation be made to the Clinical Commissioning Group that the timeframe of the Strategy be amended to reflect the five year period 2020 – 2025.

REASONS FOR THE DECISION

1. Transforming Health and Care for the People of Southampton 2019-2023(Health & Care Strategic Plan) reflects a whole system approach to improving health and care outcomes for this city, and sets out a framework to guide the activities of all partners over the next five years. Southampton City Council is a key partner in this as the proposed framework, including programmes and enablers, aligns with agreed council outcomes, and contributes to the achievement of council priorities and commitments.
2. Southampton City Council formally adopted the Health and Wellbeing Strategy 2017-2025 in March 2017. The Health and Care Strategic Plan provides the delivery structure for the Health and Wellbeing Strategy.
3. The vision of the Health and Care Strategic Plan is “One city, our city, a healthy Southampton where everyone thrives”. This reflects the city and council vision of “a city of opportunity where everyone thrives”.
4. The goals of the strategic plan are:
Target health inequalities and confront deprivation
A strong start in life for children and young people
Tackle the city’s three ‘big killers’: Cancer, Circulatory diseases and Respiratory diseases

Improve whole-person care
Improve mental and emotional wellbeing
Build resourceful communities
Reduce variation in quality and productivity

These goals reflect and support the achievement of the outcomes set out in the Southampton City Council Strategy 2016-2020, "children and young people get a good start in life" and people in Southampton live safe, healthy and independent lives". Social care is a key programme and this will ensure whole city support for the achievement of recommendations made following a number of independent reviews into adult social care.
