# Legal Implications

The legislation specifically restricts the grounds on which the sub-committee may refuse an application for variation of a premises licence, or impose conditions. The legislation provides for a presumption of grant of an application for variation of a premises licence, subject to the determination of the application with a view to promoting the licensing objectives in the overall interests of the local community. In doing so the sub-committee must give appropriate weight to:

- the steps that are appropriate to promote the licensing objectives;
- the representations (including supporting information) presented by all the parties;
- its own statement of licensing policy
- the Statutory Guidance

An application may be refused in part and thereby only permit some of the licensable activities sought.

An applicant for variation of a premises licence whose application has been refused, or who is aggrieved by conditions imposed, may appeal against the decision to the Magistrates' Court. Any other person, who made a valid representation, may appeal to the Magistrates' Court against the decision to grant the application or against any conditions imposed.

In considering this application the sub-committee is obliged to consider the application in accordance, in particular, with both the Licensing Act 2003(Hearings) Regulations 2005 (as amended) and the rules of natural justice

The practical effect of this is that the sub-committee must makes its decision based on evidence submitted in accordance with the legislation and give adequate reasons for reaching its decision.

Only persons that made relevant representations or their representative, within the time limits, will be allowed to present evidence and this will be restricted to the points raised in their written representation. Any evidence used to expand upon specific points already raised in a written representation should be served upon all parties in good time before the hearing date in order to allow proper consideration. A failure to properly serve any such additional evidence in advance is likely to mean it cannot be produced or relied up at the hearing.

The sub-committee must also have regard to:

• The Crime and Disorder Act 1998

Section 17 of the Crime and Disorder Act 1998 places the sub-committee under a duty to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area.

• The Human Rights Act 1998

The Act requires UK legislation to be interpreted in a manner consistent with the European Convention on Human Rights. It is unlawful for the sub-committee to act in a way that is incompatible (or fail to act in a way that is compatible) with the rights protected by the Act. Any action undertaken by the sub-committee that could have an effect upon another person's Human Rights must be taken having regard to the principle of proportionality - the need to balance the rights of the individual with the rights of the community as a whole. Any action taken by the sub-committee which affect another's rights must be no more onerous than is necessary in a democratic society. The matters set out in this report must be considered in light of the above obligations.

Copies of the application for variation of a premises licence and the representations to it are annexed to this report.

#### Equality Act 2010

Section 149 of the Equality Act 2010 requires the Council to have due regard to the need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act. It also requires the Council to advance equality of opportunity and foster good relations between persons who share a relevant protected characteristic and persons who do not share it. This means having due regard to the need to removing or minimising disadvantages suffered, taking steps to meet the needs of persons, encouraging persons to participate in public life, tackling prejudice and promoting understanding. The relevant protected characteristics are: age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

#### <u>SUMMARY</u>

This application is for a variation to their current licence to add Recorded and Live Music and increase the Supply by Retail of Alcohol from midnight to 01.00. Late Night Refreshment has not been requested as this is already 01.00.

Applicant	Mr. Clark Smith
Designated Premises Supervisor	Mohammod Rahman

- I have enclosed the premises licence
- I have enclosed the relevant part of the premises licence

If you have not ticked one of these boxes, please fill in reasons for not including the licence or part of it below

Reasons why I have not enclosed the premises licence or relevant part of premises licence.

**M** Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

#### a) General – all four licensing objectives (b, c, d and e) (please read guidance note 11)

1. All conditions imposed by their current licence will be adhered to.

2. All new members of counter staff shall be trained regarding the sale of alcohol, and the requirements of The Licensing Act 2003. Staff shall receive refresher training at intervals of no more than 12 months.

#### b) The prevention of crime and disorder

1. A C.C.T.V. system has been installed and is working.

2. A Personal Licence holder will be at the premises at all times when alcohol is being sold or regulated entertainment is being provided.

3. We provide food that is available at all times when the premises are open.

#### c) Public safety

1. Adequate and appropriate First Aid equipment and materials are available on the premises.

2. Free drinking water will be available at all times when the premises is open to the public.

#### d) The prevention of public nuisance

1. Doors and windows will be kept closed when regulated entertainment is taking place.

2. Noise or vibration from the premises will be maintained at a level that will not be audible at the façade of any neighbouring noise sensitive premises.

3. Prominent, clear and legible notices are displayed at all exits requesting patrons to respect the needs of local residents and to leave the premises and the area quietly.

4. For the final hours of opening the music is reduced in volume and is discernibly quieter.

5. A full acoustic survey into the impact of noise from the premises has been carried out by a competent person. All recommendations have been carried out.

#### e) The protection of children from harm

1. The premises operates a proof of age policy.

#### Checklist:

#### Please tick to indicate agreement

	I have made or enclosed payment of the fee; or	$\boxtimes$
•	I have not made or enclosed payment of the fee because this application has been made in relation to the introduction of the late night levy.	$\boxtimes$
•	I have sent copies of this application and the plan to responsible authorities and others where applicable.	$\boxtimes$
	I understand that I must now advertise my application.	$\boxtimes$
	I have enclosed the premises licence or relevant part of it or explanation.	$\boxtimes$
•	I understand that if I do not comply with the above requirements my application will be rejected.	$\boxtimes$

IT IS AN OFFENCE, UNDER SECTION 158 OF THE LICENSING ACT 2003, TO MAKE A FALSE STATEMENT IN OR IN CONNECTION WITH THIS APPLICATION. THOSE WHO MAKE A FALSE STATEMENT MAY BE LIABLE ON SUMMARY CONVICTION TO A FINE OF ANY AMOUNT.

#### **1 EXECUTIVE SUMMARY**

#### 1.1 Instruction

Sound Advice Acoustics Ltd have been instructed by Cattle Steakhouse to undertake a background noise survey at the existing premises at 14 - 15 Hanover Buildings, Southampton, SO14 1JX to understand the level of impact at the existing site in relation to a proposal to extend the existing music licence from 23:00 - 01:00 7 days a week. The premises currently has a licence to operate the restaurant till 01:00 hrs 7 days a week and this application is designed to bring the music level in line with the rest of the venue.

#### 1.2 Scope of Report

The measurements have been undertaken in accordance with ISO 1996 – Part 2: 2017 to establish if the proposed site has a demonstrable adverse effect in terms of noise that outweigh the benefits of the development. This report aims to establish the following:

- Existing background noise levels at the residential façade 23:00 01:00 (LA90);
- Noise levels from the Proposed Music Between 23:00 01:00 (L<sub>Aeq</sub>);
- Impact on the nearest noise sensitive property;
- Set Music Levels for Internal & External Spaces.

#### 1.3 Measured Background Noise Levels

Continuous background noise measurements were undertaken between the  $2^{nd}$  and  $8^{th}$  December 2021 at the Assessment Position 1. The background noise level between the hours of 23:00 – 01:00 has been evaluated as LA90 47 dB.

#### 1.4 Source Music Levels

In addition to the existing background noise levels, the existing operational source levels have also been recorded over several evenings and an average noise level of 80.3 dB(A) recorded on the loudest evening between 20:00hrs and 23:00hrs, after which the music is switched off.

#### 1.5 Calculated Maximum Music Levels

The following table demonstrates the maximum noise levels that can be played both internally within the main restaurant and externally, but contained within the seating area to the side of the restaurant facing the Strand.

	Octave Band Centre Frequency (Hz)										
	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)
Calculated External Noise Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Proposed Internal Music Level 23:00 - 01:00	62.9	69.7	76.1	76.8	77.7	76.6	71.9	61.8	59.0	53.2	80.3

It is recommended that the existing music level of 80.3 can be maintained for the existing external seating area facing the Strand up to 23:00 hrs and the main restaurant area inside up to 01:00hrs. The small seating area facing the Strand with open shutters should limit their background music to 65.5 dB(A) between the hours of 23:00 - 01:00, as detailed below, in order to ensure a resultant noise level at the nearest noise sensitive premises of 47 dB(A) is achieved between these extended hours.

Calculated Source Level Assessment	Octave Band Centre Frequency (Hz)									10(4)	
	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)
Calculated Source Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Barrier Correction to Residential Above	-10	-12	-15	-18	-20	-23	-26	-29	-32	-35	
Reflection at Residential Above	3	3	3	3	3	3	3	3	3	3	
Calculated Level at Residential Above	41.2	46.0	49.4	47.1	46.0	41.9	34.2	21.1	15.3	6.5	47

#### 1.6 Assessment

#### 1.6.1 23:00 - 01:00 Music Extension

External Seating Area Music Levels	65.5 dB(A) @ 1.0m
Calculated Residential Façade Levels Above Venue	47.0 dB(A)
Background Noise Level	LA90 47 dB
Excess Over Background	0 dB
Assessment Conclusion	Low Impact

#### 1.7 Conclusions

The operation of the proposed extension of hours has been assessed to establish if the proposed new music hours will have a demonstrable adverse effect in terms of noise that outweigh the benefits of the development. Measurements have been undertaken in accordance with ISO 1996 – Part 2: 2017. This report has established the existing background noise levels at the closest residential façade to the existing venue and the assessment of the impact of the site operation on nearby residential properties directly above. The resulting emissions from the site running on a worst case scenario show no conflict with 'low impact' criteria and give a strong indication that complaint and impact on the local amenity is unlikely provided the recommended maximum music noise levels are adhered to.

#### 1.8 NPPF 2021

National Planning Policy Framework 2021 suggests that planning permission should be granted unless any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the framework taken as a whole, or specific policies in the framework indicate the application should be restricted.

#### 1.9 Planning Approval Recommendation

Based on the calculations and assessments made within this report it is the professional opinion of Sound Advice Acoustics Ltd that the proposed extension of hours of music at the existing venue can demonstrate compliance with the National Planning Policy Framework 2021, NPPF & NPSE and that, with regards to sound, planning permission can be granted for music up to 01:00 hrs provided the music is limited to the agreed values.

#### 2 INTRODUCTION

#### 2.1 Instruction

Sound Advice Acoustics Ltd have been instructed by Cattle Steakhouse to undertake a background noise survey at the existing premises at 14 - 15 Hanover Buildings, Southampton, SO14 1JX to understand the level of impact at the existing site in relation to a proposal to extend the existing music licence from 23:00 - 01:00 7 days a week. The premises currently has a licence to operate the restaurant till 01:00 hrs 7 days a week and this application is designed to bring the music level in line with the rest of the venue.

Therefore, this assessment has been undertaken in order to demonstrate the acoustic effects of the proposed hours of extension of the music from 23:00 to 01:00 and set maximum permissible music levels for both internal and external areas of the restaurant.

It should be noted that this is background music only, played through their existing in-house system.

#### 2.2 Ambient and Background Measurements

External noise levels are to be recorded over, what has been considered for the site, an average / typical time period in order to assess the noise levels of the existing operational music level up to 23:00 hrs and the current prevailing background noise levels from 23:00 hrs to 01:00 hrs.

#### 2.3 National Planning Policy Framework & Noise Policy Statement for England 2010

References and evaluations are to be made to the National Planning Policy Framework 2019 (NPPF) and the Noise Policy Statement for England 2010 (NPSE). The purpose of this document is to include all aspects of environmental noise within assessments i.e. environmental noise, neighbour noise and neighbourhood noise. Noise is to be considered alongside other relevant issues relating to the site and should not be considered in isolation, according to the NPSE.

There are several key phrases within the NPSE aims and these are discussed below.

#### 2.4 "Significant adverse" and "adverse"

There are two established concepts from toxicology that are currently being applied to noise impacts, for example, by the World Health Organisation. They are:

#### 2.5 NOEL – No Observed Effect Level

This is the level below which no effect can be detected. In simple terms, below this level, there is no detectable effect on health and quality of life due to the noise.

#### 2.6 LOAEL – Lowest Observed Adverse Effect Level

This is the level above which adverse effects on health and quality of life can be detected.

Extending these concepts for the purpose of this NPSE leads to the concept of a significant observed adverse effect level.

#### 2.7 SOAEL – Significant Observed Adverse Effect Level

This is the level above which significant adverse effects on health and quality of life occur.

It is not possible to have a single objective noise-based measure that defines SOAEL that is applicable to all sources of noise in all situations. Consequently, the SOAEL is likely to be different for different noise sources, for different receptors and at different times. It is acknowledged that further research is required to increase our understanding of what may constitute a significant adverse impact on health and quality of life from noise. However, not having specific SOAEL values in the NPSE provides the necessary policy flexibility until further evidence and suitable guidance is available.

Report Reference: SA – 7012 Report Date: December 2021

#### **3 SITE LOCATION**

#### 3.1 Position of Site in Wider Area

The site is located in Southampton.

Report Reference: SA – 7012 Report Date: December 2021

<image>

#### 3.2 Assessment Position and Background Position

Continuous measurements were undertaken at the assessment position between the 2<sup>nd</sup> and 8<sup>th</sup> December 2021. Measurement was undertaken at ground floor level at the representative nearest noise sensitive premises / receptor in accordance with ISO1996 part 2: 2017.

#### 4 BACKGROUND NOISE LEVELS

#### 4.1 Measured Background Noise Levels

Continuous background noise measurements were undertaken between the  $2^{nd}$  and  $8^{th}$  December 2021 at the Assessment Position 1. The background noise level between the hours of 23:00 – 01:00 has been evaluated as LA90 47 dB.

uivalent Existing Background		
Noise Levels	Measured Levels at Assessment Position 1	L <sub>A90, t</sub> 47 dB
7 days (23:00-01:00)		

#### 4.2 Source Music Levels

In addition to the existing background noise levels, the existing operational source levels have also been recorded over several evenings and an average noise level of 80.3 dB(A) recorded on the loudest eveing between 20:00hrs and 23:00hrs, after which the music is switched off.

#### 5 APPARATUS

#### 5.1 Equipment Calibration

The equipment was calibrated using a sound pressure level of 114.0 dB at an octave band centre frequency of 1000Hz with reference to 2 x 10-5 Nm-2 before and after the tests and the equipment set to have no inaccuracy greater than 0.2 dB.

All the following equipment was calibrated in accordance with the laboratory accreditation requirements of the United Kingdom Accreditation Service (UKAS) on the following dates. Calibration schedules are implemented within Sound Advice Acoustics Ltd in accordance with UKAS directive LAB 23.

#### 5.2 Position 1 - Side of Site

Description	Make	Туре	Serial No.	Calibration Intervals	Last Calibrated	Next Due Calibration
Integrated Sound Level Meter	Norsonic	140	1403122	2 YEARS	17.07.2020	16.07.2022
12.5mm Microphone (with windshield)	Norsonic	1225	91865	2 YEARS	17.07.2020	16.07.2022
Microphone Pre – Amplifier	Norsonic	1209	12486	2 YEARS	17.07.2020	16.07.2022
Calibrator	Norsonic	1251	31310	1 YEAR	20.08.2021	19.08.2022

The noise meter was calibrated before and after the assessment period and found to be within the tolerance of the manufacturer's guidance. Full Calibration certificates are available upon request.

#### 6 CALCULATIONS

#### 6.1 Existing Barrier Calculation to Residential Above

The exiting ground floor premises is surrounded by a 2.0m deep horizontal plinth that is offering some acoustic screening to the residential flats directly above. The following calculation has been carried out in order to demonstrate the effects of this and apply these to the following calculations.

### 6.2 Existing Source Levels

The following existing music source levels have been recorded between the hours of 20:00 - 23:00 hrs on the Saturday evening, which has been evaluated as the loudest the background music is played. Further calculations have demonstrated the effects of the screening and the relationship between these values and the existing background noise levels.

From this we are able to calculate the maximum noise level that can be played within this external side elevation seating area in order to ensure the prevailing background noise level of LA90 47 dB is not exceeded.

				Octave	Band Cent	tre Freque	ncy (Hz)				dB(A)
	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	ab(A)
Existing Source Level 17:00 - 23:00	62.9	69.7	76.1	76.8	77.7	76.6	71.9	61.8	59.0	53.2	80.2
Barrier Correction to Residential Above	-10	-12	-15	-18	-20	-23	-26	-29	-32	-35	
Reflection at Residential Above	3	3	3	3	3	3	3	3	3	3	
Calculated Level at Residential Above	55.9	60.7	64.1	61.8	60.7	56.6	48.9	35.8	30.0	21.2	61.5
Calculated External Noise Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Proposed Internal Music Level 23:00 - 01:00	62.9	69.7	76.1	76.8	77.7	76.6	71.9	61.8	59.0	53.2	80.2

#### 6.3 Calculated Maximum Music Levels

The following table demonstrates the maximum noise levels that can be played both internally within the main restaurant and externally, but contained within the seating area to the side of the restaurant facing the Strand.

	Octave Band Centre Frequency (Hz)										
	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)
Calculated External Noise Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Proposed Internal Music Level 23:00 - 01:00	62.9	69.7	76.1	76.8	77.7	76.6	71.9	61.8	59.0	53.2	80.3

In order to ensure these levels are managed correctly, it is recommended that a noise limiter be installed to the audio system associated with the outdoor seating area facing the Strand in order to ensure it can be set to the above values, which will limit their output. Timers should be fitted within the system (if possible) to ensure the reduced external seating area music level is achieved between 23:00 and 01:00.

It is recommended that the existing music level of 80.3 can be maintained for the existing external seating area facing the Strand up to 23:00 hrs and the main restaurant area inside up to 01:00hrs. The small seating area facing the Strand with open shutters should limit their background music to 65.5 dB(A) between the hours of 23:00 - 01:00, as detailed below, in order to ensure a resultant noise level at the nearest noise sensitive premises of 47 dB(A) is achieved between these extended hours.

Calculated Source Level	Octave Band Centre Frequency (Hz)										
Assessment	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)
Calculated Source Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Barrier Correction to Residential Above	-10	-12	-15	-18	-20	-23	-26	-29	-32	-35	
Reflection at Residential Above	3	3	3	3	3	3	3	3	3	3	
Calculated Level at Residential Above	41.2	46.0	49.4	47.1	46.0	41.9	34.2	21.1	15.3	6.5	47

#### 6.4 Assessment

#### 6.4.1 23:00 - 01:00 Music Extension

65.5 dB(A) @ 1.0m
47.0 dB(A)
LA90 47 dB
0 dB
Low Impact

### 7 NOISE MANAGEMENT PLAN

#### 7.1 Proposed Extended Music Hours

The purpose of this Noise Management Plan is to ensure the existing premises operates correctly should the hours of extension be granted between 23:00 – 01:00 hrs 7 days a week and continues to operate throughout its operational lifespan.

This section contains the procedures the venue owners and operators will employ to ensure the noise emitted from the in house music system is kept, not only to a maximum permitted level.

#### 7.2 Hours of Operation

The music will be played between the following additional times.

Monday to Saturday	23:00 pm to 01:00 am
Sunday/Bank holidays	23:00 pm to 01:00 am

#### 7.3 Noise Minimising Procedures

The following procedures should be implemented and retained thereafter at the existing venue between the hours of 23:00 - 01:00 when background music is proposed to be played.

#### 7.4 Team Training

All staff is to be trained on the usage of the audio equipment on site and the importance to keep doors closed to the main restaurant between the hours of 23:00 - 01:00. Furthermore, all staff are to be vigilant and ensure that music is ceased at 01:00 hrs without fail, both internally and externally.

#### 7.5 Equipment Set Up

The limiter is to be supplied and installed by a qualified audio engineer and once completed the maximum noise levels detailed within this report set on the system and verified by ourselves via an onsite test in the presence of the audio engineers. Once completed Sound Advice Acoustics Ltd are to issue a noise limiter verification certificate to the council for approval.

### 7.6 Equipment Installation

Any noise limiter is to be installed within a tamper proof case or selected that only the installation team of audio engineers can adjust. This will prevent any unauthorised alteration of the audio equipment.

Management to undertake periodic inspections of the audio equipment and ensure the unit is still functioning correctly and report any defects as soon as possible. If defects are detected, the unit should be inspected by the audio engineers and any faults rectified and the noise limiter re-set to the stipulated noise levels.

### 7.7 List of Assumption

The following assumptions have been made in order to ascertain an operational noise level from the existing venue between the proposed hours of 23:00 - 01:00.

- Music to be played within the maximum permitted levels as detailed within this report.
- Limiter to be fitted externally within the open seating area facing the Strand.
- Limiter to be set to ensure the stipulated noise levels cannot be exceeded.
- All music to cease at 01:00 hrs.

### 7.8 Complaints Procedure

Observe good neighbour procedures and dealing with any complaints in a speedy and sympathetic manner. On receiving a noise related complaint inform the Duty Manager who will be responsible for relaying this information to the owners of the venue.

Contact Sound Advice Acoustics Ltd and advise them of the complaint and take further advice as how best to investigate the complaint and resolve in a timely manner. The council may or may not need to be notified and advice should be taken on the specific merit of any complaint.

#### 8 NPPF & NPSE

The National Planning Policy Framework 2021 (NPPF) and assessments to the Noise Policy Statement for England 2010 (NPSE) should be made in conjunction with each other. Paragraphs 185 - 188 of the National Planning Policy Framework 2021 (NPPF) states the following:

**Paragraph 185** Planning policies and decisions should also ensure that new development is appropriate for its location taking into account the likely effects (including cumulative effects) of pollution on health, living conditions and the natural environment, as well as the potential sensitivity of the site or the wider area to impacts that could arise from the development. In doing so they should:

- a) Mitigate and reduce to a minimum potential adverse impacts resulting from noise from new development and avoid noise giving rise to significant adverse impacts on health and the quality of life.
- b) Identify and protect tranquil areas which have remained relatively undisturbed by noise and are prized for their recreational and amenity value for this reason.

**Paragraph 186** Planning policies and decisions should sustain and contribute towards compliance with relevant limit values or national objectives for pollutants. So far as possible these opportunities should be considered at the planmaking stage, to ensure a strategic approach and limit the need for issues to be reconsidered when determining individual applications.

**Paragraph 187** Planning policies and decisions should ensure that new development can be integrated effectively with existing businesses and community facilities (such as places of worship, pubs, music venues and sports clubs). Existing businesses and facilities should not have unreasonable restrictions placed on them as a result of development permitted after they were established. Where the operation of an existing business or community facility could have a significant adverse effect on new development (including changes of use) in its vicinity, the applicant (or 'agent of change') should be required to provide suitable mitigation before the development has been completed.

**Paragraph 188** The focus of planning policies and decisions should be on whether proposed development is an acceptable use of land, rather than the control of processes or emissions (where these are subject to separate pollution control regimes). Planning decisions should assume that these regimes will operate effectively. Equally, where a planning decision has been made on a particular development, the planning issues should not be revisited through the permitting regimes operated by pollution control authorities.

The Noise Policy Statement for England gives various levels of effect as detailed within this report.

With the specifications achieved within this report, the development can be implemented within the guidelines of the aforementioned documents and ensure a conclusion of **NOEL – No Observed Effect Level.** This is the level below which no effect can be detected. In simple terms, below this level, there is no detectable effect on health and quality of life due to the noise.

### 9 CONCLUSIONS

#### 9.1 Measured Background Noise Levels

Continuous background noise measurements were undertaken between the  $2^{nd}$  and  $8^{th}$  December 2021 at the Assessment Position 1. The background noise level between the hours of 23:00 – 01:00 has been evaluated as LA90 47 dB.

Equivalent Existing Background		
Noise Levels	Measured Levels at Assessment Position 1	L <sub>A90, t</sub> 47 dB
7 days (23:00-01:00)		

#### 9.2 Source Music Levels

In addition to the existing background noise levels, the existing operational source levels have also been recorded over several evenings and an average noise level of 80.3 dB(A) recorded on the loudest evening between 20:00hrs and 23:00hrs, after which the music is switched off.

#### 9.3 Calculated Maximum Music Levels

The following table demonstrates the maximum noise levels that can be played both internally within the main restaurant and externally, but contained within the seating area to the side of the restaurant facing the Strand.

	Octave Band Centre Frequency (Hz)										
	31.5	63	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)
Calculated External Noise Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Proposed Internal Music Level 23:00 - 01:00	62.9	69.7	76.1	76.8	77.7	76.6	71.9	61.8	59.0	53.2	80.3

It is recommended that the existing music level of 80.3 can be maintained for the existing external seating area facing the Strand up to 23:00 hrs and the main restaurant area inside up to 01:00hrs. The small seating area facing the Strand with open shutters should limit their background music to 65.5 dB(A) between the hours of 23:00 - 01:00, as detailed below, in order to ensure a resultant noise level at the nearest noise sensitive premises of 47 dB(A) is achieved between these extended hours.

Calculated Source Level	Octave Band Centre Frequency (Hz)										
Assessment	31.5 63 12	125	250	500	1.0k	2.0k	4.0k	8.0k	16.0k	dB(A)	
Calculated Source Level 23:00 - 01:00	48.2	55.0	61.4	62.1	63.0	61.9	57.2	47.1	44.3	38.5	65.5
Barrier Correction to Residential Above	-10	-12	-15	-18	-20	-23	-26	-29	-32	-35	
Reflection at Residential Above	3	3	3	3	3	3	3	3	3	3	
Calculated Level at Residential Above	41.2	46.0	49.4	47.1	46.0	41.9	34.2	21.1	15.3	6.5	47

Acoustic Consultants and Engineers

Page 20 of 37

#### 9.4 Assessment

#### 9.4.1 23:00 - 01:00 Music Extension

External Seating Area Music Levels	65.5 dB(A) @ 1.0m
Calculated Residential Façade Levels Above Venue	47.0 dB(A)
Background Noise Level	LA90 47 dB
Excess Over Background	0 dB
Assessment Conclusion	Low Impact

#### 9.5 Conclusions

The operation of the proposed extension of hours has been assessed to establish if the proposed new music hours will have a demonstrable adverse effect in terms of noise that outweigh the benefits of the development. Measurements have been undertaken in accordance with ISO 1996 – Part 2: 2017. This report has established the existing background noise levels at the closest residential façade to the existing venue and the assessment of the impact of the site operation on nearby residential properties directly above. The resulting emissions from the site running on a worst case scenario show no conflict with 'low impact' criteria and give a strong indication that complaint and impact on the local amenity is unlikely provided the recommended maximum music noise levels are adhered to.

### 9.6 NPPF 2021

National Planning Policy Framework 2021 suggests that planning permission should be granted unless any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the framework taken as a whole, or specific policies in the framework indicate the application should be restricted.

#### 9.7 Planning Approval Recommendation

Based on the calculations and assessments made within this report it is the professional opinion of Sound Advice Acoustics Ltd that the proposed extension of hours of music at the existing venue can demonstrate compliance with the National Planning Policy Framework 2021, NPPF & NPSE and that, with regards to sound, planning permission can be granted for music up to 01:00 hrs provided the music is limited to the agreed values.

### 10 APPENDIX B - RESULTS

Date	LAeq	LA90				Octav	e Band Cent	re Frequen	cy (Hz)				Modal Background 23:00 - 01 00	Existing Source Level 17:00 - 23 00

Personal licence number and issuing authority of personal licence held by designated premises supervisor where the premises licence authorises for the supply of alcohol

Licence Number: 2021/03660/02SPEN Licensing Authority: Southampton City Council

This premises licence is issued by Southampton City Council as licensing authority under part 3 of the Licensing Act 2003 and regulations made thereunder

Dated this 23rd day of July 2021;

LICENSING

Licensing Manager Southampton & Eastleigh Licensing Partnership PO Box 1767 Southampton SO18 9LA

## Annex 1 – Mandatory Conditions

1 No supply of alcohol shall be made under the premises licence:

(a) at a time when there is no designated premises supervisor in respect of the premises licence, or

(b) at a time when the designated premises supervisor for the premises does not hold a personal licence or his personal licence is suspended.

2 (1) The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

(2) In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises

(a) games or other activities which require or encourage, or are designed to require or encourage, individuals to

(i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or

drink as much alcohol as possible (whether within a time limit or otherwise);
 provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;

(c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;

(d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise antisocial behaviour or to refer to the effects of drunkenness in any favourable manner;

(e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

## OUTHAMPION

3 The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

4 (1) The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.
(2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

(3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either—

(a) a holographic mark, or

(b) an ultraviolet feature.

CITY COUNCIL....

5 The responsible person must ensure that

(a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures

- (i) beer or cider: 1/2 pint;
- (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
- (iii) still wine in a glass: 125 ml;

(b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and

(c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

6 1 A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

2 For the purposes of the condition set out in paragraph 1 —

(a) 'duty' is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;

(b) 'permitted price' is the price found by applying the formula --

 $P = D + (D \times V)$ 

where-

(i) P is the permitted price,

(ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and

(iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;

(c) 'relevant person' means, in relation to premises in respect of which there is in force a premises licence —

(i) the holder of the premises licence,

(ii) the designated premises supervisor (if any) in respect of such a licence, or LICENSING

(iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;

(d) 'relevant person' means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and

(e) 'value added tax' means value added tax charged in accordance with the Value Added Tax Act 1994.

3 Where the permitted price given by Paragraph (b) of paragraph 2 would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.

(1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ('the first day') would be different from the permitted price on the next day ('the second day') as a result of a change to the rate of duty or value added tax.

(2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

7 Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.

TTY COUNCIL .....

### LICENSING

## Annex 2 - Conditions consistent with the operating Schedule

## 1 OFF SALES/DELIVERIES

Deliveries will only be made to recognisable dwellings or business addresses.

Deliveries will be refused if the recipient appears to be under the influence of either drugs or alcohol. At the time an order with an alcoholic drink is placed, a declaration will be required from the person placing the order confirming that they are 18 years or older. Service must be declined to any person who does not confirm with the declaration. Prior to accepting the order, the customer is informed that on delivery an acceptable form of photographic ID proving that they are 18 years of age or over will be required and ID verification checks will occur at every delivery. An acceptable form of ID being Passport, Photographic Drivers Licence and PASS Accredited Scheme (i.e. Validate UK Scheme). Any refusal to deliver alcohol will be recorded in the refusals book on return to the premises including the reason for refusal and the address of delivery.

All off sales will only be made to customers who are purchasing a takeaway meal whether it be via collection or delivery. Any takeaway sales of alcohol must remain in a sealed contained when leaving the premises.

## 2 NOTICE

A notice will be displayed at the entrance/exit of the premises requesting that people leave the premises quietly with consideration for the neighbouring properties and no loitering is permitted outside the premises once a purchase is made.

## 3 CHALLENGE 25

The premises licence holder shall ensure that a system is in place to ensure that every individual who appears to be under 25 years of age seeking to purchase or be supplied with alcohol at or from the premises, shall produce acceptable means of identification and age confirmation. Acceptable identification shall be a passport, photo driving licence or PASS accredited photo ID. If the person seeking alcohol is unable to produce acceptable means of identification, no sale or supply of alcohol will be made to or for that person.

Challenge 25 posters shall be displayed within the premises.

### 4 STAFF TRAINING

Before commencing their duties all new staff must receive information and training concerning the sale of age-restricted products.

This training must cover their legal responsibilities and action to be taken in the event of suspicions being aroused that someone is purchasing or attempting to purchase an item under the legal age. All employees will sign a letter to acknowledge that they have completed this training and have understood their responsibilities on this area.

This training should be reviewed and updated at reasonable intervals but at least annually. All staff shall be fully trained to perform their role. They will also be trained in the contents of the premises licence including times of operation, licensable activities and all conditions.

Training shall be recorded in documentary form that will be available for inspection at the request at all reasonable times by an authorised officer from a relevant responsible authority. The records will be retained for at least 12months. Records shall remain on the premises.

LICENSING

## 5 REFUSAL LOG

A written log shall be kept of all refusals including refusals to sell alcohol.

The premises licence holder shall ensure that the refusals log is checked, signed and dated on a weekly basis by the licensee or DPS.

The refusals log will be kept and maintained at the premises and will be available for inspection immediately upon request by Hampshire Constabulary and any responsible authority.

The record of each refusal will be retained for 12 months and remain on the premises.

## 6 INCIDENT BOOK

An incident book will be provided and maintained at the premises. It will remain on the premises at all times and will be available to police for inspection upon request.

Any incidents that include physical altercation or disorder, physical ejection, injury, id seizure or drug misuse will be recorded in the incident book. The entry is to include an account of the incident and the identity of all person(s) involved (or descriptions of those involved if identity is not known). Should there be any physical interaction by members of staff and the public the entry will include what physical action occurred between each party. The entry shall be timed, dated and signed by the author.

If the member of staff creating the entry has difficulties reading or writing then the entry may be written by another staff member. This should however be read back to the person creating the entry and counter signed by the person who wrote the entry.

The premises licence holder shall ensure that the refusals log is checked, signed and dated on a weekly basis by the licensee or DPS. Should there be no incidents then this will also be recorded during the weekly check.

This record will be retained for 12 months and remain on the premises.

## 7 CCTVENSING

The premises shall have sufficient cameras located within the premises to cover all public areas including outside of the premises covering the entrance and exit. The system will be able to cope with strobe lighting (where used) and all levels of illumination throughout the premises as well as outside areas.

CCTV warning signs to be fitted in public places.

The CCTV system must be operating at all times whilst the premises are open for licensable activity. All equipment shall have a constant and accurate time and date generation.

The recording system will be able to capture a minimum of 4 frames per second and all recorded footage must be securely retained for a minimum of 28 days.

Records must be made on a weekly basis and kept for inspection to show that the system is functioning correctly and that data is being securely retained.

The DPS or premises manager must be able to demonstrate that the CCTV system has measures to prevent recordings being tampered with, i.e. password protected.

There shall be sufficient members of trained staff at the premises during operating hours to be able to provide viewable copies immediately to police on request when investigating allegations of offences or criminal activity. Any images recovered must be in a format that can be viewed on readily available equipment without the need for specialist software.

In the event of technical failure of the CCTV equipment the Premises Licence holder/DPS MUST report the failure to the Hampshire Police Licensing Unit within 24 hours, and arrangements made to repair the fault without delay.

A competent trained person in the use of and operation of the CCTV must be in attendance at the premises at all times that licensable activities take place and there must be a person present, nominated by the data controller, who is able to fully operate the CCTV system to be able to download at the times of the visit onto a CD/DVD/USB stick any information lawfully requested by any Responsible Authority.

### 8 RESTAURANT

LICENSING

Alcohol shall only be served to customers seated and engaging in a sit down table meal with alcohol being ancillary to the table meal and no vertical drinking will be allowed at any time in the premises.

LICENSING

## Annex 3 – Conditions attached after a hearing by the licensing authority

1 None

Good Afternoon Licensing,

Environmental Health cannot support this application for a variation for extended hours, due to ongoing unresolved noise issues.

It is considered that the licensing objective, 'prevention of public nuisance' is not being met. Sound insulation and attenuation works have been recommended by a sound consultant as to minimise noise break out and potential nuisance.

Despite having emailed the applicant for comment on, if or when, works will be completed, to minimise noise break out, no response has been received and hence Environmental Health believe a hearing is necessary.

Kind regards

Elaine Jeffery

Principal Environmental Health Officer

Environmental Health Services

**Southampton City Council** 

Subject: Date:

You don't often get email from ryandgoodall@gmail.com. Learn why this is important

Good afternoon,

My address is: Flat 15, Hannover flats, Southampton, SO14 1JX

I am writing to dispute the extension of Cattle Steakhouse's licence and to ask the relevant authorities to finally do something about t he illegal goings on at Cattle steakhouse. . Based on their previous alcohol licence being taken from them due to breaches and the many complaints I have made in regards to their complete disregard of any of the residents above them.

I have attached some of the previous complaints which also have photo and video of some of the issues including evidence of drug taking outside the premises, anti social behaviour, and the steakhouse blasting music until the early hours of the morning, often on weekdays. Attached are links to

People opening, consuming drugs, walking in and out of the steakhouse and doing this in front of staff with nothing said.

People fighting in parked cars outside cattle

multiple occasions of music at an unreasonable level due to open air terrace

Patrons setting off fireworks in the street(Manager of cattle can be seen in video watch from street)

Drugs being consumed in the service area of Cattle

Cattle using the street which is reserved for taxis and blue badge holders as a private car park for the restaurant.

Video of me confronting them at 1:30am on a wednesday asking them to stop blasting music out and others.

As some of the file sizes are too large, they have been attached as links. I also have not added every single Video I have taken of the going on at Cattle as I have too many to add here. I have them all stored and can be available on request.

Cattle seem to want to operate like a bar/nightclub and seem to be the only venue in central Southampton centre that doesn't use door staff, which in my opinion could prevent perhaps some of this from occurring. The changing of their licensing to allow them to serve alcohol now until 1pm which is then consumed on the open air terrace directly under the residential flats with loud music playing, renders it near impossible to be able to sleep.

I frequently have to ask them to turn off the music at 2-3am and stop having lock-ins with staff and patrons. The steakhouse often will be open well past drinking up time and by allowing take away sales of alcohol just allows people to consume alcohol out in the street below us and outside the restaurant which will further add to the issues of anti social behaviour. We also have Heartbreakers bar which does have a late night license and does operate as a bar with live music, from what I know the residents here have never had any issues with the noise or any antisocial behaviour as they also employ door staff. In addition, I believe the information submitted within the application to be incomplete or misleading, specifically part M, steps the applicant will be taking to meet the four licensing objectives, as summarised below:

- Listed that doors and windows to the premises will be kept closed at all times. This is not possible/practical given the layout of the "shisha bar" area which has music playing during opening, and does not have fixed windows and doors, but only a shutter, which does not prevent the noise from travelling into the street and the flats directly above, including my own.

- Noise or vibration from the premises will be maintained at a level not audible at the façade of any noise sensitive buildings- This is untrue, and the music played from the premises is not only audible from the residential premises above the restaurant, but disruptive to both myself and neighbours. I can also confirm that the speakers recently installed on the outside of the restaurant, which are often left on until the early hours of the morning, are directly beneath the windows of my property. I have asked our mutual landlord on several occasions for this speaker to be removed due to the disruption it has caused myself and my neighbour, but this has not been actioned and continues to be a problem.

- For the final hours of opening the music is reduced in volume and is discernibly quieter-From my experience the music is actually increased in volume in the later hours of the evening, particularly on the weekends. I have attached video footage from Wednesday 23rd February 2022 (after this application had been made) in which the music being played at 01.30am (after the licensed hours for the premises) on a Wednesday night, at a level so loud it was preventing be from being able to sleep, and I had to go and request that the music be turned off. On doing so it was evident that there were not only still people in the shisha bar drinking and smoking, but that the rest of the restaurant was completely closed.

- A full acoustic survey into the impact of noise from the premises has been carried out- If this has been completed, it was without any consultation, or discussion with the residents such as myself. I am also sceptical that a complete acoustic survey can be completed without accessing my flat and neighbours to assess the movement of the noise from directly below the restaurant and shisha bar- this has not happened.

In this email, I have attached records of previous complaints, both to the owners of the premises LCP and the relevant local authorities. These issues have been documented over a considerable period of times and these are not isolated events but a common trend. In my experience, which can also be seen in the email from Paul at LCP that this "Steakhouse" is actually operating more like a nightclub.

There have been numerous occasions of police being called out, drug taking outside and inside the steakhouse, fights, and other anti-social behaviour. I have reported this to licensing and the only response/action has been to continue to report them. I feel that no action is being taken and the owners are ultimately free to do as they please.

Cattles' license was taken from them last year due to COVID breaches where people were caught drinking and smoking actually inside whilst at a time where all restaurants were supposed to be shut. Not long after, they have been able to skirt around the authorities by having a licence issued under a different name. However, it is clearly the same owner. The evidence of this is that the owner/manager of cattle has a uncommon Porsche car with a "CTTLE" plate. This is parked in one of the taxi bays outside the property most days. Please attached pictures.

This situation has been really affecting my quality of sleep and stress as having to deal with anti-social situations due to the premises below. I feel any further expansion of the steakhouse and extension of their licence would further erode my right to peaceful enjoyment as per my tenancy agreement. If the application is granted, it is just legitimising the out of license actions and complete disregard of their opening hours/license conditions. Considering their application was submitted before the attached video of 23rd of Feb where they are blasting music out the front of the steakhouse and in the Shisha bar with a lock happening.

### LICENSING (LICENSING AND GAMBLING) SUB – COMMITTEE DECISION OF THE MEETING HELD ON 31 MARCH 2021 REVIEW OF A PREMISES LICENCE CATTLE STEAKHOUSE 14-15 HANOVER BUILDINGS SOUTHAMPTON SO14 1EA

All parties will receive formal written confirmation of the decision and reasons.

This hearing was held as a virtual meeting using Microsoft Teams and was streamed live online for the press and public to view via the Live Events platform.

The Sub Committee considered the application in accordance with the Licensing Act 2003 (Hearings) and Regulations 2005 (as amended). The Sub Committee also took into consideration the Crime and Disorder Act 1998 and the Human Rights Act 1998.

The Sub Committee also had due regard for the Equality Act 2010. The Council's statement of Licensing Policy and statutory guidance was taken into account. In reaching its decision the Sub Committee was mindful of Procedure Rules as set out in Part 4 of the Constitution, so far as it was applicable.

The Sub-Committee considered very carefully the application for review of the premises licence at Cattle Steakhouse, 14-15 Hanover Buildings, Southampton, SO14 1EA. The application to review related to two licensing objectives: The prevention of crime and disorder and public safety.

The Sub Committee took into account the written report presented by the Service Director, Communities, Culture and Homes, as well as video and written evidence submitted to the Sub Committee by Hampshire Constabulary in advance of the hearing. The panel also received written representations from the Licensing Authority, Public Health, and the Premises Licence Holder.

The Sub-Committee considered the representations, both written and given orally today, by all parties. The Sub-Committee heard from the applicant PC Hawley and the Licensing Officer Karen Head and Phil Gilbert, Public Health. Mr Nazim Ahmed was also in attendance and addressed the Sub-Committee.

The Sub-Committee considered the decision in confidential session in accordance with the Licensing Act (Hearings) Regulations 2005.

In light of all of the above the Sub-Committee:

**<u>RESOLVED</u>** that the premises licence be revoked.

### **Reasons**

The Sub-Committee considered very carefully the application of PC Mark Hawley. It has given due regard to the Licensing Act 2003, the Licensing Objectives, statutory guidance and the adopted statement of Licensing Policy.

The Sub-Committee considered the representations, both written and given orally today, by all parties. The Human Rights Act 1998, The Equality Act 2010 and The Crime and Disorder Act 1998, Section 17 have been considered whilst making the decision.

The Sub-Committee considered all the options set out in Section 52(4) Licensing Act 2003 (namely):

- To modify the conditions of the licence
- To exclude a licensable activity from the scope of the licence
- To remove the DPS
- To suspend the licence for a period not exceeding 3 months
- To revoke the licence

The Sub-Committee was concerned that this was a very serious incident, which breached the Coronavirus regulations, which in turn impinged on the licensing objectives of the prevention of crime and disorder and public safety.

At the time of the event the country was in national lockdown with regulations in place for public safety. Hospitality premises were permitted only to provide food to be taken away and eaten off site. Coronavirus regulations were breached when customers were allowed to eat and drink on the premises. Mr Nazim Ahmed failed to acknowledge the regulations in place or his responsibility for ensuring staff and public safety on the premises.

Additionally, he failed to recognise the seriousness of the threat to public health that Covid 19 represents and the importance of behaving in accordance with both the legislative provisions and government guidance in order to control its spread, thus disregarding the potential harm placed on the general public.

On the arrival of the police, a number of customers were warned to exit through a staff door, not the public exit. None of the staff or customers were adhering to regulatory safety measures. No face masks were worn, and no social distancing was in place and there was evidence that smoking was taking place in doors.

Whilst the Sub-Committee considered the reasons given for people to be on the premises at the time, there was no acceptable reason for eating, drinking and smoking to be taking place on site. Evidence of illegal activity taking place suggested that this was not a single event. The absence of CCTV footage (which breached a condition of the licence) as requested by Hampshire Constabulary, meant that there was no proof to the contrary.

The Sub-Committee felt that Mr Ahmed's lack of knowledge for his responsibilities as DPS and Premises Licence Holder, in view of the current pandemic and the period of national lockdown, was a serious concern. The issues highlighted could not be resolved by modification of conditions or excluding a licensable activity from the scope of the licence. This was because the offences related to non-licensable activities. Removal of the DPS would still leave Mr Ahmed in control as the premises licence holder. The gravity of the incident meant that suspension was not appropriate.

As DPS, Mr Ahmed had failed in his duties and responsibilities and there was a concern that he was putting profit before public safety. The Sub-Committee deliberated long and hard and came to the conclusion that revoking the licence was the only proportionate response to promote the licensing objectives of the prevention of crime and disorder and public safety.

There is a statutory right of appeal against this decision to the Magistrates' Court within 21 days of formal notification, which will set out that right in full.

Thank you for your email. I am sorry to hear about your issues.

I have spoken to the premises licence holder today, reminding him that recorded music is not permitted beyond 01.00 without a temporary event notice and that it is his responsibility not to cause a public nuisance by playing music too loud. I have suggested that he puts up a notice by the door reminding his patrons to respect their neighbours and leave quietly.

Your complaint has been recorded and I will keep monitoring the situation.

It is always a good idea to keep a record of any incidents and report any noise related issues to Environmental Health Depts. or anti-social behaviour to Hampshire Constabulary via 101. This can then be used as evidence. The police have a licensing Dept., which we work closely with, so hopefully together we can help and support you with your issues.

Thank you for taking the time to bring this matter to our attention. Please contact us again should you have any further concerns regarding the premises breaching their licensing conditions

Kind regards,

Karen Head

Re: Cattle Steakhouse- The Strand

Dear all,

I am writing this email following a conversation with a member of the licensing team to confirm the opening hours of the above premises due to a number of complaints arising recently, particularly late at night. I include all relevant authorities

on recommendation from the licensing department.

1. Loud music. Venue is situated underneath a number of residential flats and, from my understanding they are only permitted to play music until 1am, however on many

occasions I have experienced loud music being played into the early hours, often accompanied by patrons shouting and singing whilst still in the venue. This is compounded by the fact that music is often playing from the 'shisha bar' of the venue which is

partially enclosed by a shutter but allows sound to travel. I attach a video taken at 1.15am this morning (Sunday 20th September) from inside my residence which shows the noise. On this occasion this culminated in myself having to get out of bed at 1.45 this

morning and go and ask them to turn the music off. This was met with a not so serious reaction from the member of staff who seemed to shrug the issue off.

2. Opening hours/drinking up time. I understand that these premises are licensed to serve food and alcoholic drinks until 12. On many occasions, particularly since

the ceasing of lockdown restrictions, I have witnessed many people (more than reasonably can be accounted by staff members) in the restaurant or the 'shisha lounge' still drinking long past their licensed hours. Whilst I appreciate that 'drinking up time'

is added to their licensed hours and is not a fixed time frame, the numerous instances where this has been an issue have not been a mere few minutes, but, as mentioned, into the early hours of the morning.

3. As an additional note on points 1 &2 during conversations with the licensing team I have been able to confirm that none of the events/instances above have been

exceptions due to approval of Temporary Event Notifications which would have extended the hours.4. Gathering at front of premises- As a consequence of the first two points raised I have noticed late at night large groups of people congregating out the front of

the venue, directly below the residence windows. This of course due to the time of night, the intoxication of patrons and lack of security staff often results in arguments and screaming and shouting, which from all appearances is not challenged by staff of

the venue. More concerning is that it appears even after their licensed hours, there are still people coming and going from the venue, and congregating outside, further exacerbated by the issues below.

5. Apparent Drug use - as shown in the attached video, there has become an issue with people congregating outside the rear service entrance to the venue smoking marijuana.

As the outside terraced area of my residence faces directly onto this entrance, the smell is unavoidable, both on entering and leaving my premises and also when the windows to the rear of the property are open. Aside from the mere nuisance this is causing,

it is logical due to the proximity to the venue that this is being caused either by members of staff and/or customers who are aware that this is condoned behaviour.

6. Blockage of road- since this venue has opened, there has always been an issue with a number of vehicles illegally parking on the corner of the road facing toward

the 'shisha bar' of the premises, both on the curb of the road and on the corner of the street. Due to this being a junction off of the roundabout, and the primary route to access the parking at the rear of the premises this has caused many hazards and has

often become an issue when any other vehicle is trying to access the parking. Whilst normally it's not possible to attribute bad parking to a particular venue, more often than not the offending vehicle is easily recognisable by its personalised CATTLE number

plate.

Due to the culmination of the issues above, and the increasing frequency where I am finding myself affected, I would appreciate if the points could be investigated or looked into in whatever capacity you are able. Since the reopening of the

venue post-lockdown these issues have become so frequent so what once was overlook-able as a one off group of rowdy customers/the occasional staff lock in now seems more like a general disregard for the neighbours and the licensing restrictions they are obliged

to abide by.

The examples attached were both captured in the early hours of this morning, however I have further videos of other instances and will continue to share any documents of future issues should they arise.

Thank you,

Good afternoon Karen,

I am writing with regard our tenant Cattle Steakhouse at the above property.

We are advised by our residential leaseholders here of considerable breaches and ongoing issues in terms of licensing, noise pollution, Health & Safety & drug abuse which is making it a living hell for our residents.

I note the occupiers have had their licence revoked in the past but this appears to have been re issued.

Under the terms of the agreement the premises are to be used as a restaurant, it is obvious the current use is nearer that of a nightclub.

Our solicitors are in the process of drafting a letter to the leaseholders with regard the breaches of their agreement, we would ask you to assist in enforcing the licencing and noise aspects of the property that are causing such distress.

Please let me know if you require any additional information and confirm back to me what actions you can take to reduce the aforementioned issues.

Regards

Paul.

Dear Paul,

I am sorry to hear that you have had cause to contact our office.

The previous licence ref 2021/00399/01SRAP held by was revoked at committee hearing on 31<sup>st</sup> March 2021.

We then received a new application from a **procession** 24<sup>th</sup> June 2021 ref 2021/01884/01SPRN. We received no objections from any responsible authority or local resident, so after 28days the licence was granted (23<sup>rd</sup> July 2021).

The new licence can be view using the link below :

https://www.southampton.gov.uk/business-licensing/licensing/licensing-act-2003/public-access-conditions-gis/

Please see web site regarding live music act 2005, this permits music till 23:00hrs in a licenced premises.

https://www.southampton.gov.uk/business-licensing/licensing/licensing-act-2003/live-music-act-2012/

The following actions should be taken:

• Please contact us concerning any possible breaches of the premises licence. Details of breach, with date and times so we can investigate the breach.

Drug Abuse ,rowdy and unsociable behaviour should be reported on the Police 101 number.

• Guidance on reporting noise related issues concerning the premises are on our website at: https://www.southampton.gov.uk/environmental-issues/environmental-health/noise/make-a-complaint.aspx

Kind regards

Hi Paul,

A typical response from them. I have emailed, complained and reported the steakhouse on multiple occasions as per my previous emails. We have also had to call the police a few times. This has not changed the situation over the last 6-12 months. I'm not sure how many times this has to be reported for something to actually be done?

Also, I did not see any notification of their application displayed on the restaurant or the lampposts outside(which is where notices are normally displayed). Considering all of my previous emails, the comments by local residents in the area, I would have contested this as I am sure others would have. It seems the license was issued without anyone being able to contest.

The application for **provide the second** was revoked but it is clear they have swerved the licensing rules by assigning someone else but **control of the second** is still effectively running the place and his car is the Porsche with the cattle personalised number plate which is parked illegally on the road outside day and night. If they are able to cycle the licensee then the issue will persist.

As per my email, they are in breach of the live music act, and I'm not sure if they have the right to install speakers outside the premises directly under residential flats?

Gmail - 14/15 Hanover Buildings, Southampton, SO14 1AE - Cattle Steakhouse.

I have emailed you evidence of drug taking outside the premises lent against the owners vehicle and in front of the CCTV cameras. Fairly easy to verify.

To: Paul Prowse Subject: FW: 14/15 Hanover Buildings, Southampton,SO14 1AE - Catt	le Steakhouse.

Good morning,

with regard to any noise issues these need to be reported to the Environmental Health service so that we can see the number and times of the occurrences. From this we can then determine the most appropriate time to carry out monitoring. To determine a nuisance we would need to listen from the complainants property, however if the activities were not in line with their licence then action could potentially be taken without the monitoring being required.

If the residents have already reported noise then they just need to update any additional occurrences to the case officer.

Kind regards Elaine

Hi Paul,

There has been some damage to the stairwell and panelling due to the recent storms. I thought I would let you know as some of the plastic that was attached to the side of the building has fallen down into the car park.

Also at 1:30 this morning I had to go down to cattle who were having a lock in and blasting music out. I have attached a video.

The music that is playing is out of a outsider speaker they have attached which is basically feet away from my windows, the bass was literally vibrating my bed.

Please, can something be done about this?

Hi

I have already contacted licensing and they are going to investigate as it seems a new license was issued under a different name but with the same management.

Since the license was issued this wee, the police have already been called out for anti social behaviour and fighting in the street outside.

The steakhouse are already aware of the issues as they were presented at the licensing meeting. It's seems the steakhouse have no regard for the locals as they have gotten around the system by getting a new license granted somehow.

Good afternoon Karen,

I am writing with regard our tenant Cattle Steakhouse at the above property.

We are advised by our residential leaseholders here of considerable breaches and ongoing issues in terms of licensing, noise pollution, Health & Safety & drug abuse which is making it a living hell for our residents.

I note the occupiers have had their licence revoked in the past but this appears to have been re issued.

Under the terms of the agreement the premises are to be used as a restaurant, it is obvious the current use is nearer that of a nightclub.

Our solicitors are in the process of drafting a letter to the leaseholders with regard the breaches of their agreement, we would ask you to assist in enforcing the licencing and noise aspects of the property that are causing such distress.

Please let me know if you require any additional information and confirm back to me what actions you can take to reduce the aforementioned issues.

Regards

Paul.

Also, I did not see any notification of their application displayed on the restaurant or the lampposts outside(which is where notices are normally displayed). Considering all of my previous emails, the comments by local residents in the area, I would have contested this as I am sure others would have. It seems the license was issued without anyone being able to contest.

The application for Mr **Constant** was revoked but it is clear they have swerved the licensing rules by assigning someone else but Mr **Constant** is still effectively running the place and his car is the Porsche with the cattle personalised number plate which is parked illegally on the road outside day and night. If they are able to cycle the licensee then the issue will persist.

As per my email, they are in breach of the live music act, and I'm not sure if they have the right to install speakers outside the premises directly under residential flats?

Gmail - 14/15 Hanover Buildings, Southampton, SO14 1AE - Cattle Steakhouse.

I have emailed you evidence of drug taking outside the premises lent against the owners vehicle and in front of the CCTV cameras. Fairly easy to verify.

Good morning,

with regard to any noise issues these need to be reported to the Environmental Health service so that we can see the number and times of the occurrences. From this we can then determine the most appropriate time to carry out monitoring. To determine a nuisance we would need to listen from the complainants property, however if the activities were not in line with their licence then action could potentially be taken without the monitoring being required.

If the residents have already reported noise then they just need to update any additional occurrences to the case officer.

Kind regards Elaine

# Noise Complaint - Cattle Steakhouse

4 messages

9 August 2021 at 12:43

9 August 2021 at 12:45

To: Paul Prowse

Hi Paul,

I am contacting you in regards to the Cattle Steakhouse below Hannover Flats. I complained a few months ago due to COVID breaches, anti-social behaviour and constant issues with noise. We also submitted a complaint to licensing which resulted in the license being revoked.

For the past few months, due to no alcohol being served, it has been relatively quiet. Last week, the troubles started again with fights in the road, blaring music and broken glass on the pavement everywhere and it has come to my attention from their website, they are again licensed to sell alcohol.

Previous to their ban, they had loud music playing from the open air terrace to the side of the property but they have since moved tables and chairs to the outside front of the restaurant and installed large speakers which are directly under the windows to my bedroom and our front room. The music is blaring until past their designated closing time.

I would like the speakers to be removed from the front of the restaurant which are situated under our windows or at least reduce the volume based on the fact they are directly below a number of residential flats. I moved in with the understanding that live music can sometimes be heard from heartbreakers around the corner but I did not agree to have music blasting through the windows and floors due to a steakhouse operating as a nightclub.

I am unable to have the only windows open in my flat due to the noise and the noise and more so the bass can be heard even with the windows and doors closed. Heartbreakers bar, with live music and actually designated as a music venue, causes less issues than a steakhouse.

They are using the street in front as a private car park even though the road is reserved for taxis and buses. Cars are seen flying up and down the road and then parking outside cattle, blocking the bus path which results in buses blaring their horns directly outside our windows all through the day up until 11pm.

I recorded a fight spilling out from the restaurant and police arriving from Friday night. Thus is in addition to the many fights, incidences of police being called, drugs being consumed in the parking area behind the steakhouse.

Since they have opened, it has operated more of a nightclub and less of a steakhouse.

I don't know if their license has been reissued or whether they have swerved the system and got a new licensee but this is becoming an issue again.

I understand from the license review that I am not alone in these complaints and the Steakhouse seems to be causing a lot, if not all, of the anti-social issues on this street.

I will submit a further complaint to the licensing people but hopefully this is something that could be resolved with LCP.

Kind regards,

Apologies for the delay in responding, I have been away from the office for the last few weeks with one thing or another.

In the first instance I have written to the leaseholders regarding the use of the property, which is a restaurant, not a nightclub. I have also got the lawyers looking through the lease.

I will keep you updated, let me know if anything changes,

06/03/2022, 15:05

Regards

Paul.

Kind regards,

# Procedure – Applications etc. under the Licensing Act 2003 or Gambling Act 2005

- 1. A hearing will be held to decide applications, etc., under the Licensing Act 2003, where there have been relevant representations from one or more of the responsible authorities or other persons. The parties to the hearing will have the chance to be heard. They are also entitled to be helped or represented by another person if due written notice is given in advance.
- 2. Hearings will take place before a Sub-Committee comprising three members of the Licensing Committee. One of these members will be elected Chair of the Sub-Committee for that hearing.
- 3. Please note that for day time hearings the Sub-Committee will normally adjourn for lunch at 1:00 p.m. and that comfort breaks will be taken at the discretion of the Chair at appropriate points during the meeting.

# **Preliminary matters**

- 4. The Chair will introduce those present.
- 5. The Chair will check whether any of the Sub-Committee members has a "disclosable pecuniary", "personal" or "pecuniary" interest.
- 6. The Chair will check whether all the parties are present at the hearing, and if any are not, whether they have told the Council that they do not wish to attend or be represented. If any party who was expected to attend has not done so, the Sub-Committee will decide whether to hold the hearing in that party's absence, or to adjourn it to another date. Hearings will be adjourned if the Sub-Committee decides to hold the hearing in a party's absence, they will still consider any written information received.
- 7. In the case of an application for variation or a new licence, the Sub-Committee's legal advisor will ask the applicant or their advisor for confirmation that the required public notices have been displayed where they can conveniently be read from the exterior of the premises and that notice was given in a local newspaper within eleven working days of the day on which the application was received by the licensing authority.
- 8. Normally, hearings will be open to the public. However, the Sub-Committee may exclude the public from the hearing (or part of it) if they think the public interest in doing so outweighs the public interest in having the hearing in public. If the public are excluded, any of the parties to the hearing, and/or anyone helping or representing them, may also be excluded.
- 9. The Chair will propose a motion that the public and the press be excluded from the hearing while the Sub-Committee considers the matter. Ordinarily the legal advisor and democratic support officer will remain (see paragraph 30 (b) below).
- 10. The Openness of Local Government Bodies Regulations 2014 provide an entitlement for the public to film, photograph and audibly record ("record") public meetings. However, by virtue of Schedule 6, paragraph 58 of the Licensing Act 2003 and section 101 (15) of the Local Government Act 1972, Licensing Act 2003 hearings are not covered by the entitlement to film as of right. The Council's general approach is to encourage openness and transparency in all its dealings and the general presumption is that filming or recording of hearings shall generally be permitted where due notice has been provided in advance of the hearing. Nonetheless the following shall apply:

- i) Filming / recording / photographing hearings shall only be permitted with the express permission of the Chair. Such permission may include restrictions to protect children, vulnerable persons or others that object to being filmed / photographed / recorded.
- ii) Requests to film / record / photograph should be made with sufficient notice in advance of the hearing. Late requests may not be granted if there shall be a delay to proceedings as a result.
- iii) Every party to the hearing and any witnesses shall have the opportunity to object and those representations shall be considered by the Sub-Committee.
- iv) No filming, photography or sound recording shall be permitted of any person under 18 years of age.
- v) No person shall be put under any pressure to consent to such and no payment for such consent shall be given.
- vi) The Chair shall have the final say as to whether any filming, photography or recording is allowed (including the extent to which permission is granted e.g. the parts of the meeting, the individuals concerned or the arrangement of the recording equipment).
- vii) All directions given by the Chair shall be fully complied with and the Chair shall have the absolute discretion to withdraw permission to film, photograph or record in the event the same causes an obstruction or interferes with the general conduct of the hearing, including the impeding of the giving of proper evidence.
- 11. A party may have asked for someone else to appear at the hearing to make a point or points that may help the Sub-Committee reach a decision. It is up to the Sub-Committee to decide whether that person should be heard, although permission will not be refused unreasonably. Such a person is referred to as a "witness" in this procedure.
- 12. Where application has been made, in advance of the hearing, that it should be conducted in private (e.g. by the Police in review or summary review proceedings) reports shall be prepared and presented as confidential so that the Committee can make a meaningful determination in accordance with Regulation 14 of the Licensing Act 2003 (Hearings) Regulations 2005 to exclude the press and public. It is important to note that reports presenting Licensing Act 2003 matters are not required to be published in advance. However, certain limited information must be published in accordance with the Licensing Act 2003 (Licensing Authority's Register) (Other Information) Regulations 2005 and section 8 of the Licensing Act 2003.
- 13. The Chair will then explain the procedure that will follow.

# General information on the conduct of the hearing

14. Each party is entitled to:

- (a) Give further information in response to any point that the Council told them before the hearing they would like clarified;
- (b) With the permission of the Chair, seek clarification on any point by any other party;
- (c) Address the Sub-Committee.
- 15. Members of the Sub-Committee may also seek clarification of any party or witness.
- 16. At the Chair's discretion, the Sub-Committee's legal advisor may ask any questions he or she thinks are relevant.

- 17. Unless the Council has requested in advance that a particular point be clarified, new documentary or other evidence may not be submitted for the first time at the hearing, unless all the other parties agree.
- 18. Members of the Sub-Committee will have read all the papers included in the agenda for the hearing before the hearing starts. The parties are requested not to spend unnecessary time repeating evidence which is already in the papers and which is not disputed.
- 19. Evidence that is not relevant to the case, or to the promotion of the four licensing objectives, will be disregarded.

# Hearing Procedure

- 20. If any party has asked permission for a witness or witnesses to appear, the Sub-Committee will decide whether they should be heard (see paragraph 10 above).
- 21. All parties will be allowed a similar (and maximum) amount of time to put their case, and ask questions of other parties, subject to the Chair's discretion to not hear repetitive matters or questions.

# The applicant

- 22. The applicant for the licence (or their representative) or the applicant in review proceedings, may present their case.
- 23. If the Sub-Committee permits, the applicant may call those witnesses whose names have been provided in advance to support their application.
- 24. Where a group of witnesses wish to speak in support of the application for similar reasons, one person should, where possible, act as spokesperson for the whole group. The Sub-Committee may reasonably refuse permission for a witness to be heard if their evidence simply repeats points already made.
- 25. The Chair will invite those making representations to seek clarification on any point made by the applicant. The Chair will decide in which order those making representations will be invited to put their questions.
- 26. Members of the Sub-Committee or the Legal Advisor, if so permitted by the Chair, may also seek clarification of the applicant or any of their witnesses.

### The representations

- 27. Where there is more than one person making a representation, the Chair will decide the order in which they may put their case. If there is a representation from one or more of the responsible authorities, their representatives will normally be invited to put their case first.
- 28. The following procedure will apply to each person making a representation in turn:-
  - (a) The person making a representation (or their representative) may present their case.
  - (b) If the Sub-Committee permits, the person making a representation may call those witnesses whose names have been provided in advance to support their objection.
  - (c) Where a group of witnesses wish to speak in support of the objection for similar reasons, where possible, one person should act as spokesperson for the whole group. The Sub-Committee may reasonably refuse permission for a witness to be heard if their evidence simply repeats points already made.

# Licensing (Licensing and Gambling) Sub-Committee

- (d) The Chair will invite the applicant to seek clarification on any points made by those making representations.
- (e) Members of the Sub-Committee or the Legal Advisor, if so permitted by the Chair, may seek clarification of those making representations or any witnesses.

# Summing up

- 29. The Chair will invite each person making a representation to make a final statement or sum up their case.
- 30. The Chair will invite the applicant to make a final statement or sum up their case.

# Sub-Committee's decision

31.

- (a) At the end of the hearing the Sub-Committee will move to private session whilst it considers the matter.
- (b) The Sub-Committee's legal advisor will remain to provide legal advice and the democratic services officer will remain to record the decision. Details of any legal advice will be recorded and referenced in the decision and reasons.
- (c) The parties will be invited to wait to be informed of the outcome.
- (d) As soon as the decision is reached, the public and press will be invited to return to the room in which the hearing took place, and the Chair will announce the decision and the reasons for it.
- (e) If a room is available, the Committee may retire to deliberate and make its decision
- (f) All parties will be formally notified in writing of the decision and reasons as soon as possible.

In most cases the Sub-Committee will announce the decision at the conclusion of the hearing. In certain cases where this is not possible due to time constraints (and the Hearings Regulations permit – Regulation 26 (1) sets out those hearings where delay is not possible) the decision shall be made within 5 working days beginning with the day of the hearing or the last day of the hearing.
