

Equality and Safety Impact Assessment

The **Public Sector Equality Duty** (Section 149 of the Equality Act) requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity, and foster good relations between different people carrying out their activities.

The Equality Duty supports good decision making – it encourages public bodies to be more efficient and effective by understanding how different people will be affected by their activities, so that their policies and services are appropriate and accessible to all and meet different people's needs. The Council's Equality and Safety Impact Assessment (ESIA) includes an assessment of the community safety impact assessment to comply with Section 17 of the Crime and Disorder Act and will enable the Council to better understand the potential impact of proposals and consider mitigating action.

Name or Brief	Acceptance of government funds for Household Support			
Description of	Fund (HSF)			
Proposal				
Brief Service Profile (including number of customers)				
The HSF is funded by central government to provide support to families and				
individuals in particular hardship at a time of rising costs. SCC has been				
advised that funding will be made available to Local Authorities for the period				
1/04/2023 to 31/3/2024.				
Summary of Impact and Issues				
There may be groups who are particularly vulnerable to rising prices even for example large families or single income families. In previous phases of Household Support Fund, it was intended to cover a wide range of low- income households in need including families with children of all ages, pensioners, unpaid carers, care leavers, and people with disabilities. Household Support Fund allows local authorities to provide additional support at a time when some households are struggling with the current cost of living crisis. Potential Positive Impacts				
 Additional support for families and individuals in need at a time of rising prices. 				
 Enable families to access other support including advice and guidance on benefits and other support they may be eligible for.
