## STATEMENT OF CONFIDENTIALITY

None.

### **BRIEF SUMMARY**

From 2024, to support the delivery of a refreshed National Plan For Music Education (<u>NPME2</u>), DfE have set out a rationale for fewer, more strategic, hub lead organisations, over a new set of prescribed geographical areas.

From September 2024, Southampton will sit within a prescribed geographical area — the "South Coast Music Hub Region" which covers:

- Southampton
- Isle of Wight
- Portsmouth
- Bournemouth, Christchurch and Poole (BCP)

An open application process to be the new hub lead organisation is expected to open in Summer 2023, close Autumn 2023, with the new lead organisations to begin delivery in September 2024.

### **RECOMMENDATIONS:**

necessary to implement / deliver the service should the bid be successful.
--

### **REASONS FOR REPORT RECOMMENDATIONS**

1.	Southampton Music Services has a strong and proven track record of local, regional and national leadership and partnership meeting the needs of CYP and their diverse communities through a commitment to ensuring ambitious and high-quality musical activities that meet the needs of all children and young people in the communities that we serve.
2.	As the hub lead organisation (Accountable Body), Southampton Music Services can continue to increase investment into the city through the hub grant, as well as through additional funding leveraged against it.
3.	As hub lead organisation, Southampton Music Services can continue to build Southampton's reputation as a city of culture, a child friendly city, a green city and aligns with the Southampton Education Strategy.
4.	The local plan for music education in Southampton and the Isle of Wight is being co-created by the hub partnership, schools and young people. (See DMR 5 for list of partners). The successful application of the new hub grant would continue to support the wider music ecosystem including National Portfolio Organisations, freelancers, community musicians and small organisations by commissioning services and work, developing sustainable funding streams (as per principle 4 in the National Plan for Music Education 2) and workforce development and training.
ALTERI	NATIVE OPTIONS CONSIDERED AND REJECTED

RESOU	IRCE IMPLICATIONS
9	Commissioning and partnership agreements and terms and conditions are used to ensure that work delivered is effective and meets the needs of the National Plan. Such contracts allow termination of that work should it not meet agreed standards. The governance board would be the decision maker in this situation (NB the governance structure has still to be determined- see risk section).
	<ul> <li>A better supported and more collaborative workforce that has access to training and networking, resources, and career progression opportunities</li> <li>A strategic approach to ensuring quality through performance management, monitoring and evaluation, quality assurance processes and peer assessment</li> <li>More strategic and high-profile engagement by Music Hubs with significant place-based infrastructure</li> <li>Stronger communications and marketing</li> <li>'Why SMS' (see DMR 2) includes details pertaining to the current success, valued leadership and proven track record of SMS and why SMS is best placed to lead a bid, providing detail on the following areas:</li> <li>Securing Investment and Value</li> <li>Strategic Leadership and Partnerships</li> <li>Cultural Development and Co-Creation</li> <li>Improving Inclusion and Diversity</li> <li>Digital Transformation</li> <li>Alignment with Council Priorities</li> <li>Support and Endorsements</li> <li>Improving Outcomes for Children and Young People</li> </ul>
	<ul> <li>A collective commitment to consulting regularly, researching, and analysing need, evaluating and monitoring the impact of programmes,</li> <li>A strategic approach to identifying shared fundraising and income generation opportunities, with resources and capability directed at the use of government funding to leverage further investment</li> <li>The identification of opportunities to realise economies of scale and reduce duplication</li> <li>A diverse and more equitable range of musical activities, opportunities, teachers, instruments and equipment</li> <li>A better supported and more collaborative workforce that has access</li> </ul>

<b>RISK M</b>	ANAGEMENT IMPLICATIONS
14.	The proposal may cause low stakeholder concern but there will be opportunities for this to be raised during subsequent consultations should cabinet agree to us making the bid.
	The governance board has oversight of finances with reporting provided quarterly, minimising the risk of overspend. There has been no overspend of grant money since 2012.
	If we become an accountable body for the larger area and if there is an overspend, the Council would be liable. However, the Council has current processes in place to mitigate this risk. Individual projects and activities are co designed and costed with partners. The agreed activity, including delivery timescales and cost, is put into a commissioning agreement between the Council and partner. On completion of the individual projects and activities the partners invoice the service for the fixed amount as agreed in the commissioning agreement.
	The Arts Council can withdraw the bid as per their terms and conditions. The risk if this happening is low due to management and fulfilment of the hub terms and conditions. Robust partnership and commissioning agreements further negate this risk with other delivery partners.
15.	we do not bid. There is currently a separate board, as per the Arts Council funding agreement that has oversight of spend and governance. The future hub governance is yet to be determined and will need developing through consultation with strategic partners, but a governance board will need to be formed. Roles and responsibilities of the board are yet to be announced by Arts Council England but expected to be similar to current terms and conditions. (DMR 6). A framework will need to be looked at and included that manages any risks identified, whether they be operational or financial etc, such as for example use of Memorandum's of Understanding to clarify roles and responsibilities.
POLICY	FRAMEWORK IMPLICATIONS
16.	The proposal is consistent with SCC policies and strategies as well as the National Plan for Music Education from the Department of Education.
