BRIEF SUMMARY

Southampton City Council is working with partners and stakeholders to develop a new Children and Young People's Strategy for the City. This strategy will set out a high level vision for children and young people in the city, and establish the direction of travel for the key partners to 2020.

RECOMMENDATIONS:

- (i) The Health and Wellbeing Board provide feedback on the initial development of the Children and Young People's Strategy.
- (ii) The Health and Wellbeing Board identify key partners and contacts to engage and provide further input into the development and delivery of the strategy.

REASONS FOR REPORT RECOMMENDATIONS

1. The new Southampton Children and Young People's Strategy will include actions and measures relating to the health and wellbeing of children and young people in the city. The Health and Wellbeing Board is therefore recognised as a key partner in the development and delivery of the strategy.

ALTERNATIVE OPTIONS CONSIDERED AND REJECTED

2. None

DETAIL (Including consultation carried out)

3. Southampton has not published a high level vision for its children and young people since the Southampton Children and Young People's Plan 2009-2012. Southampton City Council recognises the value of having a clear and transparent vision for our children and young people that drives positive outcomes.

4. Council officers have worked with colleagues from the Clinical Commissioning Group, as well as other partners via the 0-19 Prevent and Early Intervention Board to develop initial recommendations with regards to the focus and priorities of the strategy. These recommendations have been based on the evidence included in the Joint Strategic Needs Assessment.
5. Members of the Health and Wellbeing Board will receive a presentation providing an overview of the initial proposals in the meeting 28th September 2016. Members will be asked to provide feedback on the proposed priorities, and identify activity to support the achievement of the outcomes.

RESOURCE IMPLICATIONS

Capital/Revenue
