The information is exempt from publication because it relates to the financial and business affairs of both the Council and specified third parties and is commercially sensitive. It is not in the public interest to disclose this financial information as it directly relates to the value of property interests in the site which may be adversely affected resulting in a barrier to the construction of a new school site or the disposal of those interests to enable the land assembly to be completed.

	positive development of the location, but development has not come forward since the lease was acquired in 2017, and the site has remained vacant.
12.	LocatED have made an offer to the city council to purchase the freehold (value identified in confidential appendix 1), with this value determined by Department of Education thresholds. The valuation of the site, as assessed by the property team is also set out in appendix 1
13.	The sale of the freehold to The Secretary of State for Housing, Communities and Local Government would be a disposal at an undervalue.
14.	The Local Government Act 1972: General Disposal Consent (England) 2003) permits local authorities to dispose of land at an undervalue if: (a) the purpose of doing so is to promote the economic, social and/or environmental well-being of their areas; and (b) the difference between the consideration obtained and the unrestricted value of the land does not exceed £2 million.
15.	Disposal to The Secretary of State for Housing, Communities and Local Government for educational purposes meets the requirements of the general consent order by promoting the social well being of the area and improving the educational facilities available to city residents.
LEGA	LIMPLICATIONS
<u>Statut</u>	ory power to undertake proposals in the report:
16.	The Council has the necessary statutory powers to dispose of land pursuant to section 123 of the Local Government Act 1972. The Council is required by Section 123 to dispose of land only for the best consideration reasonably obtainable. The Council's powers to dispose of the site at less than the best consideration reasonably obtainable have been set out in the previous section.
Other	Legal Implications:
17.	Disposal of the freehold of the site does not guarantee the construction of a school as additional conditions relating to securing planning permission and other regulatory consents will be required to be met.
RISK I	MANAGEMENT IMPLICATIONS
18.	There is currently no approved planning application for a school on the site, and this decision only provides the potential for this to happen from a property perspective. Some pre application discussion have taken place, indicating that some highway and transport challenges would need to be addressed.
19.	Southampton currently has a surplus of primary school places, that is envisaged to continue for the foreseeable future and there is a minimal risk surrounding schools may need to make redundancies. In mitigation, pupil numbers will rise in the longer term with the ambitious building plans set out a Council priority. The immediate area round the new School is set to have 5000 new homes, with an overall increase in the City of 27,000 homes by 2040.
POLIC	Y FRAMEWORK IMPLICATIONS
20.	There are no clear implications for the policy framework in terms of admissions or the governance of Schools.
