

Statements and additional information received for Planning on the 12th July 2022

Agenda item 9 : 21/00574FUL – Hillside Avenue

From: Chris Snart
Sent: 10 July 2022 12:12
Subject: Application- 21/00574FUL

Application: 21/00574FUL
Address: 126, Hillside Avenue, Southampton SO18 1JY
Meeting: 12/07/22 at 16:00

The above application is being discussed and considered at the meeting on 12th July 2022 and we are unable to attend but further to our objections sent to SCC Planning on 25/05/2022 we would like to reiterate the following:

This was originally a small close with two bungalows and a row of garages. Planning was then approved to change this to include two more small bungalows within the close, retaining it as a bungalow close and not impacting on neighbouring properties. A further two semi-detached houses were built fronting Hillside Avenue. More recently one of the original bungalows (No.124) was granted permission to change from a bungalow to a two storey house. This current application is to turn the other original bungalow (No.126) into a two storey house, but these plans are for a much larger building than No. 124. If the close is to retain any sort of symmetry the plans need to be amended and should, as No.124, follow the footprint of the original bungalow. This would still provide the applicant with a very large detached home within this small close with very limited vehicular access.
