

# Health Overview and Scrutiny Panel (HOSP)

Scrutiny Monitoring – 20 October 2022

Date	Title	Action proposed	Action Taken	Progress Status
01/07/22	Adult Social Care - Performance & Transformation Road Map	1) Whilst recognising the importance of personal choice, that intelligent use is made of resources and technology to ensure that social care is provided efficiently, unnecessary travel is limited, and continuity of care improves.	Contracts with providers ensure that travel times and payment for travel is built into the provision requested. It is in the providers own interest, in terms of their business model, to ensure efficiency in terms of booking care by area and time wherever possible. The contracts also require contingency from providers to ensure continuity of care in response to emergencies wherever possible.	Ongoing
		2) That Adult Social Care performance is considered by the Panel on a regular basis and that the performance data is supported by appropriate context to enable effective comparisons to be made.	Performance data has been refined and improved. The performance team has agreed to provide the panel with performance data for SCC on a quarterly basis, as requested, but comparative data is only published on an annual basis.	In progress
		3) That, as soon as possible, the Chief Officer Employment Panel appoints a permanent Executive Director for Wellbeing (DASS) that is willing to commit to the city.	The recruitment process has started, and the final interview round will conclude this on 20 <sup>th</sup> September.	In progress
01/09/22	Review of Community & Mental Health Services	1) That the timetable outlining the key milestones for the review of community and mental health services is circulated to the Panel to enable the identification of appropriate meetings at which the HOSP can be updated on developments.	An update will be provided in advance of the 20 October HOSP meeting.
