	(the Register is publicly accessible and viewable online) and a few complaints have been received. All issues / complaints have been resolved by the Monitoring Officer, investigated as appropriate and/or rejected and advice given to the complainant at Stage 1 of the complaints procedure, meaning that there have been no determinations or findings of a failure to comply with the relevant Code of Conduct by the Committee.		
8.	The Monitoring Officer received 2 written complaints about Councillors in 2022/23 which required preliminary investigation.		
9.	All complaints, formal and informal, are taken seriously and investigated proportionately as appropriate. In order to be considered under the formal complaints process, complaints must be submitted in writing, must provide substantiated information and should outline what form of resolution the complainant is seeking. When a complaint does not meet these criteria and does not reveal a potential breach of the Members' Code of Conduct, it is treated as a "general enquiry". This means that the Monitoring Officer responds to the complainant in writing explaining why the matters complained of do not constitute a potential breach of the Members' Code of Conduct. Very occasionally, due to capacity, conflict or other reasons that the Monitoring Officer deems appropriate, independent external assistance may be sought to assist in determining complaints, however this is rare.		
10.	When a complaint is submitted which provides the relevant information, the Monitoring Officer will consider and decide as to whether it will be treated as a valid complaint or not. Where it is considered valid, the Monitoring Officer may deal with the matter under delegated powers unless, after consultation with the Designated Independent Person, it is considered that the breach is potentially serious enough to merit putting before the Standards Sub Committee for determination. None met that threshold. All complaints received were determined at an early stage and the complainant advised of the reasons. Members against whom a complaint is made are generally not advised at this preliminary stage.		
Applica	tions for Dispensation		
11.	If a member wishes to apply for a dispensation to allow them to take part in a meeting with a disclosable pecuniary interest, they must submit a written application to the Monitoring Officer. Applications are then decided by him or by the Governance Committee.		
12.	The Localism Act 2011 substantially changed the rules on interests. Regretfully, it was incomplete to order to permit members to carry out their full duties in relation to being able to vote on the budget. Annually before Full Council, all members are granted a blanket dispensation by the Monitoring Officer to allow them to take part in the decision to approve the Council's budget and set the Council Tax bands. No other dispensations have been applied for.		
Supporting Members of the Council			
13.	Training has previously been provided to newly elected members and as a refresher to others, and as required for new Cabinet Members and those members who sit on regulatory bodies such as Licensing Committee and the Planning & Rights of Way Panel. Importantly, the adopted Member Learning & Development Strategy has been implemented and member training via external partners, such as the LGA, CfGS and SEE, has gradually increased.

It is essential that all councillors are equipped with the skills and knowledge required to enable them to fulfil their various roles effectively and the programme will offer a range of learning and development opportunities utilising external training events, online resources and support via the LGA and other third party providers. The programme will continue to offer a mix of in-house training, external mentoring and development opportunities via officer led training, e-learning packages and briefings.			
	Group Leaders have committed to increasing member development at all levels of office to better support members in discharging their roles. The budget is however severely limited. The planned induction and training programme has been implemented and ongoing development is currently being discussed. Attendance at the members induction and refresher programme post the May elections was however generally poorly attended. However, all core training to ensure the lawful discharge of licensing and planning meetings was delivered. As a result discussions have taken place with Group Leaders to redesign the programme including the times of the sessions to try and accommodate members wishes and ensure better access and take up.
